MEMORANDUM

SUBJECT: Additional Changes to EPA Telephone Directory
(Headquarters)

TO : All Telephone Book Holders, Headquarters
and Field

FROM : Jack Tarran, Director
Facilities and Support Services Division (PM-215)

Effective Monday, December 15, 1980, most Facilities and Support Services Division (FSSD) telephone numbers will be changed. These changes are occurring because of FSSD's pilot role in evaluating the feasibility of installing an electronically switched telephone system throughout EPA Headquarters. A key feature of the electronically switched system is the single-line Touch-Tone telephone tied to computer-based exchange equipment; hence, conversion of existing numbers to the 382-exchange and installation of new equipment are required.

Normal FTS procedures will apply to all calls placed to the 382-exchange from field facilities. In Headquarters, to access the 382-exchange, "9" must be dialed along with the full 7-digit number from existing exchanges.

In order to be fully operational by December 15, we anticipate that the "cutover" to a single-line system will begin at 6 p.m. (EST) on Friday, December 12. Accordingly, offices in western states may encounter difficulty in reaching FSSD numbers for a brief period of time.

Description of Transmittal. This issuance is divided into three segments. The first portion consists of changes to FSSD-related emergency and support service numbers, as well as several corrections in building location. The second part is an organizational listing of key FSSD officials with their new telephone numbers. The current location of the affected information in the Summer 1980 telephone directory is given for both of the first two segments. The final portion is an alphabetical listing of all FSSD employees and their telephone numbers as of December 15.

Pen-and-ink changes to the Summer 1980 telephone directory should be made as desired.

Questions concerning the conversion to the electronically switched system should be directed to Mr. A. T. Galbreath. He may be reached on 755-3750 prior to December 15 and on 382-2082 after December 15.

DATE NOV 4 1980 UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

SUBJECT Changes to EPA Telephone Directory (Headquarters)

FROM  Jack D. Tarran, Director
Facilities and Support Services Division (PM-215)

TO All Telephone Book Holders, Headquarters and Field

Our initial review of the Summer 1980 EPA Telephone Directory indicated several additions and corrections which would be useful to telephone directory users. On the back of this memorandum are a number of changes which should be made in pen-and-ink to the recently issued green-covered directory.

Description of Changes. Several new appointments are included in the organizational section. The Directory of Support Services, pp. 89-92, is amended to include a telephone number for AFGE Local 3331. Please note that the shuttle bus schedule inside the back cover was superseded by the schedule distributed on the September 26 issue of "News on the Move."

Reporting Changes. All offices are reminded that changes in employment, physical location, phone number, and surname must be reported to the General Services Branch at the time of the change using the Standard Form 146 (see p. XXV of the current telephone directory for instructions). Reported changes are entered into the locator immediately, and appear in the subsequent issue of the directory.

Any questions on the telephone directory should be referred to A. T. Galbreath at 755-3750.
