INTRODUCTION

This publication is a list of all serial titles currently being received by the U.S. Environmental Protection Agency Headquarters Library in Washington, D.C. as of October 1989. For more detailed information on the EPA Library System's serials holdings such as total holdings, frequency, and publisher, please refer to the Journal Holdings Report. The Journal Holdings Report is an alphabetic listing of titles held by all the libraries in the EPA Library Network. The report is available at the reference desk.

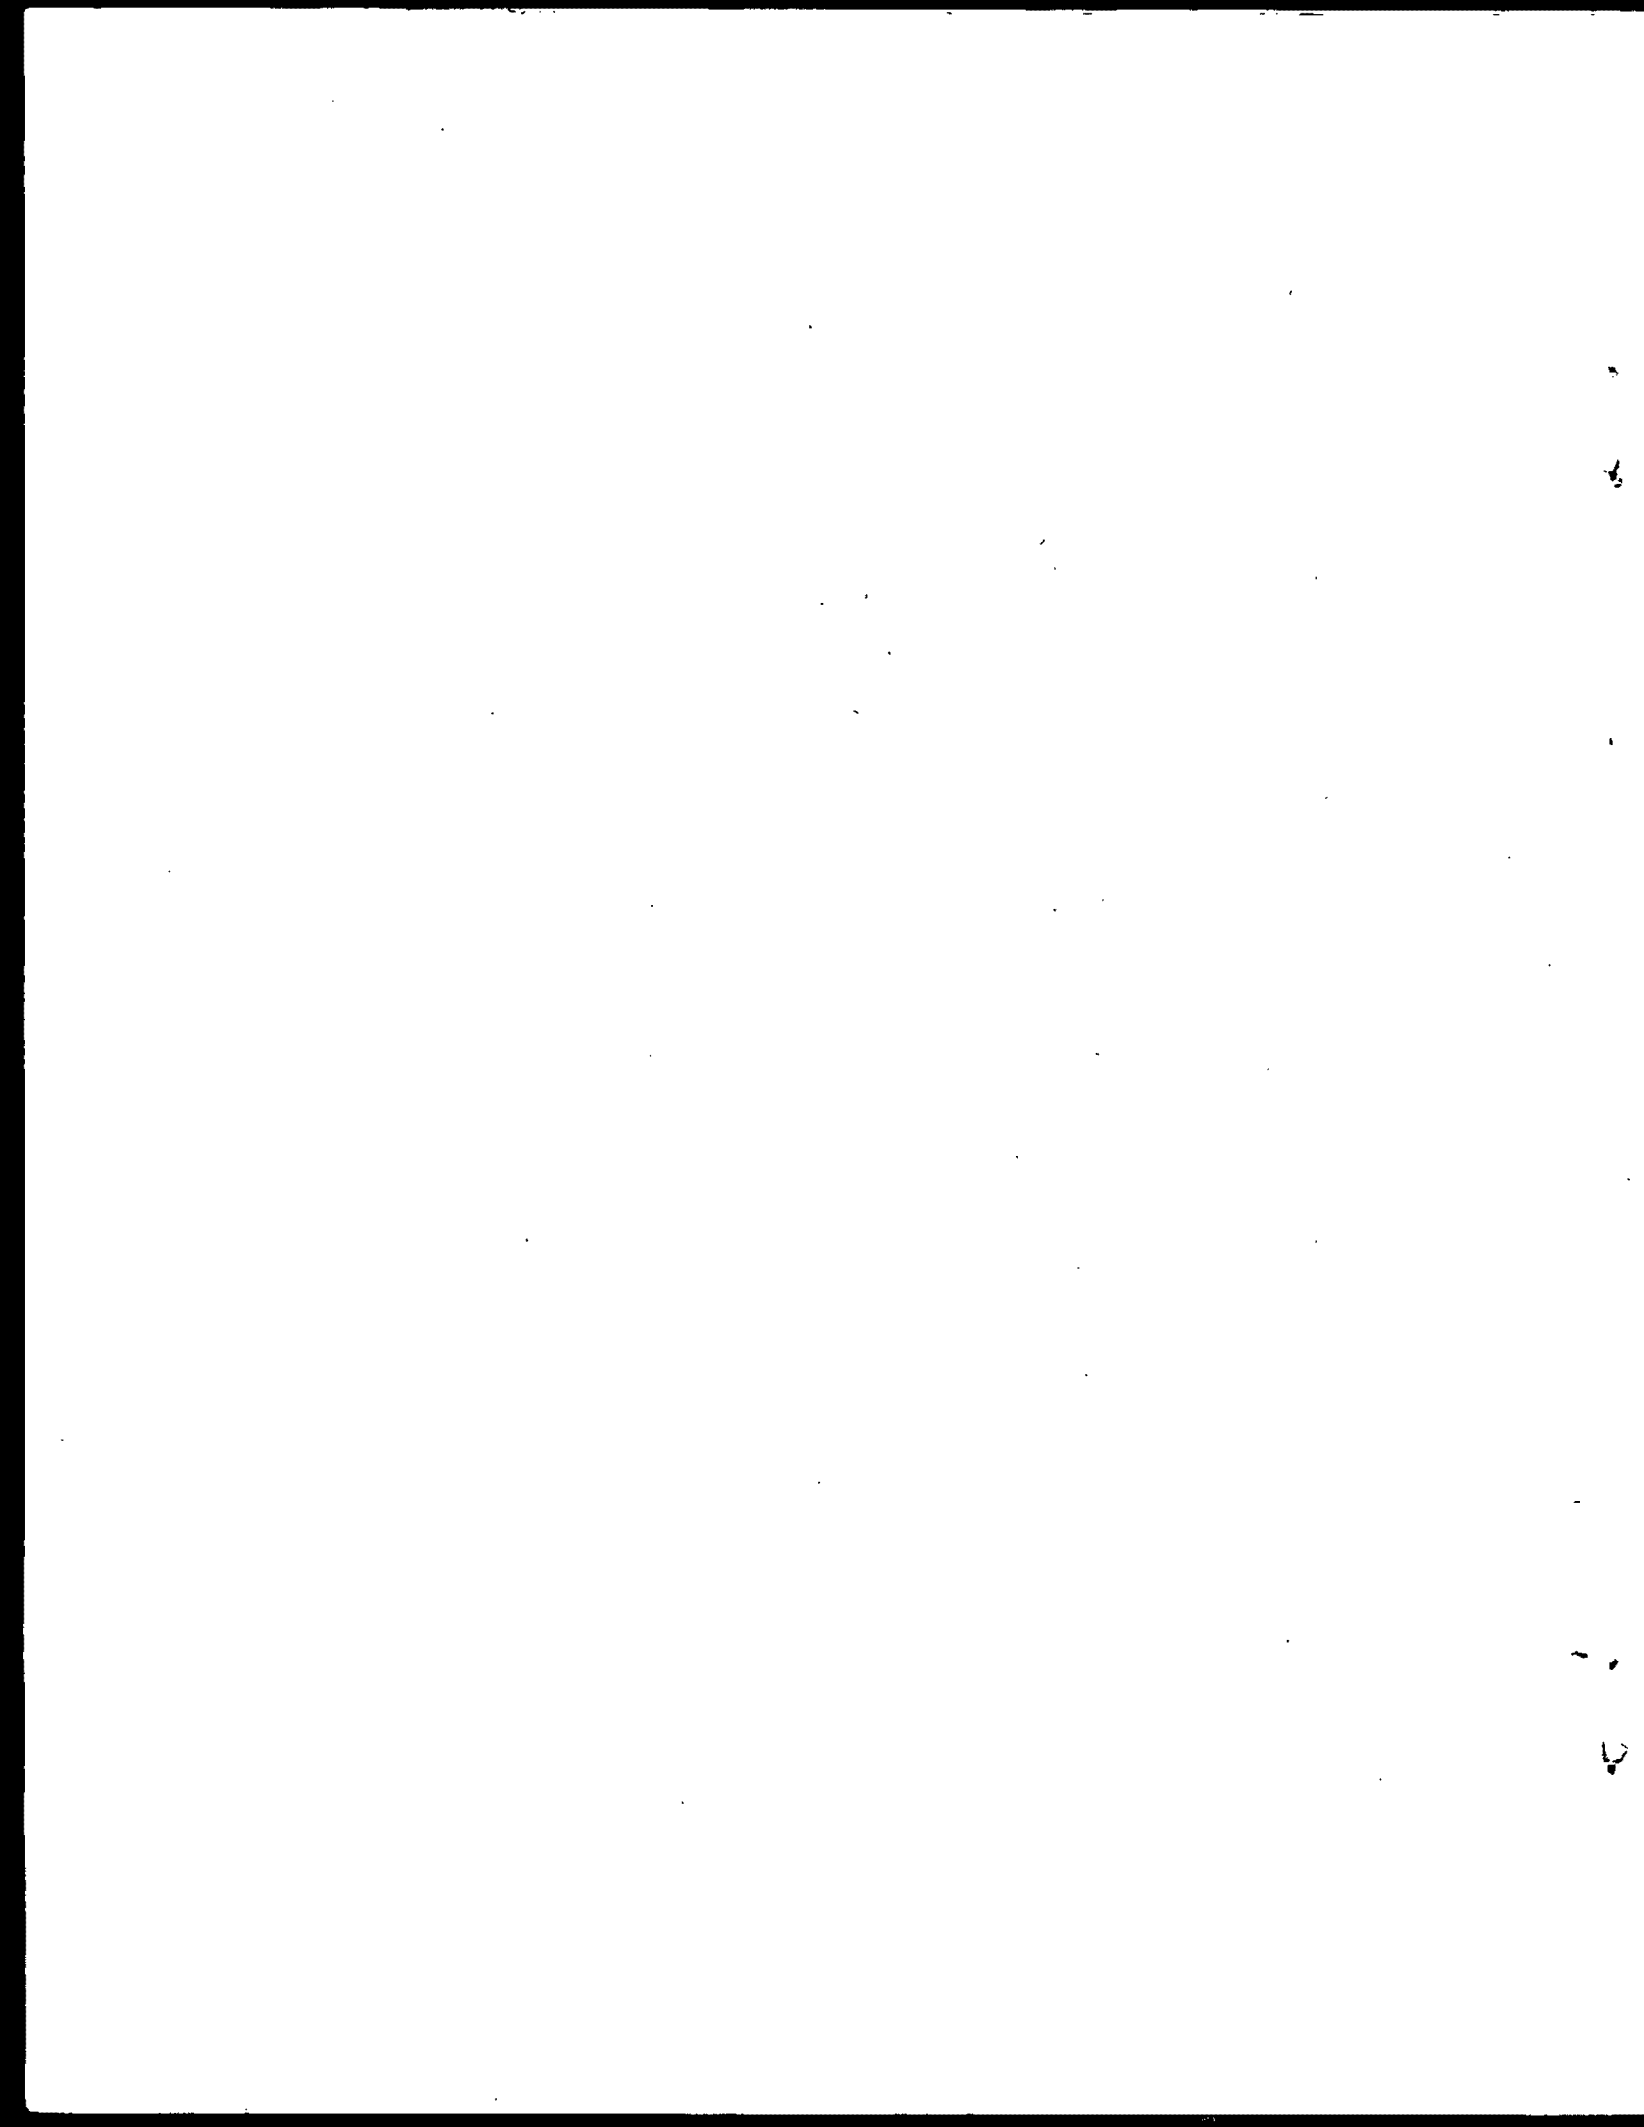

All the topical keywords are listed on the first page for quick review. The second section is the full listing of journal titles under each keyword.

We hope you will find this publication useful and would appreciate any suggestions for future editions. Please ask a Reference Librarian for further information on locating journals, or call the Headquarters Library at 202-382-5922.

This publication was compiled by Melissa Skorupka for the use of EPA staff and other Headquarters Library clients.
