FOREWORD

The office of Small Business and Disadvantaged Business Utilization (OSDBU) is pleased to develop this Directory to aid Small Disadvantaged Businesses (SDBs) to have greater access to goods and services from the U.S. Environmental Protection Agency (EPA).

The Directory is intended to be a resource for EPA's contract personnel, project officers, and participating prime contractors. We hope that the Directory will achieve wide circulation and support SDBs to become competitive environmental contractors.

Copies of the Directory may be obtained by calling (703) 305-7777, or you may write to:
