

ICR Update Index

Issue/Date	Graphic Caption	Topic Heading
Vol. 1, Issue 1 January 1997	Introducing... 	New Start Date Announced Approved TOC Labs Number over 125 Just in Time for the Holidays Water Quality Parameters Require Approved Labs New ICR Video to be Released for the Holidays Initial Sampling Plans Roll In Speaking of Sampling ICR Micro Sampling Apparatus Treatment Study Applicability Monitoring Demonstrating Effective Precursor Removal: Data Validation New Phone Numbers for Regional ICR Contacts PWSs Take Advantage of Virus "Outs" Calibration Standards
Issue No. 2 April 1997	We're Moving As Fast... 	Chem Lab Approval Continued First Virus Laboratories Approved More Coliform Labs Approved Bad Example If You've Got the Time... Atypical Protozoan Fluorescence Protozoan Filter Housings Joint Study or "Buyout" Reminder Reporting ICR Treatment Studies Results One Down - 404 To Go
Issue No. 3 June 1997	Lighting the Way... 	Chem Lab Approval Nearing Completion More Virus Laboratories Approved Protozoa Laboratory Approval Deadline for Coliform Lab Approval Imminent Antibody Kits Ongoing Lab Approval Status Ongoing PE Studies Calibration Mixes on Their Way Protozoan Analysis Reagent Still Available Four Digit ICR Numbers? More Dry Runs Initial Sampling Plans Approved Monthly Sampling Plans Reader Tip Filter Clogged, Bunky? Treatment Study Approval Beat the Last Minute Rush SDS Tests for TS Clarification on Booster Chlorination Stations ICR Requirement Waived? "FREE" ICR Products ICR on the Internet Sampling Begins Next Month Good Luck

<p>Issue No. 4 August 1997</p>	<p>One Down, 17...</p> 	<p>No More Dry Runs Message from EPA Sampling Coordinator Lab Approval Nearly Complete Virus and Protozoa Lab Approval Complete Coliform Lab Approval Ongoing Chem Lab Approval Status Ongoing PE Studies PE Study 5 Chlorine Demand Test Errata-Tat-TOX Method 551.1 Buffer Calls Protozoan Method Clarification Correction to Protozoan Sampling Requirements Foiled by Decimal Place Virus Archiving Micro Data Entry Screens Coliform Data Reporting Initial Sampling Plans Approved Reporting TOC Monitoring Results Save a Stamp Still Time to Apply Measuring TDS Tracer Study Filter Run Time Question of the Month ICR, TSC, WQTC - Alphabet Soup? “Tales from the Trenches”</p>
<p>Issue No. 5 September 1997</p>	<p>Special Edition</p> <p>ICR Reporting...</p> 	<p>Monitoring Continues, Reporting Begins Revised MRLs Version Confusion Trickle Down Check Digititis Software “Glitch” Lab QC Data Disk Due Dates Virus QC and Sample Data Protozoa QC samples UPS Strike Disrupts ICR Coliform Data Entry Tips Not All SDS Are Created Equal QA Code Words Surf’s Up!</p>
<p>Issue No. 6 October 1997</p>	<p>Ja, das ist das...</p> 	<p>First Quarter ICR Monitoring Complete Moron Codes Dilution of fortified samples Whoops! We fortified the wrong sample Correction Lab digititis? Call Off Your Dog We’re Still Here Data Reports from EPA - Special Analyses WQTC Does ICR Treatment Study Errata Last Call Ample Ampules Required PE Study QA Code Correction ICR Sampling Team OW Home Page</p>

<p>Issue No. 7 November 1997</p>	<p>Wait a Minute...</p> 	<p>Full Steam Ahead The Pony Express Lives Well, how did they do? How they "gonna" do? Treatment Study Applications Treatment Study Influent Preparing a Study Plan Treatment Study Fact Sheet: SDS Test Reports, Reports, Reports ICR Supplemental Surveys & ICR Lab Spiking WEB News</p>
<p>Issue No. 8 January 1998</p>	<p>I Didn't Feel This Old...</p> 	<p>Correction/Acknowledgment ICRFED Delayed Speaking of Monthly Reports... B.2 Bug So what are we going to do...with all this ICR data? ICR Chemistry Laboratory Approval Required Chemistry PE Study How about a peek? Chem Lab Audits Important! Read this! Conducting a RSSCT Treatment Study? All I Want for Christmas is a four-bit Gasket! Virus Sampling Flow Rate Clarification Important Update... Next Month's <u>ICR Update</u></p>
<p>Issue No. 9 February 1998</p>	<p>I Cannot Tell a Lie...</p> 	<p>So what's going on in TSC's Lab? ICR Data Analysis Ask and Ye Shall Receive Any changes in address or contact person? TOX preservation TOC MRLs Treatment Study Status T. S. Technical Assistance Characterizing Breakthrough ICR Diskette Inventory Diskette Upload Schedule</p>
<p>Issue No. 10 March 1998</p>	<p>Forget the ICR...</p> 	<p>Chemistry PE Study Results Where's my data? Calibration Solutions Do we know how you reported your coliform data? Not designed for a LAN EPA "Special" Sampling Participants have been selected!</p>

Issue No. 11
May 1998

Ah, at last, the...

A Tip of the Old Hat
Chemistry PE Study Results
Data Upload Begins!
VU CAUTION
What do our protozoa and virus data mean?
And They're Off!
Treatment Studies/SDS Testing
ICR Data Analysis

Issue No. 12
July 1998

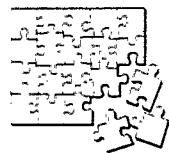

Gee, 1 Year Already...

Even EPA Makes Mistakes Once in Awhile
"Insufficient Duplicate or Fortified Samples"
552.1 - ICR monitoring vs. T S requirements
Status Report - Data Validation
Chemistry PE Studies Continue
Microbial Laboratory Approval Status
We Want Your SDS Conditions
Check it Once, Check it Twice...
Spiking Program and Supplemental Surveys
And Now a Word from...

Issue No. 13
August 1998

The Pieces are Starting...

Deadline Extended
Utility "Help" Package on the Way
Monthly Operational Data
ICR Data Analysis Update
AMWA Offers ICR Data Release Handbook
Reporting ICR Treatment Study Results
Nothing to Report?
Reporting Flow and Population Data
Spiking Program and Supplemental Surveys

Issue No. 14
October 1998

The Top is in Sight...
