OFFICE OF ADMINISTRATION AND RESOURCES MANAGEMENT

Welcome:

The EPA National Service Center for Environmental Publications (NSCEP), is pleased to announce the millennium edition of the annual <u>EPA National Publications</u> <u>Catalog</u>, the most comprehensive source for locating and acquiring EPA publications.

In addition to the standard listing of current EPA publications, this edition of the catalog provides a separate listing of bilingual publications available. Also, wherever possible, Internet web addresses have been provided for this information.

The entire catalog is available at http://www.epa.gov/ncepihom, for on-line ordering, or you may order any publication by mail, phone, or fax.

Whether you are part of the regulated community, small business, government, or the public, I hope you find the catalog a valuable resource tool. Feedback about how the catalog serves your needs and suggestions for possible improvements are always welcome. Comments may be forwarded to mcnealley.deborah@epa.gov, or:

Frequently Asked Questions

How can I order documents from NSCEP?

- 1.) You may order documents by calling the NSCEP, toll free number (800) 490-9189 [EPA employees and local Cincinnati, Ohio residents may call (513) 489-8190], or
- 2.) You may place your order by fax at (513) 489-8695, or
- 3.) Order via the Internet at: http://www.epa.gov/ncepihom

How many titles may I order?

You may order one copy each of up to five titles within a two week period.

How are my documents forwarded?

Documents are normally forwarded by standard mail. You may provide a Federal Express Number to expedite shipment.

When can I expect delivery of my publications?

Shipments within the United States should arrive within two to three weeks. International shipments are sent from the United States by way of standard surface mail. Delivery is then dependent upon your country's mail service, which takes over upon arrival at port. Normal delivery is seven to ten weeks.

How do I order out of print documents?

If you receive a letter from the NSCEP informing you that your document is being reprinted and that your order has been placed on back order, the requested document will be sent as soon as inventory arrives. If you receive a letter from the NSCEP informing you that the document you requested is no longer available from the Agency, you will be referred to the Educational Resources Information Center (ERIC), the Government Printing Office (GPO) or the National Technical Information Service (NTIS). These services charge a fee for documents.

Are the documents available online?

In many instances, your documents will be available in full text through the National Environmental Publications Internet Site (NEPIS). Agency program and regional offices oftentimes make selected documents available through their office web sites. Please refer to the "For Further Information Page" at the end of this section for more information.

I live outside of the United States. May I still order from NSCEP?

Yes. However, you may experience a delay in receiving your order. Delivery of international shipments is dependent upon your country's mail service that takes over delivery upon arrival at port. To place orders, you may call 1-513/489-8190, order via the Internet at http://www.epa.gov/ncepihom, fax orders to 1-513/489-8695, or post your order to U.S. EPA/NSCEP, P.O. Box 42419, Cincinnati, Ohio, USA 45242-2419.
