

Region 3 GPRA Baseline RCRA Corrective Action Facility

Sunoco Schuylkill River Tank Farm

70TH and Essington Avenue
Philadelphia, PA 19101
Congressional District 2
EPA ID #: PAD980555312
Last Update: 12/20/2005

Current Progress at the Site

The Facility is one of EPA's Region III high priority RCRA corrective action sites. In August 2003, EPA made an Environmental Indicators determination that no further corrective action is necessary at this time.

In 2003, Sunoco replaced the 1993 PADEP Point Breeze Processing Area Consent Order and Agreement (CO&A) to include the Schuylkill River Tank Farm.

Site Description

The Facility (about 211 acres) is a product storage and transshipment tank farm handling finished distillate, LPG products, and gasolines, containing a lead compound additive facility, pumps for discharge of finished products to pipeline systems, butane and intermediate storage for refinery, and LPG tank truck loading facilities. The Facility is an integral part of the refinery, being connected by pipelines under Schuylkill River.

Site Responsibility

RCRA Corrective Action at the Sunoco Schuylkill River Tank Farm are being conducted under a joint effort by EPA and PADEP.

Institutional Controls

There are no institutional control at this time.
