# **TECHNICAL INFORMATION PACKAGES (TIPS)**

---

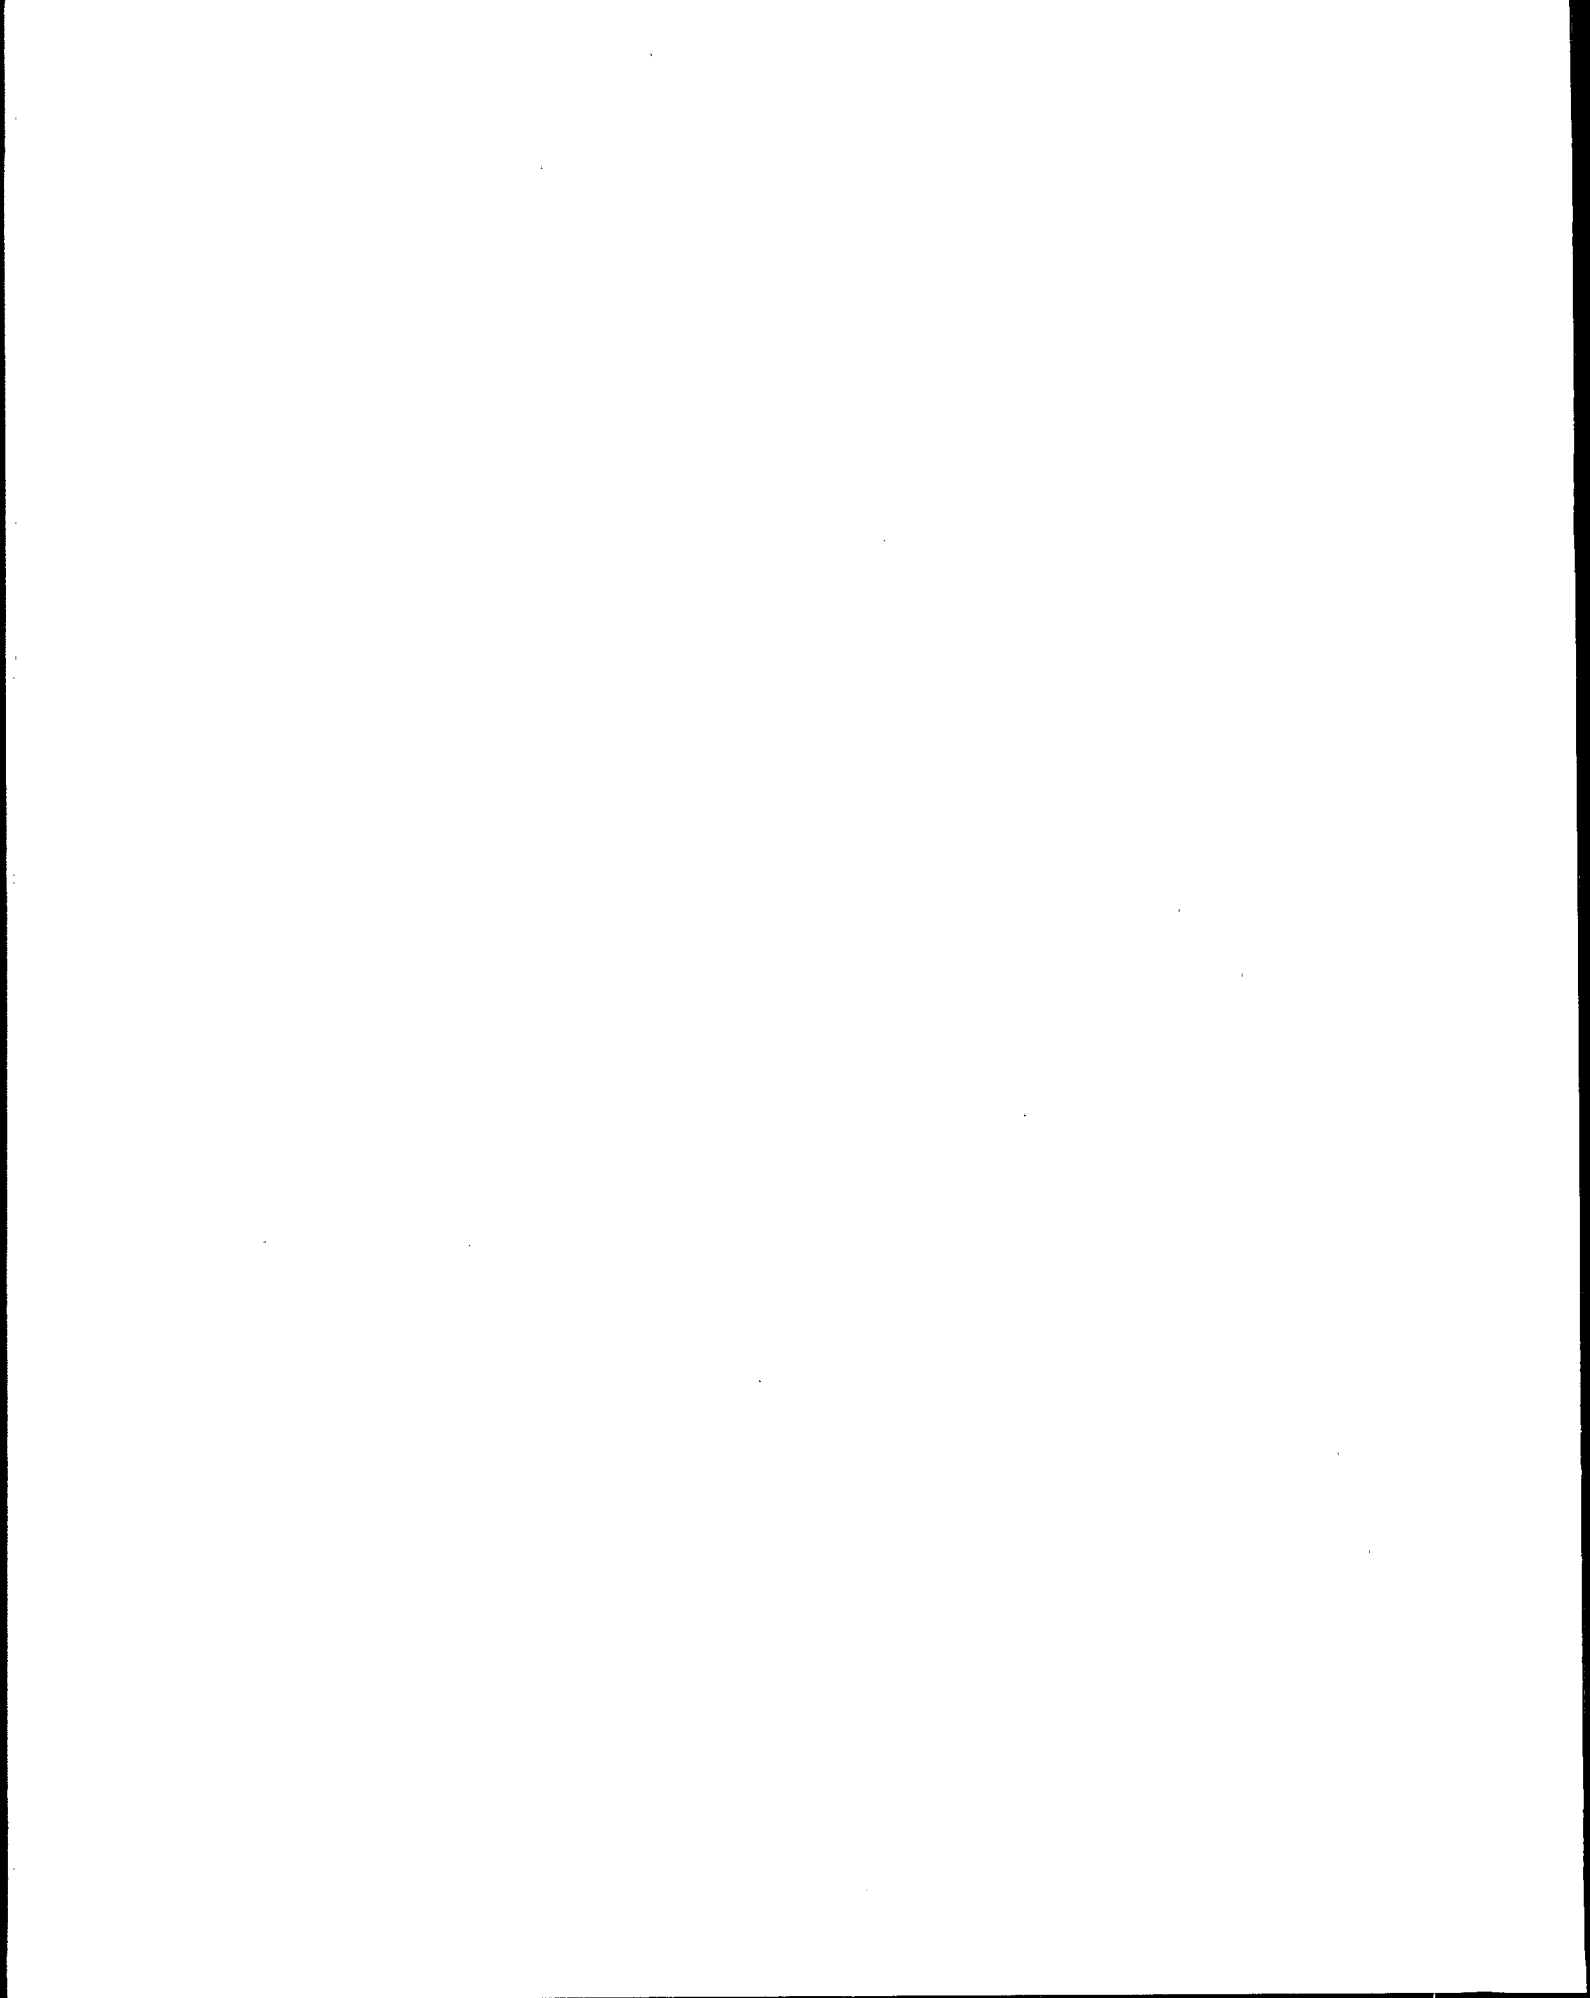

The U.S. Environmental Protection Agency (EPA) has developed a series of Technical Information Packages (TIPs) on fourteen key environmental issues for international distribution. These TIPs consolidate some of the Agency's best information on these subjects into mini-resource libraries. EPA and the U.S. Information Agency have distributed TIPs to information centers around the world. EPA has produced TIPs on the following subjects:

- |   |   |   |                              |
|---|---|---|------------------------------|
| o | <b>Ensuring Safe Drinking Water</b>     | o | <b>Hazardous Waste</b>       |
| o | <b>Mining Waste Management</b>          | o | <b>Air Quality</b>           |
| o | <b>Environmental Impact Assessments</b> | o | <b>Water Quality</b>         |
| o | <b>Rural Wastewater Systems</b>         | o | <b>Solid Waste Disposal</b>  |
| o | <b>Pesticides Waste Disposal</b>        | o | <b>Risk Assessment</b>       |
| o | <b>EPA Information Sources</b>          | o | <b>Regulating Pesticides</b> |
| o | <b>Environmental Management</b>         | o | <b>Pollution Prevention</b>  |

Each TIP contains a cover brochure that generally explains the environmental issue, related environmental and health effects, relevant standards and regulations, appropriate technologies for addressing the issue, and annotations of each document included in the TIP. In addition, each cover brochure includes a list of EPA experts, a more extensive bibliography, and information on access to existing databases and training opportunities.

## **TIPs Directory**

This directory provides the expected locations for TIPs packages worldwide. Each recipient institution has agreed to provide public access to the TIPS. Final locations for some TIPs sets are still being determined. For clarification on a specific location in a country, contact the local United States Information Service (USIS) through the U.S. Embassy or Consulate. Additional copies of this directory may be ordered by using the information on the inside cover of this document.
