Park and Recreation Products Containing Recovered Materials

PARK AND RECREATION PRODUCTS

This list of manufacturers and suppliers of items containing recovered materials has been prepared to facilitate implementation of the U.S. Environmental Protection Agency's (EPA) Comprehensive Procurement Guideline (CPG) and to assist customers interested in the purchase and use of products containing recovered materials. Manufacturers can provide the names and locations of regional or local suppliers.

Each listing is based on information provided by the manufacturer. Product information has not been verified, and no guarantee, expressed or implied, is made as to the accuracy or completeness of the information provided. Inclusion in this listing does not represent an endorsement by EPA.

For information on, or copies of, the CPG, contact EPA's RCRA Hotline at 800 424-9346 or access EPA's Reduce, Reuse, Recycle...Through Procurement Website at **www.epa.gov/epaoswer/non-hw/**.

Makes a plastic fencing from 100 percent postconsumer HDPE, from curbside collection programs. Thin strips of plastic are extruded and laid together to form a diagonal, 1-inch diamond pattern. The fencing is sold in 50-foot or 100-foot rolls. Also used as a safety fence, the product is available in safety orange or in other custom colors, if the order placed is large enough to warrant a separate manufacturing run.
