OFFICE OF WASTEWATER MANAGEMENT

The U.S. Environmental Protection Agency's (EPA) Office of Wastewater Management (OWM) oversees a range of programs contributing to the well-being of our nation's waters and watersheds. Through its programs and initiatives, OWM promotes compliance with the requirements of the Federal Water Pollution Control Act, commonly referred to as the Clean Water Act. Activities include:

- Direction of the National Pollutant Discharge Elimination System (NPDES) Permit Program, including storm water management, and control of combined sewer and sanitary sewer overflows.
- Oversight of a pretreatment program, emphasizing control and prevention of water pollution from industrial facilities.
- Management of the sludge (biosolids) permitting program, including promotion of the beneficial use of biosolids.
- Administration of the State Revolving Fund (SRF) and the Clean Water Act Section 106 and 104(b)(3) grant programs for environmental infrastructure investment.
- Completion and closeout of the wastewater Construction Grants Program.
- Provision of technical advice and training to industries and municipalities, in an effort to improve compliance with wastewater regulatory requirements.
- Support of the North American Free Trade Agreement (NAFTA) environmental infrastructure program in the U.S.-Mexico border area.

USING THE CATALOG

Many publications in this catalog are distributed free of charge by the EPA's Office of Wastewater Management (OWM). The Office of Wastewater Management distributes documents through the EPA Office of Water Resource Center (WRC). The WRC distributes one free copy of each publication to each customer until supplies are depleted. **Items new to the catalog in this revised edition have been bolded and shaded in grey for easy identification.**

Many of the publications in this catalog are distributed compliments of the U.S. Environmental Protection Agency's Office of Wastewater Management (OWM). These publications are distributed free of charge until supplies are depleted. Requestors are then referred to the National Technical Information Service (NTIS) or the Educational Resources Information Center (ERIC). These clearinghouses provide reproductions of OWM publications for a fee. EPA, NTIS, and ERIC all assign their own unique identifying number to each document they distribute. These numbers are given in each document listing (if available) and customers should site the appropriate number when ordering.

Ordering Publications from EPA

You may request copies of publications listed in this catalog by contacting EPA's National Service Center for Environmental Publications and using the EPA# given in the catalog entry as an order number.

ORDERING DOCUMENTS FROM NTIS

Extensive ordering information is provided on the NTIS order form on the following page. Orders should be placed using the NTIS# given in the catalog entry as the order number. Additionally, NTIS provides customized services to clients with special needs. Please inquire if you have any questions. You may order publications and search the NTIS publications catalog at its Internet Address: <<http://www.ntis.gov>>

ORDERING DOCUMENTS FROM ERIC

Ordering Information is provided on the ERIC order form. Orders should be placed using the ERIC# given in the catalog entry as the order number. Additionally, you may order publications and search the ERIC publications catalog at its Internet Address: <<http://www.ericse.org/index.html>>

ORDERING FEDERAL REGISTERS FROM THE GOVERNMENT PRINTING OFFICE (GPO)

To access the Federal Registers on the World Wide Web at <http://www.access.gpo.gov/nara>

Federal Registers can be purchased from the Government Printing Office either by subscriptions, single and back copies. The public can order subscriptions either in paper or microfiche by calling (202) 512-1800. Federal Agencies can order subscriptions either in paper or microfiche by calling (202) 523-5243.
