# WORKSHOP ON MINING IMPACTED NATIVE AMERICAN LANDS 2003

## CALL FOR ABSTRACTS

### SEPTEMBER 9-11, 2003

### RENO, NEVADA

US EPA Office of Research and Development

## PURPOSE

The workshop will unite Tribal members and representatives, and government officials to examine technical and policy issues related to historic, current, and future mining impacts on Native American lands.

## WORKSHOP GOALS

The workshop goals are to educate individuals involved with mining issues affecting reservation and other Native American lands in the U.S., to identify current approaches to these issues, and to provide a comprehensive annotation of those issues, which include mining and mine waste impacts, support mechanisms, cleanup processes, and other key areas of mining and reclamation.

## WHO SHOULD ATTEND

- Tribal leaders
- Tribal environmental natural resource managers and staff
- Tribal attorneys and consultants
- Native American grassroots environmental groups
- Environmental and natural resource organizations
- Local communities
- Federal, regional, state and local agencies
- Tribal health professionals
- Interested parties involved in mining, management, land use, and cleanup of Native American lands and resources impacted by mining.

## ABSTRACT SUBMISSION

Abstracts for oral presentations must be submitted by April 11, 2003. Abstracts should be ½ - 1 page in length, and include the presentation title, authors' names and affiliations, title/tribal responsibility, email and mailing addresses, phone number, mining type and main topic. Abstracts will be accepted by email, fax, or regular mail.
