General Information

Here Lies The Problem...Leaking Underground:
Discusses the problem of leaking underground storage tanks
brochure for the general public

LUSTLine Bulletin

Quarterly periodical reports on federal and state efforts
controlling leaking USTs nationwide

The UST Poster

Attractive 4-color poster on the danger of leaking USTs
signs of a leak, and notifying state environmental officials

Regulations

**Hazardous Waste: Interim Prohibition Against
Unprotected Underground Storage Tanks:
Interpretive Rule 40 CFR Part 280**
(Federal Register Part IV 6/4/86)

**Notification Requirements For Owners Of Underground
Storage Tanks: Final Rule 40 CFR Part 280**
(Federal Register Part VI 11/8/85)

Subtitle I. Hazardous And Solid Waste Amendments

**Underground Storage Tanks: Technical Requirements
State Program Approval: Final Rule 40 CFR Part 280**
(Federal Register Part II 9/23/88)

**Underground Storage Tanks Containing Petroleum
Responsibility Requirements And State Program Approval
Objective; Final Rule 40 CFR Parts 280 & 281**
(Federal Register Part II 10/26/88), **Underground Storage Tanks
Petroleum; Financial Responsibility Requirements**
Interim Final Rule 40 CFR Part 280 (Federal Register
Part VIII 11/9/89, 5/2/90)

**Underground Storage Tanks Containing Petroleum
Requirements: Final Rule 40 CFR Part 280**
(Federal Register Part II 2/18/93)

Dollars And Sense

Plain-English summary of UST owners' and operators'
responsibilities under federal UST regulations.

Musts For USTs: A Summary Of The Regulatory Tank Systems

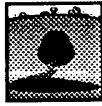

Plain-English summary of UST technical regulator
operators. Available from:

TITLE/COST

Doing It Right

Illustrates proper installation of underground tanks and pipe installation crews.

Part 1: Tanks (24 minutes)

Part 2: Piping (16 minutes)

Cos

Doing It Right II: Installing Required UST Equipment
Illustrates installation of spill and overfill equipment, observation and piping leak detection (23 minutes).

Cos

Doing It Right and Doing It Right II Set Cos

Keeping It Clean: Making Safe And Spill-Free Motor Fuel
Making pollution-free deliveries to USTs. Includes Stage recovery, overfill prevention, and spill containment. For fuel and UST owner/operators (25 minutes).

Cos

Petroleum Leaks Underground

How liquids and vapors move in the subsurface and why to leaked petroleum is so important.

Part 1: How Liquids Move (14 minutes)

Part 2: How Vapors Move (15 minutes)

Cos

Straight Talk On Leak Detection

Overview of the leak detection methods available for current federal regulations. For UST owners and operators.

Part 1: Straight Talk from Tank Owners (Owners address UST compliance [5 minutes].)

Part 2: Straight Talk on Leak Detection (30 minutes)

Cos

Searching For The Honest Tank: A Guide To UST Facility Compliance Inspection

Covers major steps of UST inspections from protocols and enforcement and followup; from cathodic protection to leak detection. Directed at inspectors, yet also helpful to owners and operators (30 minutes).

Video and Booklet Cos

Booklet Cos

Tank Closure Without Tears: An Inspector's Safety Guide
Focuses on explosive vapors and safe tank removal (30 minutes)

Video and Booklet Cos

Booklet Cos

What Do We Have Here? An Inspector's Guide to Site Assessment at Tank Closure

Inspecting sites for contamination where tanks have been removed

Part 1: Site Assessment Overview (30 minutes)

Part 2: Field Testing Instruments at a Glance (14 minutes)

Part 3: Soil and Water Sampling at a Glance (7 minutes)
