In DC & VA: (202) 566-2822

The following list of Publications has been compiled to help small businesses and other interested parties understand environmental trends, requirements, and regulations. Updated editions will be automatically substituted. As publications are identified, they will be added to this list. They are grouped by subject areas, and individual items may be ordered using the order form attached, or by calling one of the above numbers. Availability of some publications is limited, so please order only those pertinent to your needs and in minimum necessary quantities. Since none of these is copyrighted, any one may be duplicated locally.

DISCLAIMER: The materials listed below are available directly or indirectly from the Office of the Small Business Ombuds-man (OSBO) at EPA, and are presented as an information service for small businesses and other parties needing or interested in information on the protection of human health and the environment. Some of this material was not officially compiled and made publicly available by EPA, and the accuracy of those which have been is subject to subsequent correction based on future developments.
