

Activities of the Grants Assistance Programs

We obtain these data from the Grants Information and Control System (GICS), monthly regional reports of grant activity and other sources.

We base available funds upon advices of allowance (and sub-allocations) issued; we have not reduced the balances to reflect projects recommended from funding (commitments) but not yet awarded.

We estimate projected annual funding data at the time of publication.

Monthly awards figures are preliminary and subject to adjustment.

An administratively consolidated grant is one funded under more than one grant authority by the Environmental Protection Agency.

Increases and decreases in funding may include revisions (change in project scope) and augmentations (project scope unchanged).

The Financial Management Division will provide detailed information upon request.

GRANT HIGHLIGHTS

\$307 MILLION FUNDED IN MARCH

EPA approved \$307 million in grant awards (858) in March. Total grant dollars awarded during the first half of FY 80 were \$1.6 billion compared to \$1.2 billion during the same period of FY 79. The change from the previous year reflects an increase in WWT Construction grant dollars.

EPA AWARDS \$1.3 MILLION TO STATES UNDER CLEAN LAKES PROGRAM

EPA funded \$1.3 million in grant funds to fourteen states during the first six months of FY 80, under section 314 (b) of the Clean Water Act. The purpose of these grants is to prepare identification and classification survey of publicly owned freshwater lakes according to trophic condition. This assistance may also be used for establishing a priority ranking for lakes in need of restoration or conducting diagnostic or feasibility studies to determine methods and procedures to protect or restore the quality of those priority lakes.

WWT CONSTRUCTION GRANT OUTLAYS TOTAL \$2.2 BILLION

EPA has paid \$2.2 billion for WWT Construction grant projects during the first six months of FY 80. Outlays for the same period of FY 79 were \$1.8 billion.

73 STEP 3 WWT CON- STRUCTION GRANT PRO- JECTS IN THE PRE- CONSTRUCTION STAGE FOR OVER 12 MONTHS

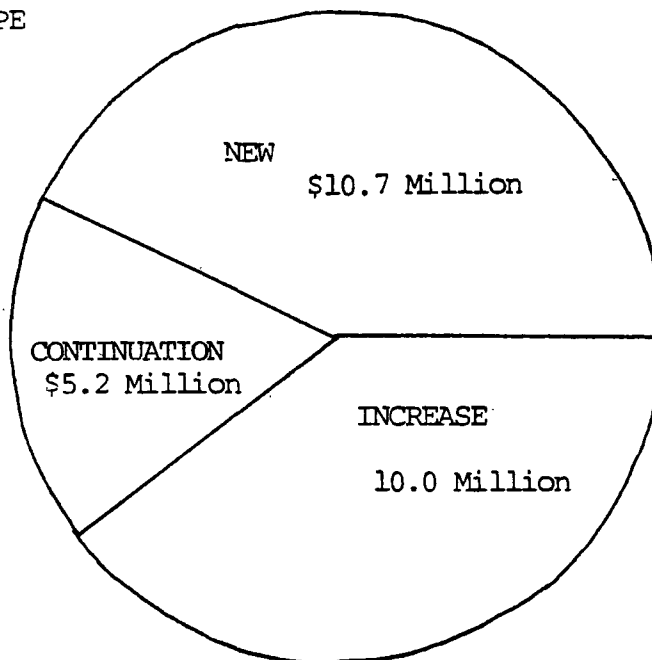

The distribution of Step 3 WWT Construction grant projects awaiting construction through March, 1980, indicates that 347 have been in that stage for 6 months or less; 134 projects 7 to 12 months; and 73 projects or 13% of the total, for over 12 months.

HEADQUARTERS ADMINISTERED PROGRAMS

GRANT AWARDS (RESEARCH, DEMONSTRATION, TRAINING AND FELLOWSHIP)

59% of the total award dollars for the first six months of FY 80, were for continuations and increases, while 41% were for new grants.
