Getting in Touch

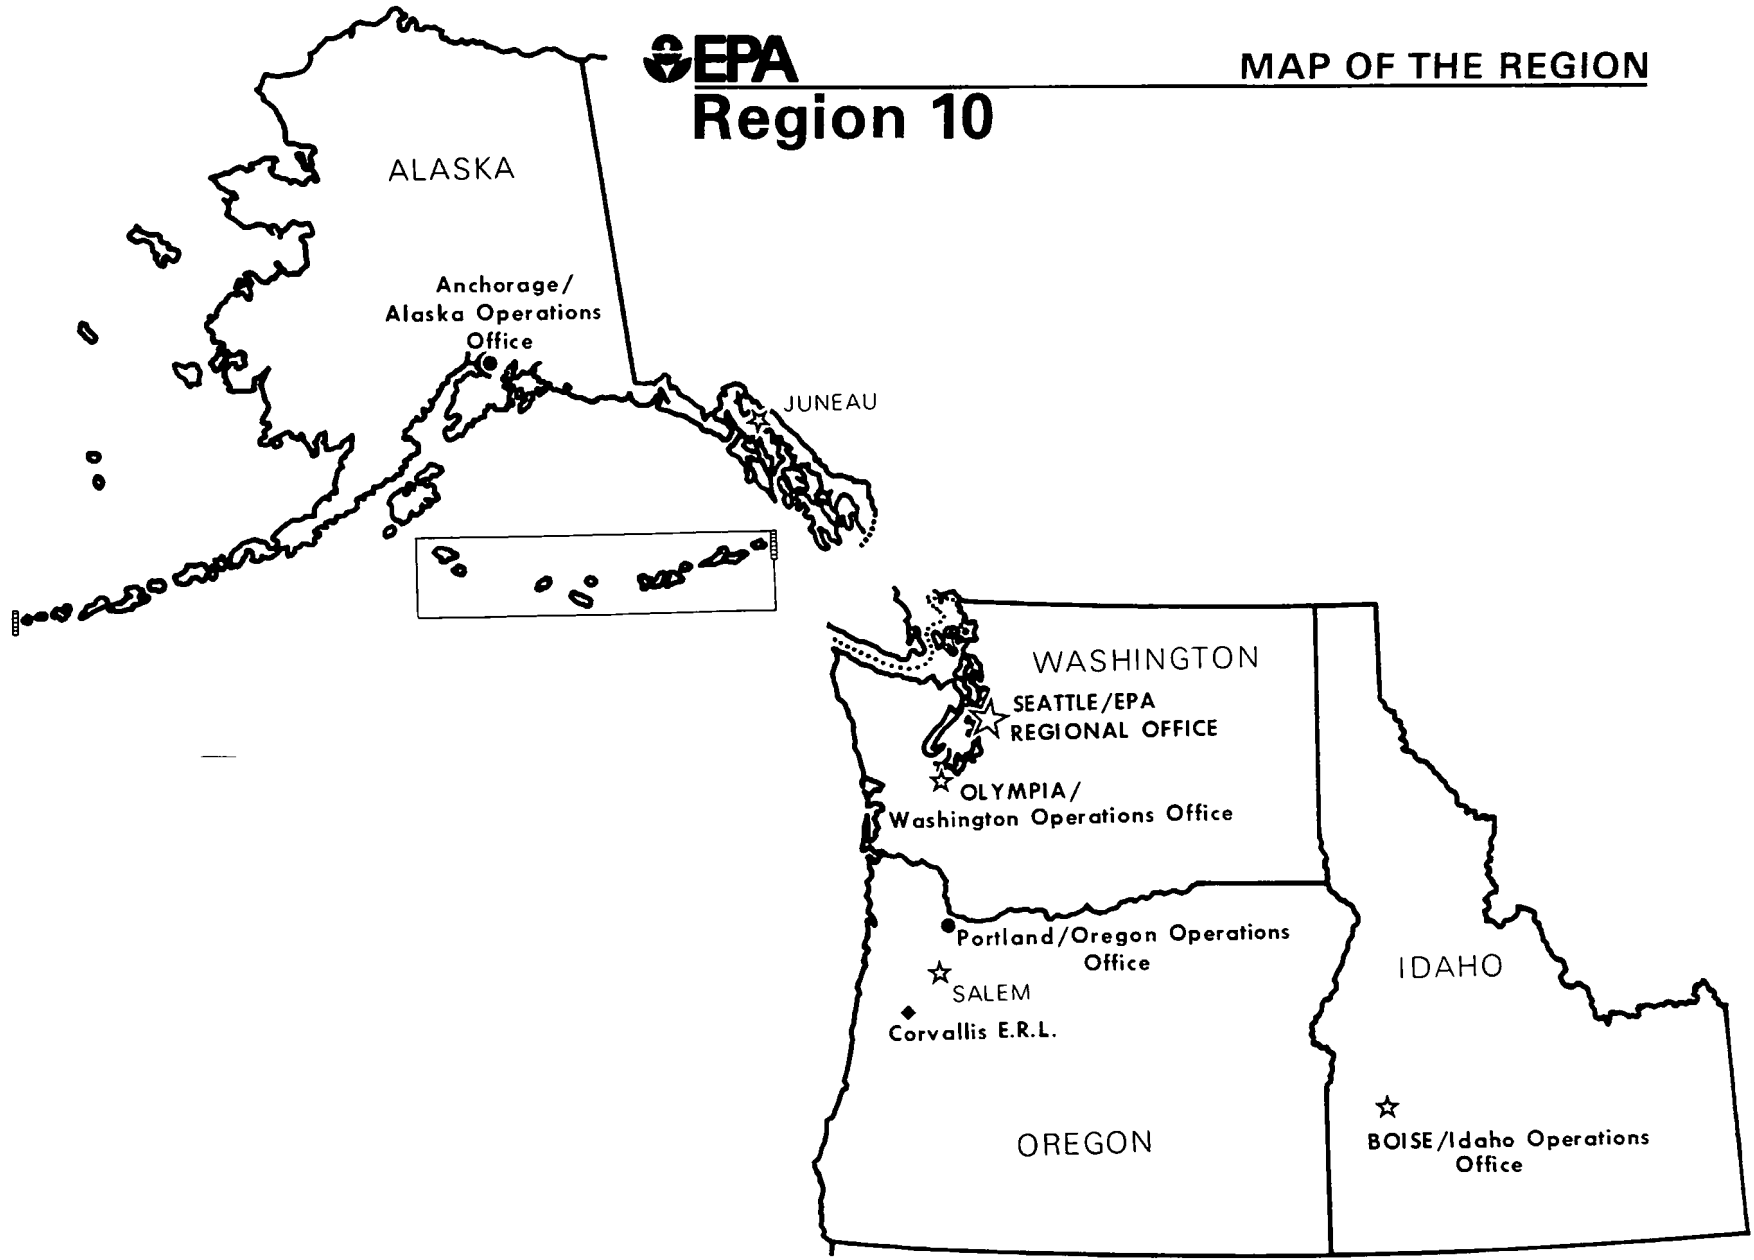

With Your EPA

A Healthful Environment - A Child's Right

EPA
Region 10

MAP OF THE REGION

PREFACE

We hope [this directory] will help persons seeking information from the Environmental Protection Agency. [It includes the EPA persons and activities that can provide information to citizens in the Region 10 area of the Pacific Northwest and Alaska.]

Unless otherwise noted, addresses are all at 1200 Sixth Avenue, Seattle, Washington 98101. (Use of mail stop numbers will expedite the handling of letters.)

To locate a person by name, please consult the EPA telephone directory or call (206) 442-1200; EPA information.

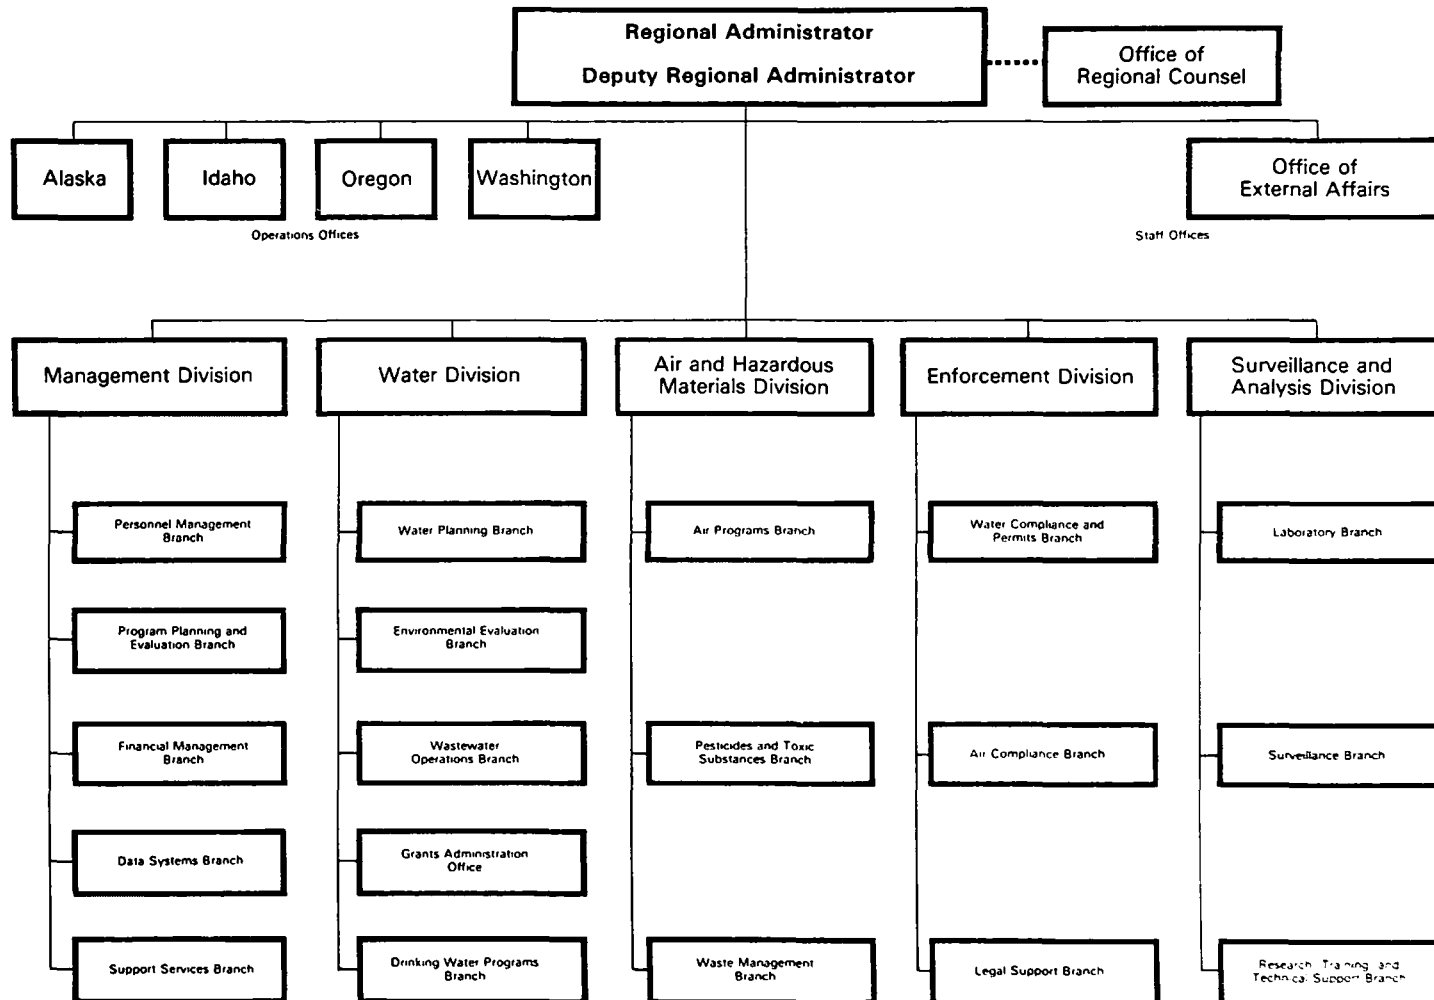

You can find the Regional Office on the 9th through 12th floors of the Park Place Building, located adjacent to the Freeway Park at Sixth Avenue and Seneca Street in downtown Seattle.

Seattle WA 98101

REGIONAL ORGANIZATION

REGIONAL ADMINISTRATOR AND STAFF

OFFICE OF THE REGIONAL ADMINISTRATOR

Manages and directs the regulatory, enforcement, research, monitoring, planning and program activities of Region 10 . . . initiates policies, makes final decisions affecting the Region, and is responsible for the administrative organization of the Regional Office.

Regional Administrator	Mail Stop	Telephone
Donald P. Dubois	601	442-1220
Secretary: Pamela Anderson	601	442-1220
Deputy Regional Administrator		
L. Edwin Coate	601	442-1220
Secretary: Carmen Contreras	601	442-1220

OFFICE OF EXTERNAL AFFAIRS

Represents the Regional Administrator in relations with elected Federal, State and local officials, with the news media, with other Federal agencies, with Indian Nations, and the general public. Assures opportunity for minorities in EPA-funded activities. Monitors public participation in Agency-supported programs. Insures timely responses to Freedom of Information requests. Maintains the Regional library, distributes general-interest publications, provides speakers at public meetings, assists educators.

Director: Donald Bliss	634	442-1203
Congressional: Mary Neilson	635	442-4280
Federal, State, County: Walter Jaspers	633	442-1203
Civil Rights: Harley Bird	633	442-1356
Public Interest: Deborah Palmer	633	442-1203
Library: Arvella Weir	541	442-1289
Speakers Bureau, Education: Jonell Meeker	635	442-1203
Press: Robert Jacobson	635	442-1203

REGIONAL ADMINISTRATOR AND STAFF

OFFICE OF REGIONAL COUNSEL

Provides legal advice to the Regional Administrator and all divisions of the Regional Office. Conducts hearings, interprets statutes, negotiates grant disputes, defends Agency in litigation. Regional Hearing Clerk receives pleadings, documents for official filing in disputed matters.

	Mail Stop	Telephone
Regional Counsel: Theodore Rogowski	613	442-1152

MANAGEMENT DIVISION

MANAGEMENT DIVISION

Directs provision of administrative support including personnel management, program planning and evaluation, financial management, data systems, support services, safety, and security, for all regional programs.

	Mail Stop	Telephone
Director: Michael Anderson	305	206/442-1233

Personnel Management Branch

Provides comprehensive advice and assistance to managers and employees on personnel and program management matters.

Chief: Floyd Winsett	301	206/442-4928
Personnel Information	301	206/442-1240

Financial Management Branch

Formulates, implements, and controls accounting and budget and reports analyses.

Chief: Larry Petersen	313	206/442-1586
------------------------------	-----	--------------

Program Planning and Evaluation Branch

Coordinates development of the region's annual operation plans, monitors regional progress and evaluates program effectiveness.

Chief: John Barich	312	206/442-1250
---------------------------	-----	--------------

MANAGEMENT DIVISION

Data Systems Branch

Coordinates data processing operations, including systems analysis and auditing, conducts various special studies.

	Mail Stop	Telephone
Chief: Dennis Schur	413	206/442-1580

Support Services Branch

Provides general support services, including purchasing and contracts management.

Chief: Diana Doherty	349	206/442-1243
Purchasing: Robert Luce, Karen Ihrig	352	206/442-1385
Graphics: Christopher Moffett, Eric Meyerson	349	206/442-4114

WATER DIVISION

WATER DIVISION

Directs the development, coordination, implementation, and evaluation of the drinking water and water pollution control programs.

	Mail Stop	Telephone
Director: Robert Burd	437	442-1237

Water Planning Branch

Administers environmental management and planning programs carried out by State and local governments.

Chief: John Underwood	433	442-1256
Agricultural Specialist: Eugene Veirs	453	442-1350

Water Quality Management Section

George Abel	441	442-1216
-------------	-----	----------

Nonpoint Sources Control Section

William Clothier	446	442-1086
------------------	-----	----------

Environmental Evaluation Branch

Reviews Federal and State Agency environmental impact statements. Advises the Administrator on energy, coastal zone management and land use. Prepares all EPA environmental impact statements and negative declarations.

Chief: Alexandra Smith	443	442-1285
-------------------------------	-----	----------

Environmental Emergency Section

James Willmann	329	442-1263
After Hours Emergency Line:		442-1200

WATER DIVISION

Wastewater Operations Branch

Ensures that Federally assisted, publicly owned wastewater treatment facilities are constructed and operated in accordance with program policies, standards, regulations and criteria, are cost-effective, and benefit the public.

	Mail Stop	Telephone
Chief: Roy Ellerman	429	442-1266
Grants Operation Section Norman Sievertson	429	442-1266
Grants Surveillance Section Robert Kussman	429	442-1266
Operation and Maintenance Thomas Johnson	429	442-1266

Grants Administration Branch

Manages and administers EPA grants for State and local water pollution control programs. Provides application forms and grant regulations to prospective applicants.

Chief: Jackie Dailey	421	442-1096
-----------------------------	-----	----------

Drinking Water Programs Branch

Assists local, State and other Federal agencies in the surveillance and protection of drinking water systems and underground water sources.

Chief: William Mullen	409	442-1223
Water Systems Surveillance Program Gerald Opatz	409	442-1223
Underground Protection Program Harold Scott	409	442-1223
Technical Assistant & Special Studies Roy Jones	409	442-1223

AIR AND HAZARDOUS MATERIALS DIVISION

AIR AND HAZARDOUS MATERIALS DIVISION

Directs regional programs dealing with the control of air and noise pollution, solid and hazardous waste management, resource recovery, pesticides, radiation, and toxic substances.

	Mail Stop	Telephone
Director: Douglas Hansen	529	442-1236

Air Programs Branch

Assists State and local agencies working to control air pollution. Develops regional air pollution control strategy.

Chief: Clark Gaulding	629	442-1230
------------------------------	-----	----------

Air Coordination and Planning Section

Thomas Wilson	625	442-1226
---------------	-----	----------

Support and Special Projects Section

George Hofer	625	442-1125
--------------	-----	----------

Pesticides and Toxic Substances Branch

Assists State and local agencies working on pesticides product registration, experimental use permits, certification of pesticide applicators, and accident investigation. Enforces the Federal Insecticide, Fungicide and Rodenticide Act by conducting inspection, monitoring, and compliance activities. Provides technical assistance to the public, States, and industry on toxic substances related issues. Enforces the provisions of the Toxic Substances Control Act.

Chief: Robert Poss	524	442-1090
---------------------------	-----	----------

Enforcement Section

Donald Donaldson	524	442-1090
------------------	-----	----------

Technical Support Section

Lyn Frandsen	524	442-1090
--------------	-----	----------

Toxic Substances Program

James Everts	524	442-5560
--------------	-----	----------

AIR AND HAZARDOUS MATERIALS DIVISION

Waste Management Branch

Provides assistance to local, State, and Federal agencies in dealing with environmental problems associated with solid waste management, radiation, and noise control.

	Mail Stop	Telephone
Chief: Kenneth Feigner	529	442-1253

Radiation Program

Reviews radiological aspects of proposed and ongoing Federal agency activities and drinking water standards. Assists States in development and evaluation of emergency plans and radiation control programs.

Edward Cowan	530	442-1260
--------------	-----	----------

Solid Waste Program

Provides technical and financial assistance to State and local government on all aspects of solid waste storage, collection, disposal and resource recovery. Serves as focal point for implementation of the Resource Conservation and Recovery Act.

Tobias Hedgahl	530	442-1260
----------------	-----	----------

Noise Program

Provides technical assistance and information to local, State and Federal agencies. Conducts surveys to identify regional noise problems and alternative solutions.

Deborah Yamamoto	530	442-1253
------------------	-----	----------

ENFORCEMENT DIVISION

ENFORCEMENT DIVISION

Administers the National Pollutant Discharge Elimination System and Dredge and Fill Permit programs under the Clean Water Act and the New Source Review and Prevention of Significant Deterioration Permit Programs under the Clean Air Act. Directs compliance, assurance and enforcement of EPA environmental laws and regulations including air and water pollution control, pesticide safety, drinking water purity, and the management of oil spills and solid and hazardous wastes.

	Mail Stop	Telephone
Director: Lloyd Reed	517	442-1265

Permits Branch

Coordinates and integrates permits for new industrial sources to assure that conflicting multi-media requirements are resolved and that permits are processed and issued in a timely fashion. Conditions and processes National Pollutant Discharge Elimination System and Prevention of Significant Deterioration permits for EPA issuance by the branch. Reviews applications for dredge and fill permits and provides comments to the Army Corps of Engineers, who have the permitting authority.

Chief: Harold Geren	512	442-1348
New Source Permit Section Michael Johnston	513	442-1387
Water Permit Section Charles Findley	521	442-1213
Dredge and Fill Permit Section Ronald Lee	521	442-1352

ENFORCEMENT DIVISION

Compliance Branch

Assures compliance of sources of pollution with the Clean Air Act, Clean Water Act and other Federal statutes including the National Pollutant Discharge Elimination System and Prevention of Significant Deterioration Permit Programs, State Implementation Plans, New Source Performance Standards, and National Emission Standards for Hazardous Air Pollutants. Manages the data systems for tracking compliance and the Federal inspection and enforcement action programs for carrying out responsibilities.

	Mail Stop	Telephone
Chief: James Sweeney	513	442-1387
Air Compliance Section Mark Hooper	513	442-1387
Water Compliance Section Philip Millam	512	442-1213

Legal Support Branch

Provides general legal support (on request by EPA operating programs) for the enforcement of regulatory programs administered by EPA. Accumulates and verifies evidence supporting a proposed enforcement action, conducts legal research, prepares appropriate legal documents, negotiates to obtain admissions and settlement agreements, recommends administrative and judicial enforcement actions and presents cases at administrative hearings and court trials.

Chief: John Hamill	513	442-1275
---------------------------	-----	----------

SURVEILLANCE AND ANALYSIS DIVISION

SURVEILLANCE AND ANALYSIS DIVISION

Provides technical studies, surveillance, monitoring and laboratory services, and research and training liaison in support of all regional programs as well as other Federal, State and local agencies.

	Mail Stop	Telephone
Director: Gary O'Neal	337	442-1295

Surveillance Branch

Conducts air- and water-quality monitoring at sources and in the environment. Ensures purity of unleaded gasoline. Evaluates emissions controls. Produces environmental quality reports.

Chief: Benvenido Eusebio	345	442-0422
Water Surveillance & Investigation Section Ronald Kreizenbeck	345	442-1210
Air Surveillance & Investigation Section William Schmidt	333	442-1491

SURVEILLANCE AND ANALYSIS DIVISION

Research, Training and Technical Support Branch

Provides point of contact for environmental research and development and technology transfer activities. . . coordinates manpower training.

	Mail Stop	Telephone
Chief: Robert Courson	329	442-1296
Research, Development and Technology Transfer John Osborn	329	442-1296

Laboratory Branch

Provides chemical, biological and microbiological laboratory analyses of pollutants. Evaluates and certifies laboratories.

Chief: Arnold Gahler	1519 Alaskan Way So. Seattle, Washington 98134	442-5840
-----------------------------	---	----------

OPERATIONS OFFICES

ALASKA OPERATIONS OFFICE

Represents and assists the Regional Office in coordinating and carrying out EPA programs in the State of Alaska. Conducts field surveillance and compliance monitoring and is responsible for surveillance of the Alaska Pipeline.

	Address	Telephone
Director: Richard Thiel	Room G66 Federal Building 605 4th Avenue Anchorage, AK 99501	907/265-4881
Oil Programs Raymond Morris		907/265-4881
Construction Grants Daniel Crevenston		907/265-4881
Water Planning Stanley Brust		907/265-4881
Waste Discharge Permits Industrial William Lamoreaux		907/265-4881
Municipal Lindsay Scarborough		907/265-4881
Federal Facilities Stanley Brust		907/265-4881
Air Programs Robert Chivvis		907/265-4881
Pesticides & Solid Wastes Stanley Brust		907/265-4881

OPERATIONS OFFICES

IDAHO OPERATIONS OFFICE

Represents and assists the Regional Office in coordinating and carrying out EPA programs in the State of Idaho. Provides technical support for programs pertaining to construction grants, water cleanup permits, and environmental management planning.

	Address	Telephone
Director: Lynn McKee	422 W. Washington Street Boise, Idaho 83702	208/384-1450
Sewerage Construction Warren McFall		208/384-1450
Water Planning Stephen Provant		208/384-1450
Water Cleanup Permits Mark Marsarik		208/384-1450
Air Programs John Pfander		208/384-1450
Pesticides, Safety William Freutel, Jr.		208/384-1450

OPERATIONS OFFICES

OREGON OPERATIONS OFFICE

Represents and assists the Regional Office in coordinating and carrying out EPA programs in the State of Oregon. Provides technical support for programs pertaining to construction grants, waste discharge permits, safe drinking water, air pollution coordination and water quality management planning.

	Address	Telephone
Director: John Vlastelicia	522 SW 5th Ave, 2nd Floor Portland, Oregon 97205	503/221-3250
Sewerage Construction William Sobolewski		503/221-3250
Water Planning Cecil Ouellette		503/221-3250
Waste Discharge Permits Alan Goodman		503/221-3250
Air Programs Norman Edmisten		503/221-3250
Drinking Water Donald Gipe		503/221-3250
Pesticides, Safety Kendall Covert	Rt 1 Box 12A Troutdale, OR 97060	503/667-5231

OPERATIONS OFFICES

WASHINGTON OPERATIONS OFFICE

Represents and assists the Regional Office in coordinating and carrying out EPA programs in the State of Washington. Provides technical support for programs pertaining to construction grants, water cleanup permits, and environmental management planning.

	Address	Telephone
Director: Lyman Nielson	13400 Northrup Way, Suite 3 Bellevue, WA 98004	206/455-7218
Environmental Planning Alvin Ewing		206/455-7218
Water Cleanup Permits Kenneth Mosbaugh		206/455-7218
Sewerage Construction Kenton Lauzen	c/o Department of Ecology Olympia, Washington 98504	206/753-2909
Daniel Robison	c/o Department of Ecology Mail Stop LU-11 Southwest Regional Office Olympia, Washington 98504	206/753-2897
Warren Montgomery	c/o Department of Ecology 4350 150th Ave. N.E. Redmond, Washington 98052	206/885-1900 Ext. 210

RELATED FACILITIES AND LABORATORIES

CORVALLIS ENVIRONMENTAL RESEARCH LABORATORY

One of 15 nationwide research facilities of the EPA Office of Research and Development, the EPA laboratory in Corvallis, Oregon, studies the effects of pollutants on terrestrial, freshwater, and marine ecosystems; relationships among life support systems in the air, land and water environments; and the development of predictive models on the movement of pollutants in the biosphere.

	Address	Telephone
Acting Director: James McCarty	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4601
Deputy Director: Vacant		

Information Services

Represents the Laboratory Director in public and technical information dealings with other components of EPA, other agencies, the research and academic communities, citizen groups, the general public, and the news media.

Director: Karen Randolph	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4609
Library: Betty McCauley		503/757-4731

Program Operations Staff

Handles program planning, personnel, and general administrative management.

Director: Charles Frank	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4651
--------------------------------	---	--------------

RELATED FACILITIES AND LABORATORIES

Freshwater Systems Division

Handles water quality criteria, nonpoint sources, lake restoration, cold climate, and wetlands research.

	Address	Telephone
Director: Thomas Maloney	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4605

Marine Systems Division

Handles marine problems.

Director: Donald Baumgartner	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4721
-------------------------------------	---	--------------

Terrestrial Systems Division

Handles air ecology, land disposal, pesticides and acid rains research.

Director: Norman Glass	200 S.W. 35th Street Corvallis, Oregon 97330	503/757-4671
-------------------------------	---	--------------

Field Stations

Newport Field Station
Richard Schwarts

OSU Marine Science Center
Newport, Oregon 97365

503/867-4041

Arctic Environmental Research
Ruth McFadden

College, AK 99701

907/479-7728

RELATED FACILITIES AND LABORATORIES

WENATCHEE FIELD STUDIES SECTION LABORATORY

The Wenatchee Laboratory was established under the U.S. Public Health Service in 1951 and placed under EPA when that agency was formed. It is the Field Studies Section of the Population Studies Division of the Health Effects Research Laboratory, EPA, at Research Triangle Park, North Carolina. It is a small laboratory conducting research on effects of pesticides and certain other toxic chemicals on human health and the environment.

	Address	Telephone
Chief: Homer Wolfe	P.O. Box 219 Wenatchee, WA 98801	509/662-4243
