DISCLAIMER

This document was prepared by Alliance Technologies Corporation for the Stationary Source Compliance Division of the U.S. Environmental Protection Agency. It has been completed in accordance with EPA Contract No. 68-02-4465, Work Assignment No. 92-219. This document is intended for information purposes **ONLY**, and may not in any way be interpreted to alter or replace the coverage or requirements of the asbestos National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61, Subpart M.

Errata Sheet (June 2011)
National List Of Asbestos Landfills
EPA 400 R-92-008; March 1992

This errata sheet identifies two facilities listed in U S EPA 400 R-92-008 (March 1992), *National List of Asbestos Landfills*

Two non-hazardous Class 2 waste landfills owned by Robroy Industries are listed in this publication, on pages VI-53 and VI-54. According to information obtained from the Texas Commission on Environmental Quality (TCEQ), these landfills received plant trash only. The landfills were active as of August 1, 1976 and became inactive on February 1, 1986.

The specific facilities are listed below

National List of Asbestos Landfills

New recordkeeping and reporting requirements for the disposal of asbestos-containing waste materials were added to the Asbestos NESHAP when it was revised November 20, 1990. These requirements were added to obtain more information about the relationship between removal/renovation and disposal of asbestos containing waste.

The following national list of landfills which accept asbestos-containing waste material has been created to assist EPA and other agencies in their regional and cross-jurisdictional enforcement efforts regarding the waste disposal provisions of the asbestos NESHAP.
