Available from:
Library of Congress

Chicago, IL 60604

INTRODUCTION

The Special Management Collection was assembled by the EPA Headquarters Library staff during the summer of 1987. The collection contains books, audiotapes and videotapes published between 1980 and 1987. Titles were selected for purchase with the help of reviews published by library and management associations. The collection can be accessed by EPA staff members in Headquarters and Regional Offices.

The titles in this Guide are listed according to their main topic area. Topics were assigned to correspond with the main theme of each book or tape. Users of the Guide should review the "Subject" field for additional areas of coverage.
