List of Cross-References Contained in both
21 CFR Chapter I Parts 193 and 561
40 CFR Chapter I Subchapter E

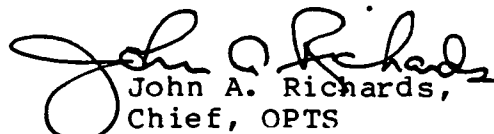

PREFACE

The purpose of this cross-referencing system is to provide a research and reference aid for use in the continued development of an accurate, logical, and comprehensive regulatory program.

The use of this system will permit document drafters to easily check the impact of a revision, removal or redesignation of one section on the remaining sections in both 21 CFR Parts 193 and 561, and in 40 CFR Parts 150 - 189.

Responsibility for verifying the substantive impact of any action rests with the programs. The Federal Register Staff will maintain a current version of this system, which can be checked by calling (382-2253).

In the future this system will be updated and republished to correspond with the code revision dates of April 1 (21 CFR), and July 1 (40 CFR) of each year.
