AUNTIE POLLUTION AND THE ENVIRONMENT

KIDS, AUNTIE POLLUTION IS A VERY KIND LITTLE LADY. SHE SPENDS MUCH OF HER TIME TRAVELING AROUND THIS WONDERFUL COUNTRY OF OURS TELLING THE PEOPLE OF THE MANY POLLUTION PROBLEMS THAT ARE FACING US TODAY. EACH TIME AUNTIE POLLUTION SEES SOMETHING THAT IS BAD FOR OUR WATER, AIR OR LAND, SHE MAKES A NOTE OF IT. WHEN SHE RETURNS HOME FROM ONE OF HER TRIPS, SHE SITS DOWN AND DRAWS A PICTURE OF THE POLLUTION PROBLEMS SHE HAS SEEN.

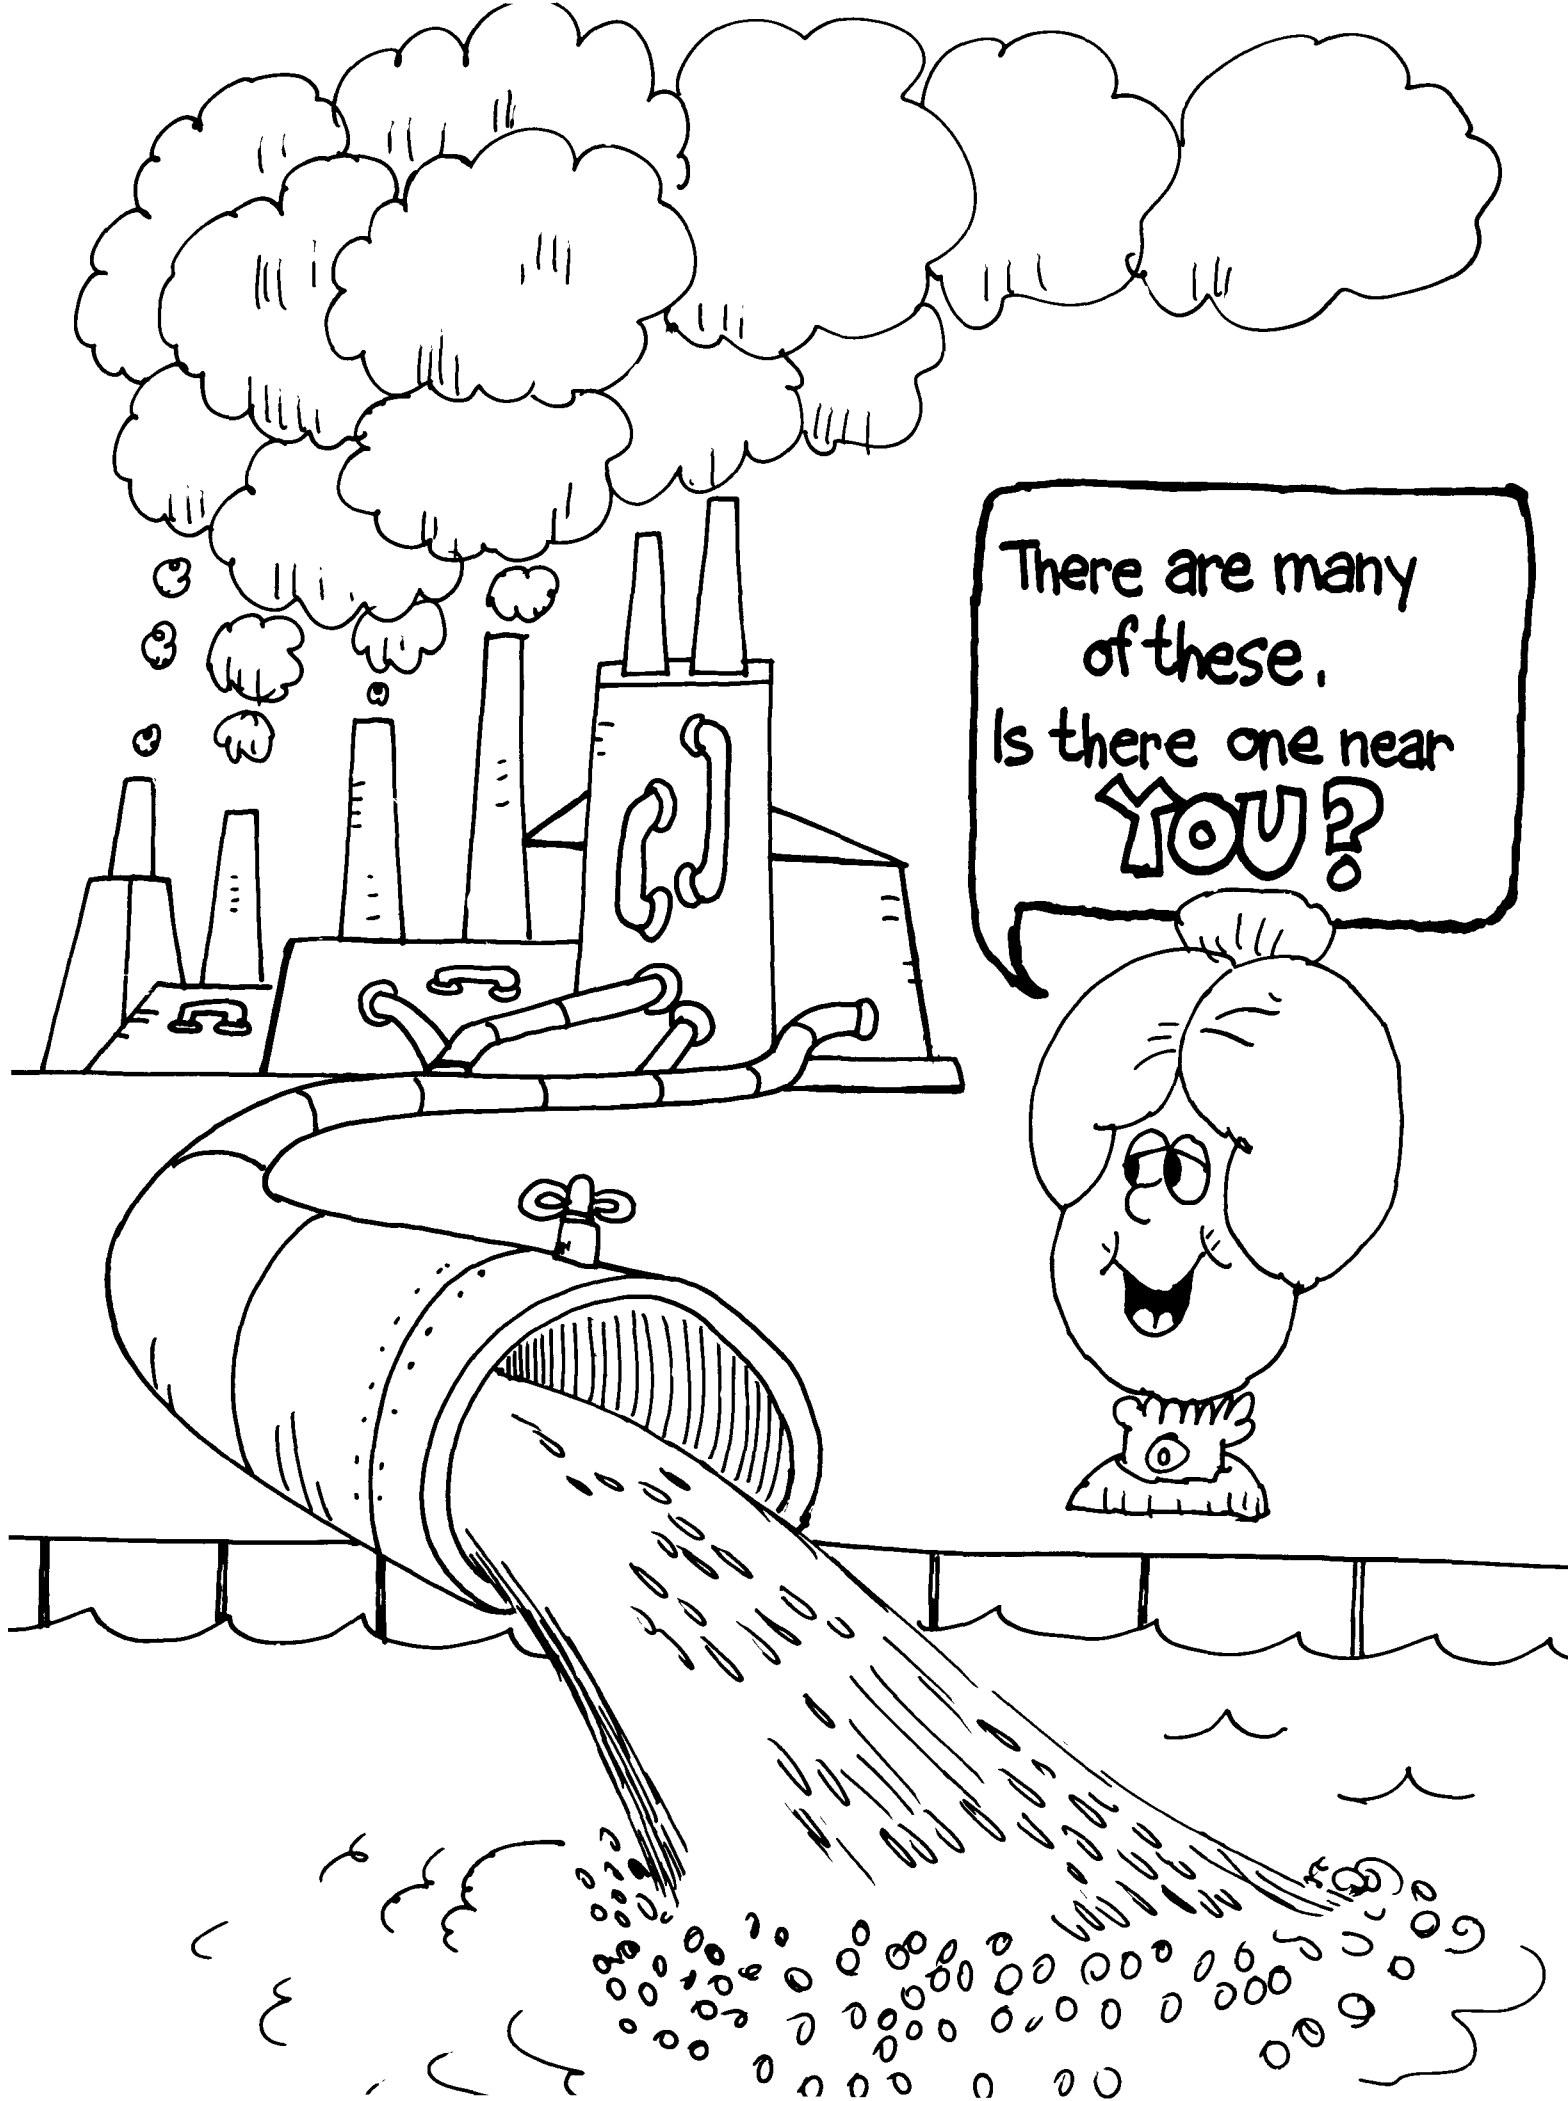

IN THIS BOOK YOU WILL FIND EXAMPLES OF THE THINGS THAT ARE CAUSING THE POLLUTION OF OUR AIR, WATER AND LAND — WHICH MAKE UP OUR ENVIRONMENT. AUNTIE POLLUTION SAYS “COLOR ALONG WITH ME AND YOU TOO WILL SEE SOME OF THE THINGS THAT ARE CAUSING MANY OF OUR PROBLEMS.” SOME OF THE PAGES IN THIS BOOK ARE BLANK. YOU CAN DRAW YOUR OWN PICTURES THERE SHOWING WHAT YOU HAVE FOUND.

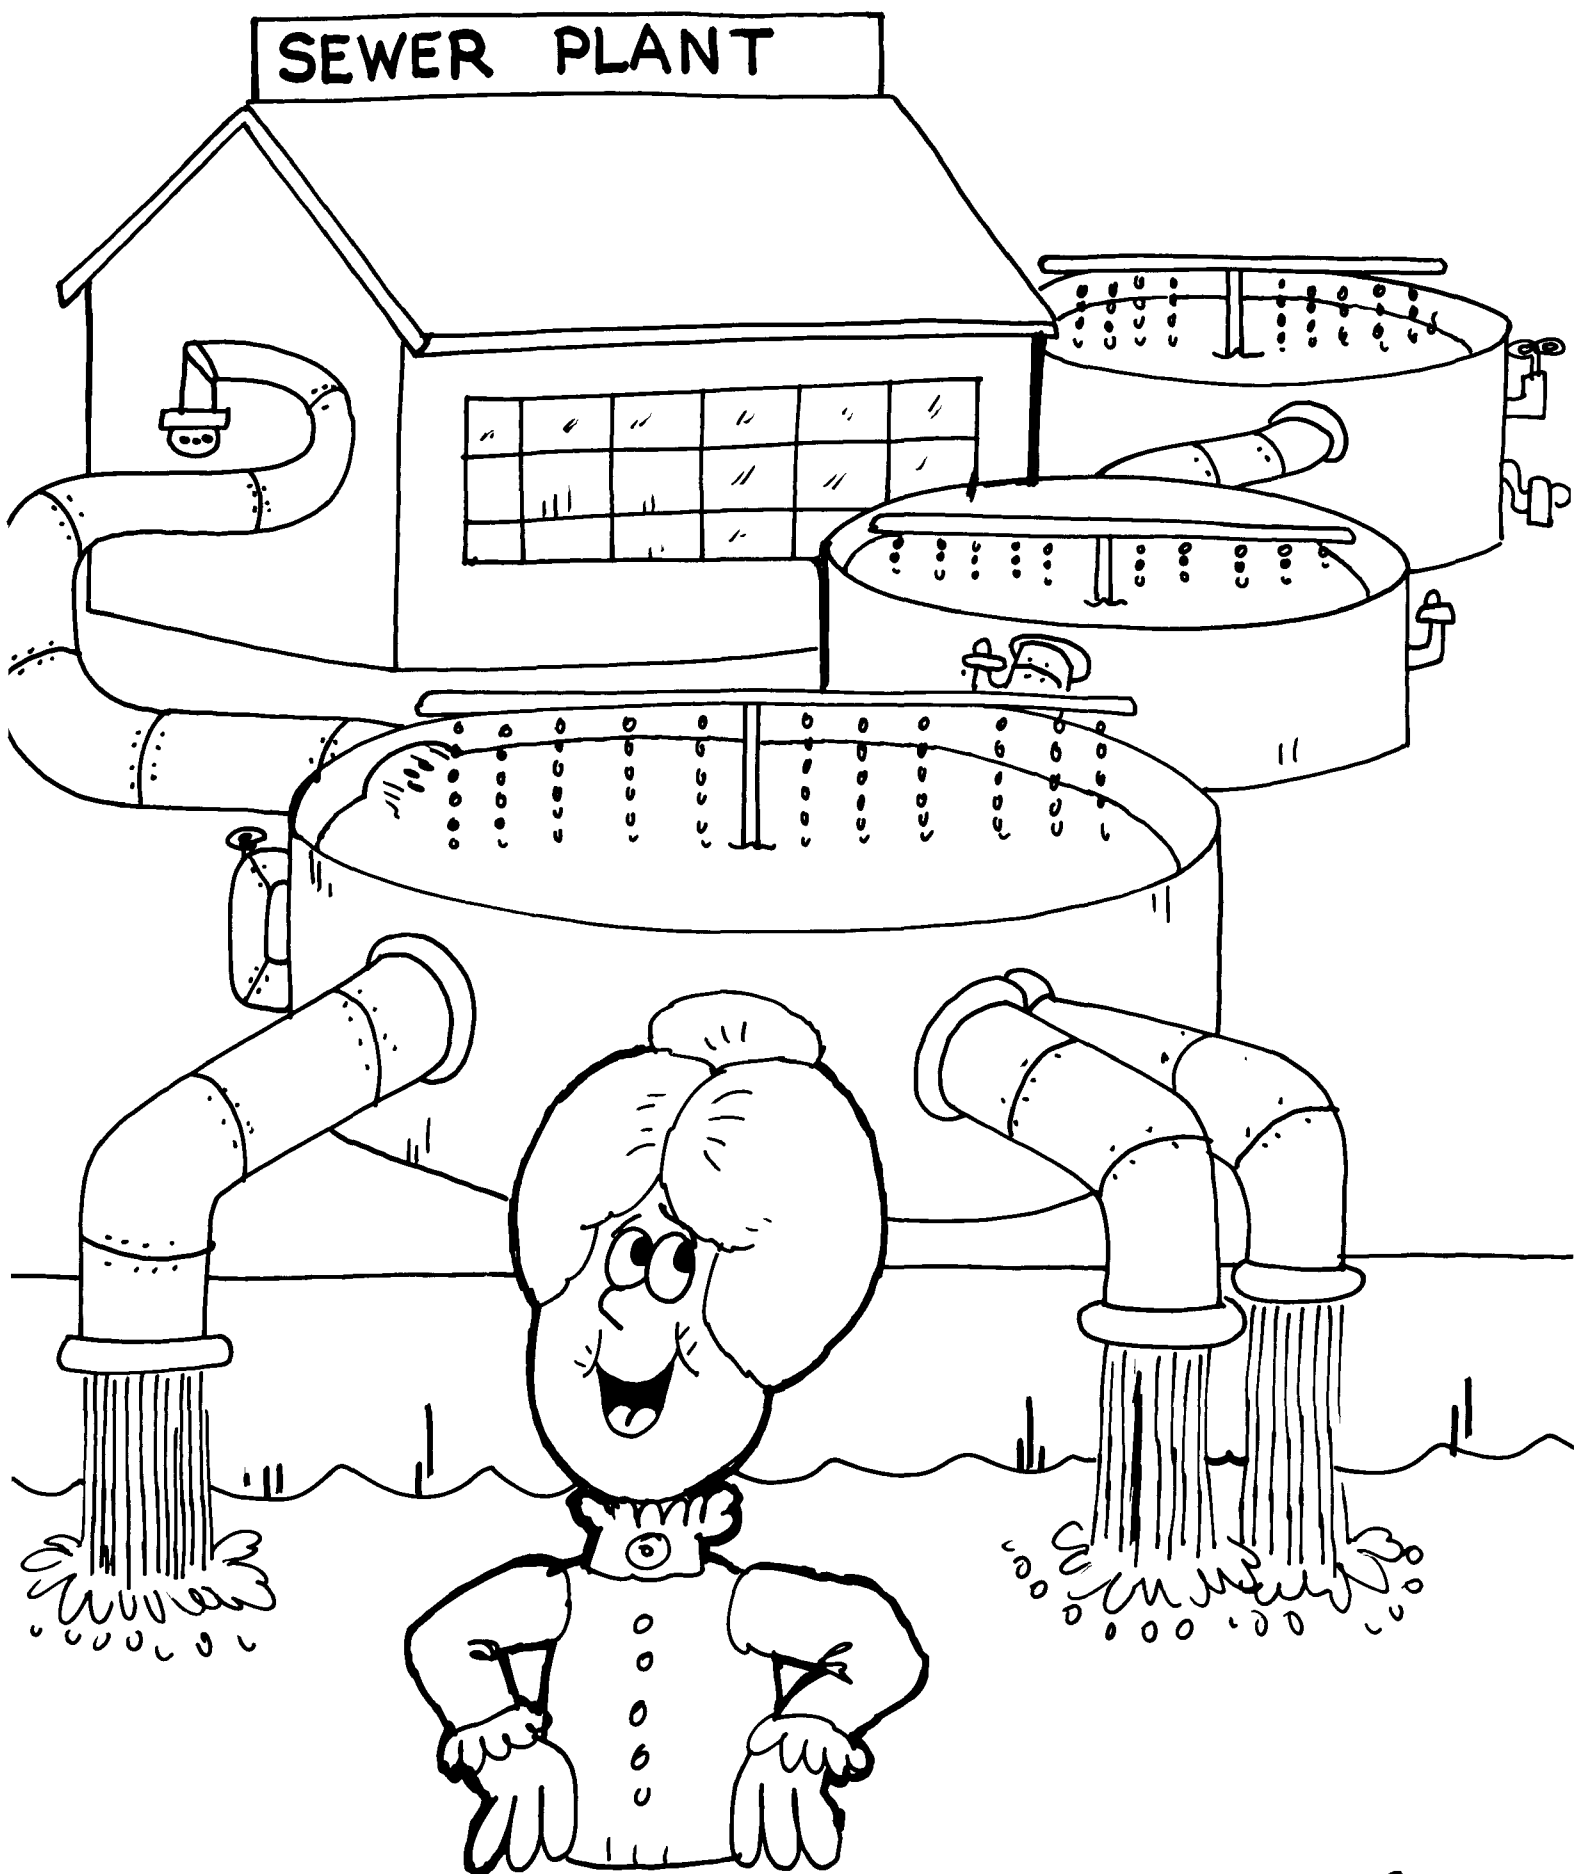

WATER POLLUTION can cause sickness,
and in some cases even death, to fish, water fowl,
and even people.

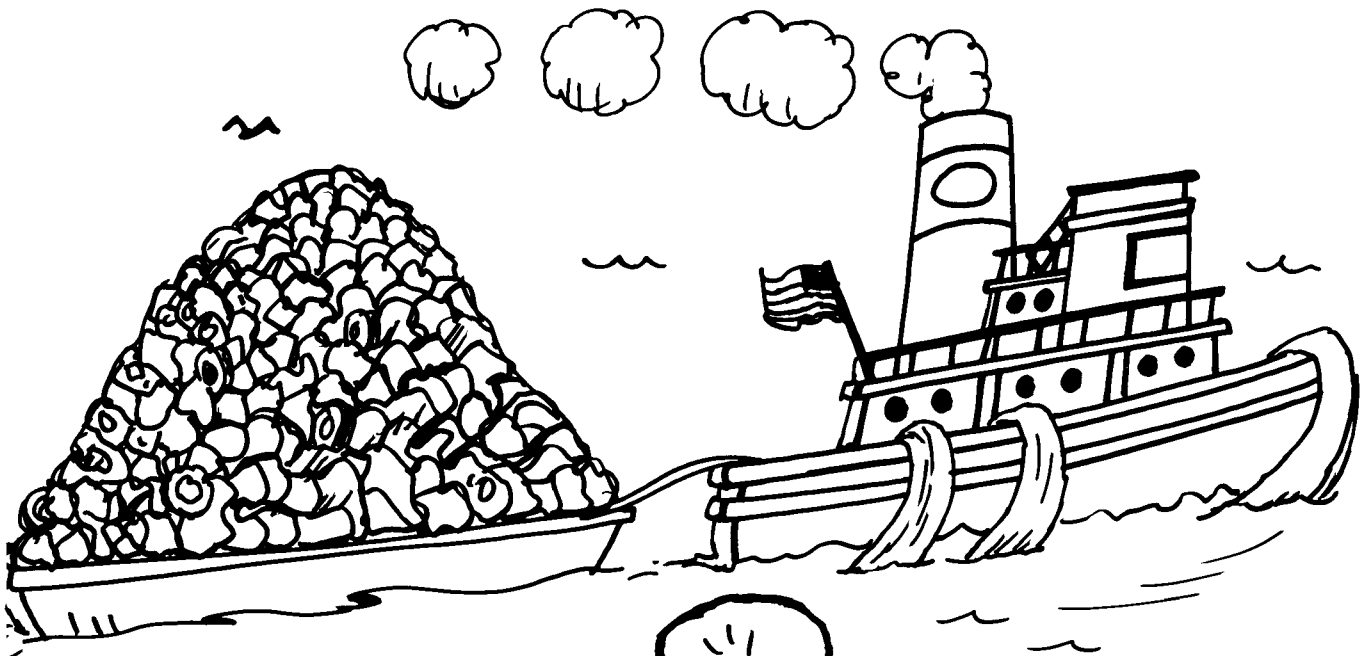

Just think how many
times this is done
each day.

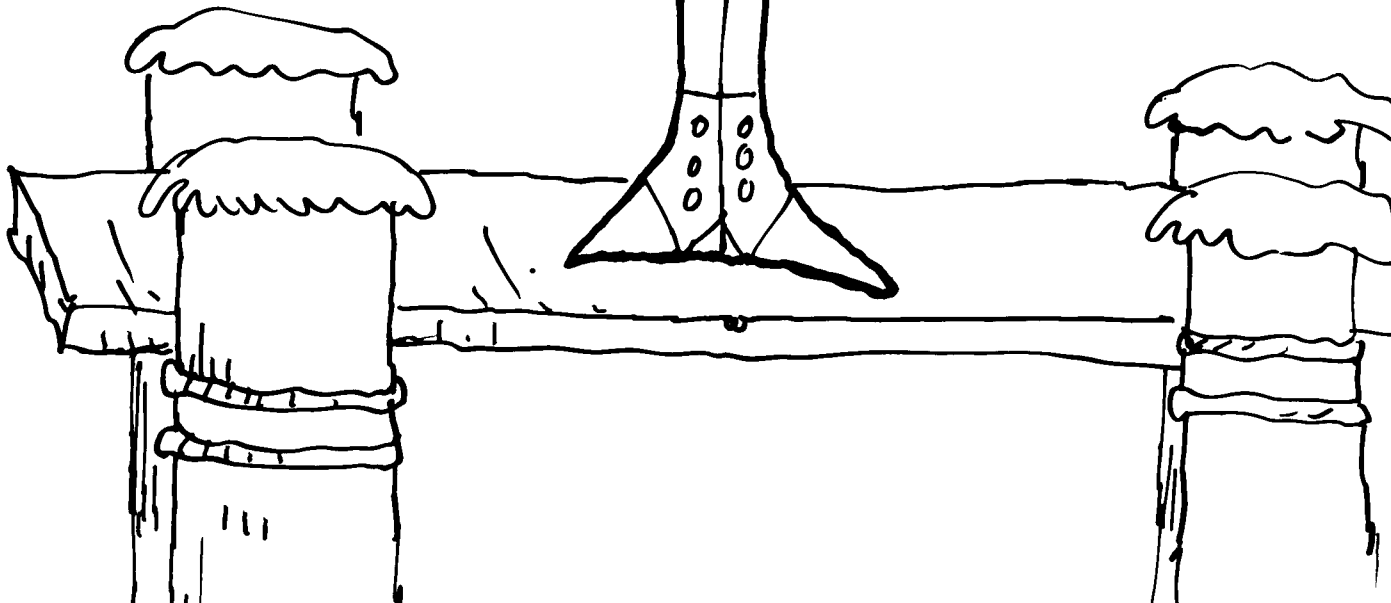

There are many
of these.
Is there one near
YOU?

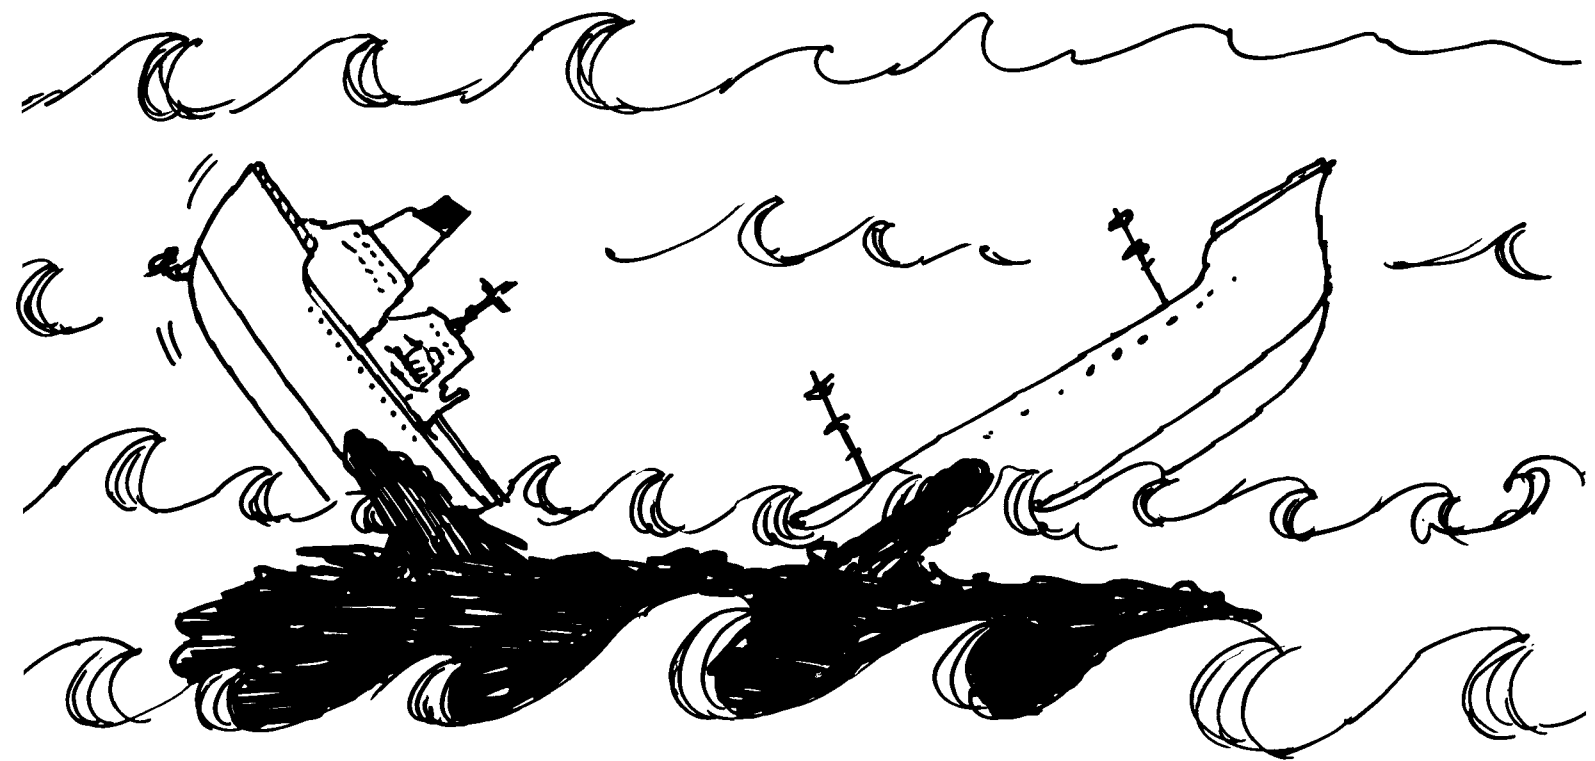

Is the sewer plant in your city adequate?

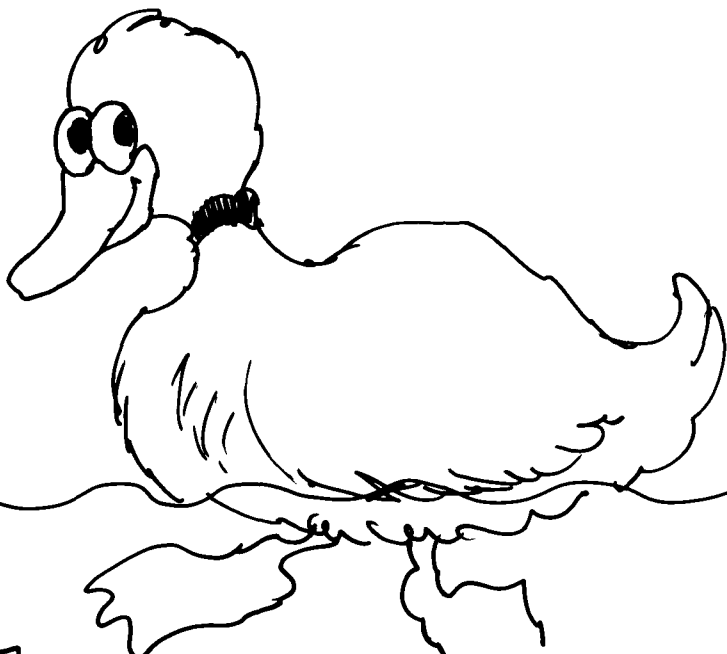

Where do
you
suppose
this
will end up?

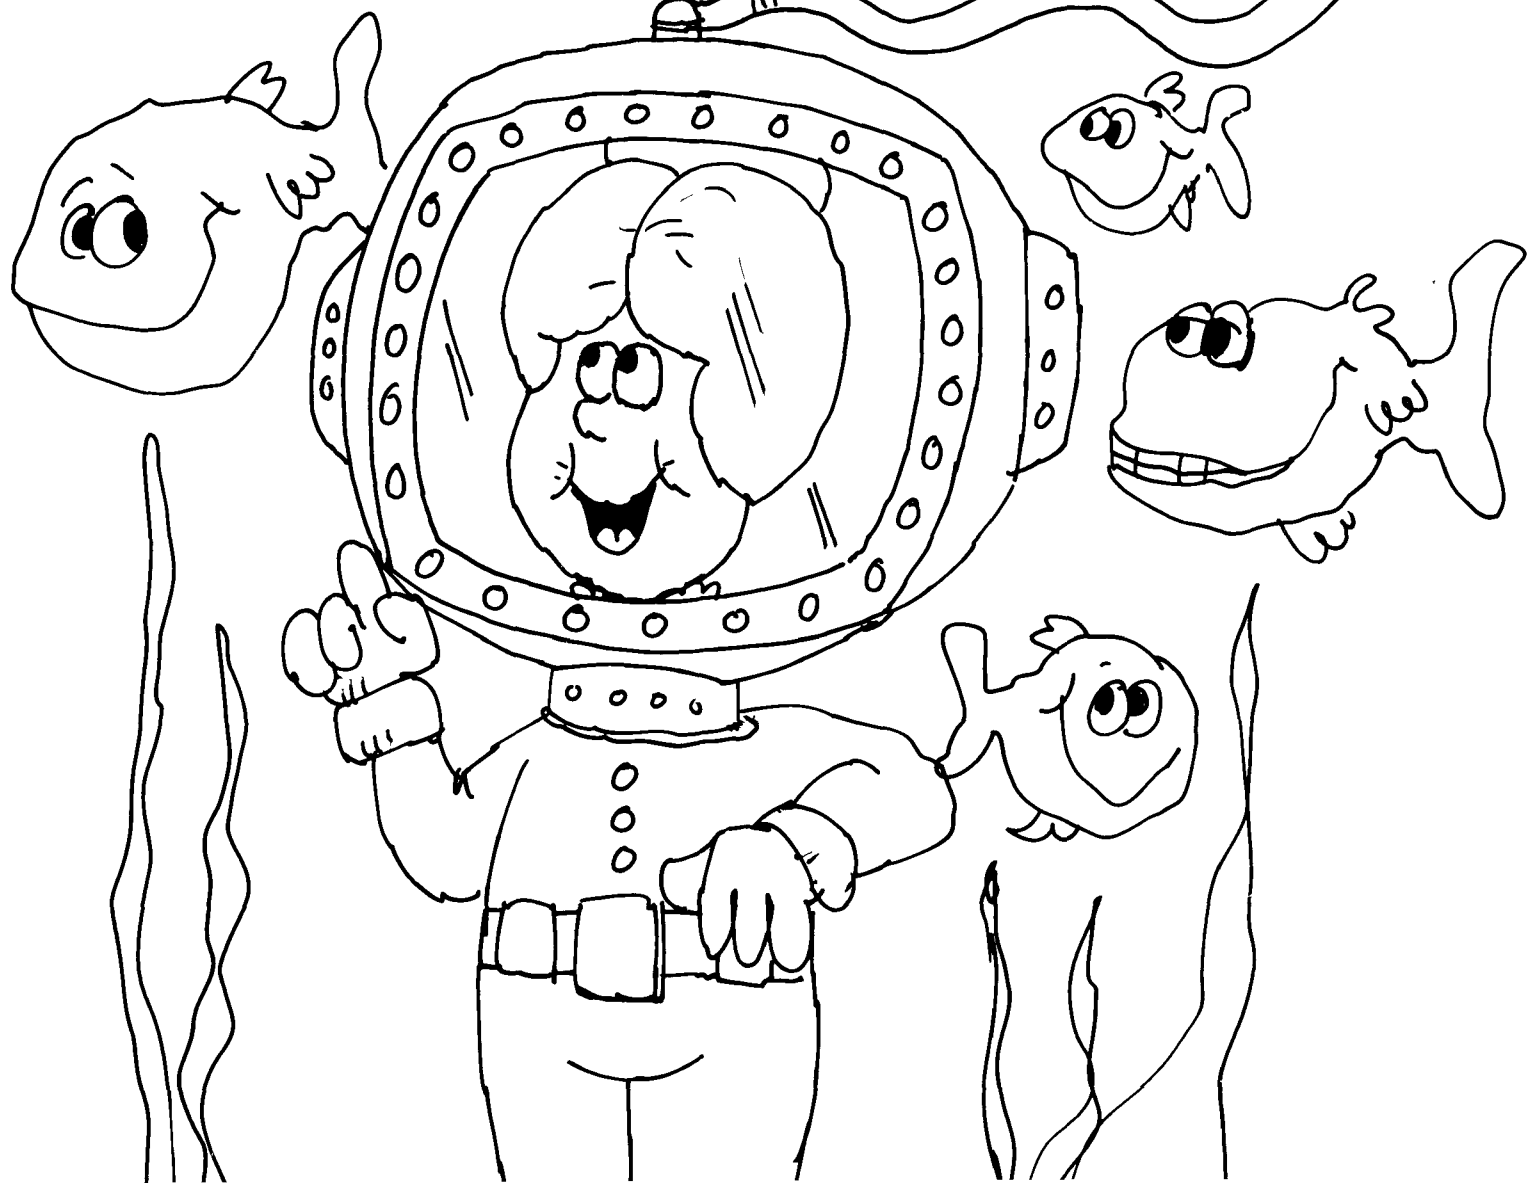

Sometimes pollution
happens when oil
tankers break
up at sea..

EVEN OUR FISH AND WATER
FOWL ENJOY CLEAN WATER

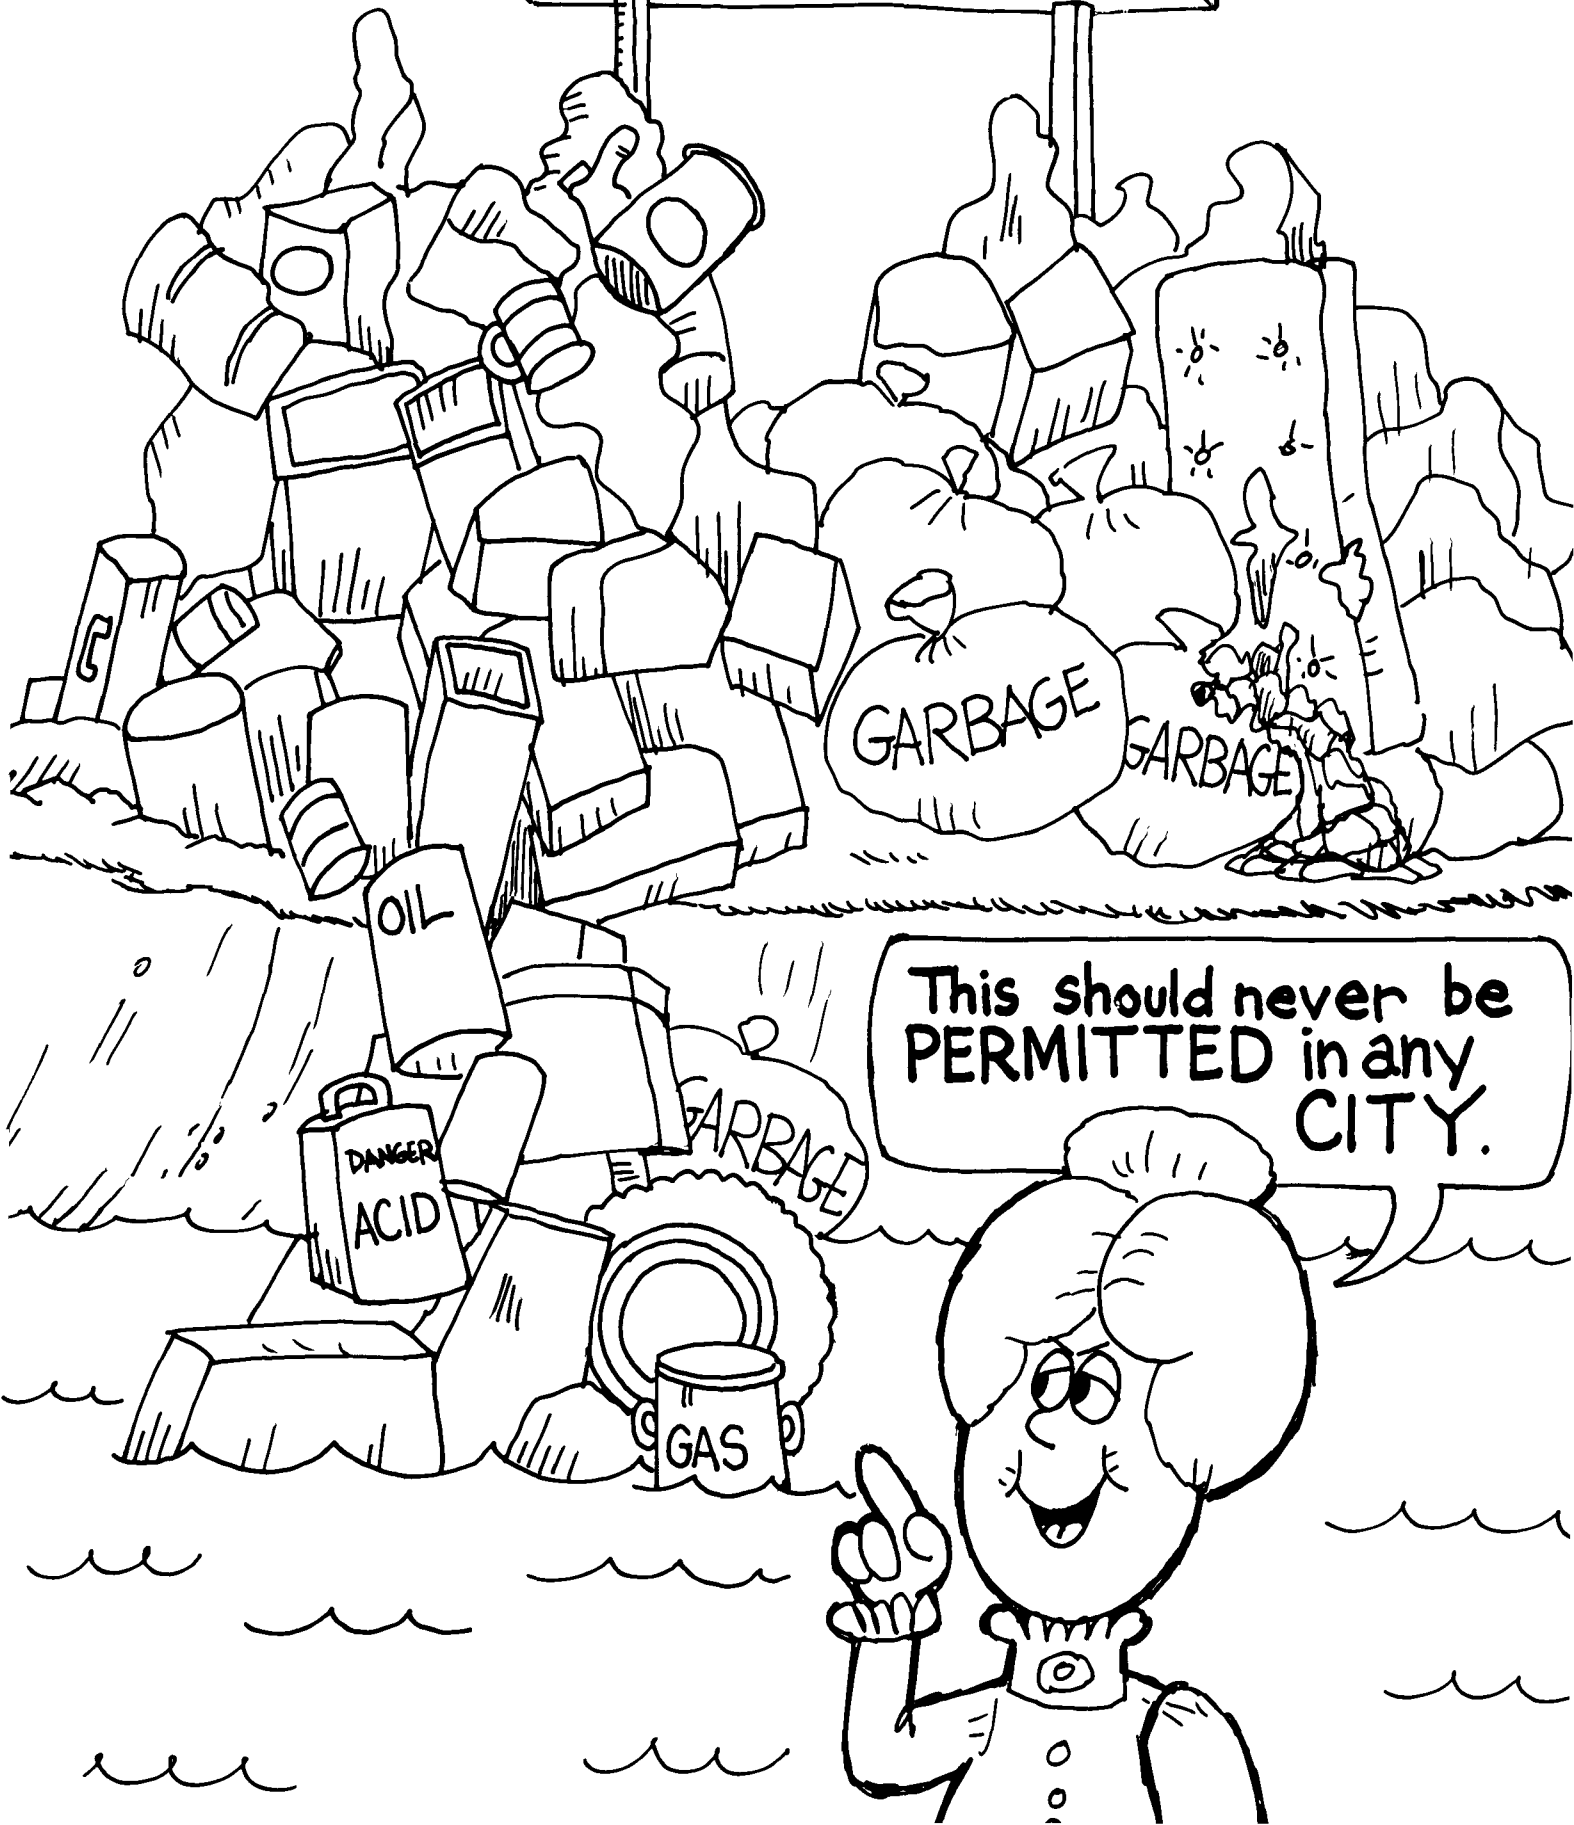

THIS LAKE IS DIRTY

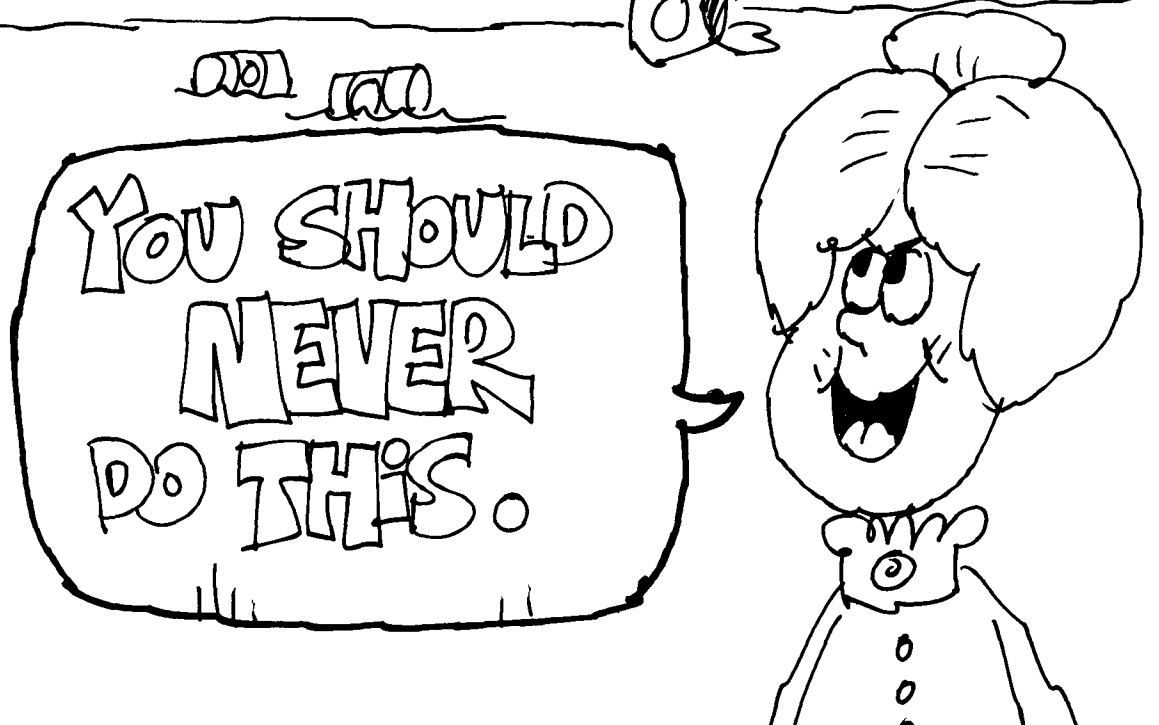

AUNTIE LIKES THIS LAKE
(BECAUSE IT'S NICE AND CLEAN)

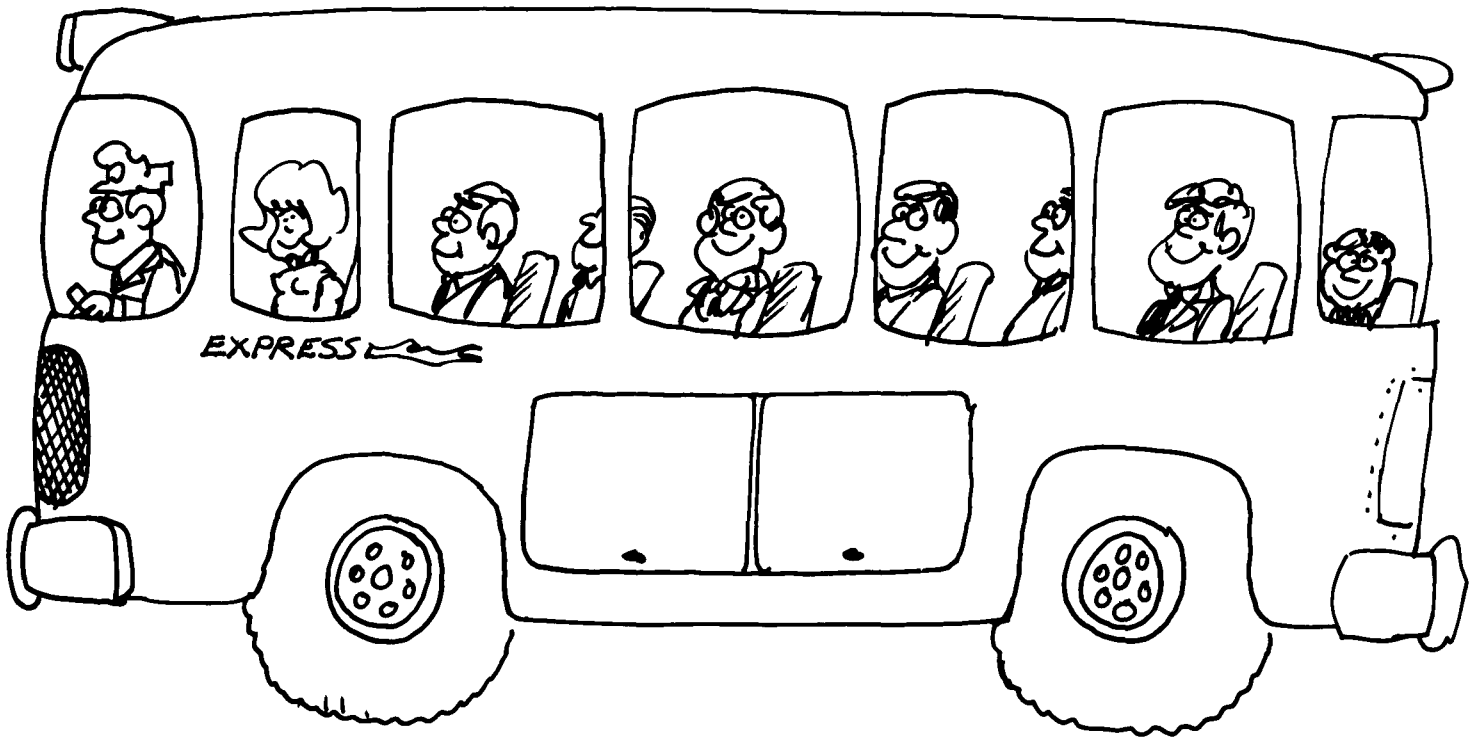

CITY DUMP

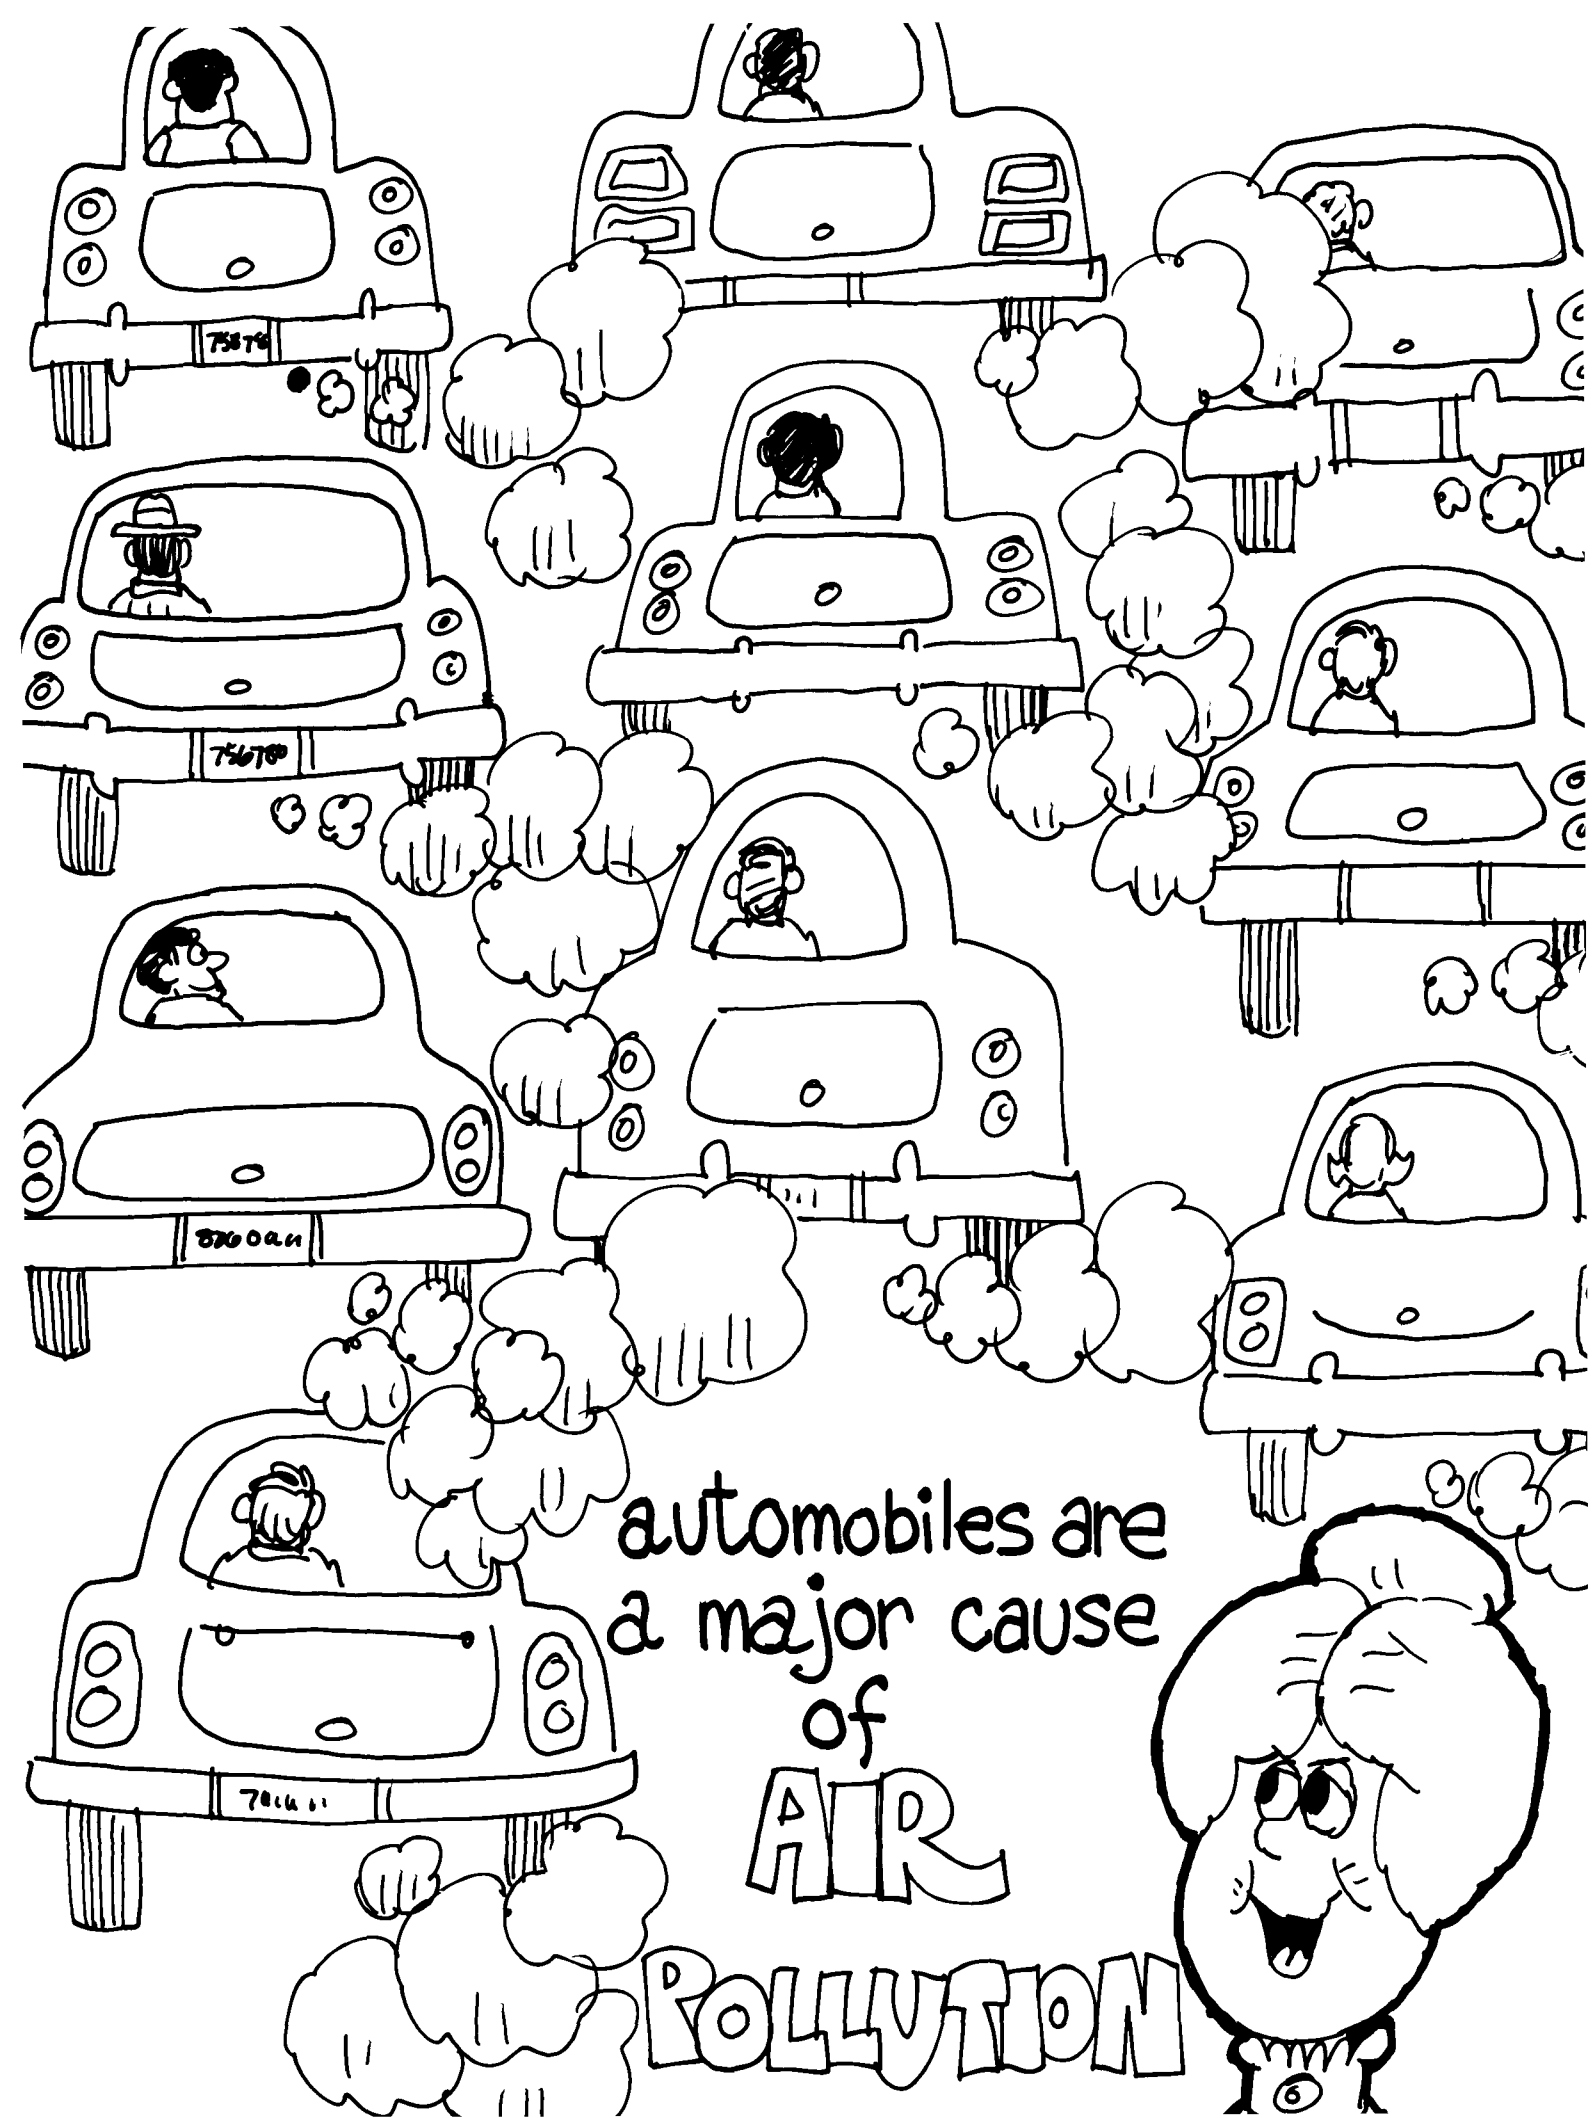

The next time you visit the beach you
and your friends can help by doing this.

automobiles are
a major cause
of
AIR
POLLUTION
