HOW TO USE THIS CATALOG

General Information

Many publications in this catalog are distributed free of charge by the EPA's Office of Ground Water and Drinking Water (OGWDW). The Office of Ground Water and Drinking Water distributes documents through the National Service Center for Environmental Publications (NSCEP) or the EPA Office of Water Resource Center (WRC). The NSCEP and the WRC distribute up to ten free copies of each publication to each customer until supplies are depleted.

When OGWDW's supply of a publication is depleted, requestors are referred to either the National Technical Information Service (NTIS) or the Educational Resource Information Center (ERIC). These clearinghouses provide copies of OGWDW publications for a fee.

Catalog Organization

This catalog divides the documents into seven sections:

- 1) Fact Sheets, Brochures and Pamphlets
- 2) Technical Assistance Documents
- 3) Environmental Education
- 4) Wellhead Protection
- 5) Underground Injection
- 6) Scientific/Fact Finding Reports
- 7) Legislation and Federal Register Notices.

The Office of Ground Water and Drinking Water has assigned most documents a unique EPA number to assist in tracking the document. Documents are listed in order by EPA number within each section. Documents without EPA numbers appear at the end of each section.

ORDERING DOCUMENTS FROM NSCEP

You may order EPA documents from NSCEP the following ways:

- 1) Call NSCEP at (800) 490-9198 and order documents by EPA number,
