APPLICATION KIT
FOR ASSISTANCE

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
ADMINISTRATION

MANAGEMENT

Dear Applicant:

Attached is an application kit for submitting a proposal to the Environmental Protection Agency for federal assistance. In order to assist you in completing your application, we have developed a list of items in the application kit and a brief description of each. We also have included a check list of items that must be submitted in order to make your submission complete. Before you mail your application, please be sure it is complete. Our mailing address is included in the application kit for your convenience. Also, the page entitled "Key Contacts" is very important to ensure that we work with the proper individuals in your organization.

You need to consider whether your proposal is for acquisition or assistance. **The SF 424 is only used for submitting proposals for federal assistance.** The Federal Grant and Cooperative Agreement Act requires Federal agencies to use a contract to acquire property or services for the direct benefit of the Federal government, and a grant or cooperative agreement to transfer money, property, services, or anything else of value to support or stimulate an activity to accomplish a public purpose of assistance authorized by Federal statute.

The determining factor in choosing acquisition versus assistance is defining the direct beneficiary. If the direct beneficiary is a State or local government or other recipient, and the purpose of support or stimulation is authorized by Federal statute, then a grant or cooperative agreement is the proper legal instrument to use. If the direct beneficiary is EPA, then a contract is the appropriate legal instrument to use and the submission of SF 424 is inappropriate.

If you have any questions about completing your application or have general inquiries about EPA's assistance programs, please feel free to contact my staff on area code (202) 260-9266.

Sincerely,

Mildred Lee, Chief
Grants Operations Branch
Grants Administration Division (PM-216F)

APPLICATION FOR FEDERAL ASSISTANCE (STANDARD FORM 424, STANDARD FORM 424A, AND STANDARD FORM 424B)

Based on the inquiries we frequently receive, we have developed the following information augmenting the instructions in the "Application for Federal Assistance" (Standard Form 424). Reading this information in conjunction with the instructions in the application form will speed up the preparation of your application and will reduce our processing time on your application.

The application is divided into three parts:

- (1) the "Application for Federal Assistance" (Standard Form 424) with accompanying instructions;**
- (2) the "Budget Information -Non-Construction Programs" (Standard Form 424A) with accompanying instructions; and**
- (3) the "Assurances -Non-Construction Programs" (Standard Form 424B).**

SUPPLEMENTAL INFORMATION:

APPLICATION FOR FEDERAL ASSISTANCE (STANDARD FORM 424)

Please refer to the instructions for SF 424. The items that require special attention are discussed below.

ITEM 5: If the "Name and telephone number of the person to be contacted for matters involving this application" is different from that of the Project Manager, i.e., the person who will be our contact for technical matters if the application is funded, please provide the name, title, address and telephone number of the Project Manager on the key contact list.

In addition, please submit a biographical sketch of the Project Manager incorporating information on education, background, and other qualifying experience for the project. Also list the name and training or discipline of other key personnel engaged in the project. Identify other projects in which the Project Manager is engaged and the amount of time he or she devotes to each. Provide a summary of employment, including contracts and consultancies, for the present and for the past two years for the Project Manager and each of the key personnel.

ITEM 9: Please insert the name, if applicable, of the EPA person(s) from whom you have received preapplication assistance. This information assists us in routing your application to the appropriate EPA office for review.

ITEM 10: Insert the Catalog of Federal Domestic Assistance Number and Title, if known.

ITEM 13: The "Start Date" and "Ending Date" should reflect the amount of time that will be required to complete the entire scope of work in your application (i.e., the "project period"). However, in accordance with our regulations and administrative procedures, your project period may be divided into a series of "budget periods". The definitions of a project period and a budget period are as follows: Project Period: The length of time EPA specifies in the assistance agreement for completion of all project work. It may be composed of more than one budget period. Budget Period: The length of time EPA specifies in an assistance agreement during which the recipient may expend or obligate Federal funds. The guidance provided below for completing the budget instructs you to give the dates for each budget period.

ITEM 15: The amounts under "Estimated Funding" are the amounts requested or to be contributed during the first budget period.

ITEM 18: If EPA awards a grant or cooperative agreement pursuant to your application, we will mail the official copies of the award agreement to the authorized representative listed in Item 18.

DESCRIPTION OF PROJECT: Your application should include a section that provides the following information:

* **Objective:** Describe the principal and subordinate objectives of the project. Pinpoint any relevant physical, economic, social, financial, institutional, or other problems requiring solution. Supporting documents from concerned interests other than the applicant may be used. Any relevant data based on planning studies should be included and footnoted.

* **Results or benefits expected:** Identify results and/or benefits accruing to the project. [Important: Include all primary and secondary benefits accruing to the recipient, the population served, the public and the environment in general]; for example: compliance with water quality standards or ambient air quality standards, advancements in the state of the art of pollution abatement, etc.

* **Approach:**

a. Provide a detailed work plan for the accomplishment of the scope and detail of the proposed project. Cite factors that might accelerate or decelerate the work. Indicate why this approach has been taken rather than alternatives. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time or extraordinary social and community involvement.

b. Describe all facilities presently available for use in carrying out the project.

c. For all applications list by name all non-Federal sources of funds and facilities to be utilized in the performance of the proposed project.

d. List in chronological order a schedule of accomplishments, progress, or milestones that are anticipated over the length of the project.

e. Indicate by whom each element of the work plan will be carried out including supporting agencies, consultants and contractors.

f. Describe sampling and data collection procedures, analytical methods, and methods for evaluating the results of the project.

*** General Project Information:**

a. Identify the kinds of data to be collected (and maintained) and discuss the criteria to be used to evaluate the results and successes of the project. Indicate whether research or demonstration will involve human subjects or research animals.

b. Discuss: (1) the effect of this project on or its relationship to other work planned, anticipated, or underway by the grantee, recipient of the funds, or other Government agencies; (2) Federal, State, interstate, and local programs with which the work will be coordinated and the extent and nature of the coordination.

QUALITY ASSURANCE: If your project involves environmentally related measurements or data generation, the recipient shall develop and implement quality assurance practices sufficient to produce data of quality adequate to meet project objectives and to minimize loss of data due to out-of-control conditions or malfunctions. Applicants who are State, Local, or Indian Tribal governments, see EPA regulation 40 CFR 31.45. Other applicants, see EPA regulation 40 CFR 30.503.

BUDGET: The application includes a two-page sheet, "Budget Information - Non-Construction Programs" (Standard Form 424A). (You do not need to read the "Instructions for the SF-424A".)

Please complete "Section B - Budget Categories". Use one column for each budget period and insert the total for the project period in Column 5. Attach an extra sheet if your project will have more than four budget periods. The dates for each budget period should be entered at the top of each column, on the "Object Class Categories" line.

Most EPA programs require that you cost share at least 5% of total costs. The amounts you insert in Section B should include EPA's share plus your cost sharing and the cost sharing from all other sources except other federal agencies. Under "Totals" on Line K, please squeeze in the EPA amount requested for each budget period and for the project period. On Line 7, "Program Income, enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Your detailed itemization of direct costs, which is described below, should show the nature and source of this income.

You need not complete Sections A, C, D, or E of the budget page. In Section F, under "Remarks" please enter the type of indirect cost rate (provisional, predetermined, final or fixed) that will be in effect during the budget period, the rate, the base to which the rate is applied, and the Federal agency with whom your rate is negotiated. (Not applicable when indirect costs are not budgeted in Section B.)

For the budget period currently under consideration please submit a separate sheet(s) itemizing the direct costs of Lines (a) thru (j) of Section B. Guidelines for the itemization are provided below.

DETAILED ITEMIZATION OF COSTS:

* **Line A - Personnel:** List all participants in the project by position title. Give the percentage of the budget period for which they will be fully employed on the project (e.g., half-time for half the budget period equals 25 percent, full-time for half the budget period equals 50 percent, etc.). Give the annual salary and the total cost over the budget period for all personnel listed.

* **Line C - Travel:** If travel is budgeted, show destination and purpose of travel as well as costs.

* **Line D - Equipment:** Identify all equipment to be purchased.

* **Line E - Supplies:** If the supply budget is less than 2% of total costs, you do not need to itemize.

* **Line F - Contractual:** Specify the nature and cost of such services. EPA may require review of contracts for personal services prior to their execution to assure that all costs are reasonable and necessary to the project.

* **Line G - Construction:** Contact the Grants Administration Division for additional instructions prior to completing your application if your budget includes construction costs.

* **Line H - Other:** Specify all costs included under this category. If you are applying for a training project, your itemization of "Other" should include a breakdown of costs for trainee tuition and fees, book allowance, stipends and travel.

* **Line J - Indirect Costs:** Provide an explanation of how indirect charges were calculated for this project. Please attach a copy of your current negotiated Indirect Cost Rate Agreement. If you do not have a current negotiated rate, a rate must be negotiated within 90 days from receipt of an EPA assistance agreement.

INSTRUCTIONS FOR THE SF-424A

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4, Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in Column (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g.)

For new applications, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

Lines 1-4, Columns (c) through (g.) (continued)

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 — Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a-i — Show the totals of Lines 6a to 6h in each column.

Line 6j — Show the amount of indirect cost.

Line 6k — Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

INSTRUCTIONS FOR THE SF-424A (continued)

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal-Resources

Lines 8-11 - Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a) - Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b) - Enter the contribution to be made by the applicant.

Column (c) - Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

Column (d) - Enter the amount of cash and in-kind contributions to be made from all other sources.

Column (e) - Enter totals of Columns (b), (c), and (d).
