SECTION THREE LIST OF MUNICIPAL SOLID WASTE LANDFILLS	3-1

SECTION ONE INTRODUCTION

EPA's Office of Solid Waste originally developed a list of municipal solid waste landfills (MSWLF's) as part of the 1986 "Census of State and Territorial Subtitle D Non-Hazardous Waste Programs". This document, which simply identified the name and location of MSWLF's in the United States, proved to be quite popular because it was the first time that a single national list of MSWLF's had been developed. Since much of the information contained in the original listing is now out of date, this 1992 document attempts to provide a more recent national listing of MSWLF's. The original 1986 list showed a total of 7,683 MSWLF's, while this updated 1992 listing shows a total of 5,345 (See Table 1).

The 1992 list is compiled from individual records that were collected from the states and territories; the quality of the information varies accordingly. Some of the lists may be incomplete or outdated, but were the best available at the time the information was requested. Due to restrictions regarding the number of State/Territorial contacts that could be made, not all of the entries are current. It should also be noted that no attempt has been made to verify the accuracy of the individual lists. We wish to thank the State and Territorial officials who contributed their time and energy to provide these lists.

Section Two of the report provides summaries of the types of information contained in each State's list. A comment section identifies any processing that was done to obtain the list of active MSWLF's. Also included in the summary is a mail/telephone contact for each State/Territory. Section Two is organized alphabetically by the complete name of the State.

Section Three is the listing of active MSWLF's. Included in the listing is the landfill name, town/city, county, state, and zip code for each MSWLF wherever such data are available. The section is organized alphabetically by the two-letter abbreviation for each State. Within each State, the list has been sorted by county name and then by landfill name.

COMMENTS: All sanitary landfills are included except those listed as "closed" or "closing".

ALASKA

Number of MSW Sites: 138

Date of Data: 1988 & 1989

The following additional information is available from the State:

State Region
Operator/Permittee
Permit Number

Types of Waste Accepted
Permit Issue Dates
Permit Expiration Dates

STATE CONTACT: Dave Wigglesworth
Acting Chief, Solid and Hazardous Waste Management Section
Division of Environmental Quality
Department of Environmental Conservation
P.O. Box 0
Juneau, AK 99811-1800
(907) 465-2671

COMMENTS: Landfill information for Alaska is compiled from three different regional lists. The lists are not in a consistent format, thus, the above items may not be available for all facilities. The lists include all types of solid waste facilities, however, the facility type is not always specified. Thus, the active municipal landfills were identified based upon such information as operator name, landfill name, as well as entries in the comments sections. Many of the sites are small facilities utilized for camp waste.

AMERICAN SAMOA

Number of MSW Sites:

(303) 331-4830

COMMENTS: The Colorado list includes all solid waste facilities. Only landfills were included in this listing. An effort was made to exclude landfills which didn't appear to accept MSW (e.g., if the owner was a concrete or construction company). Thus, it is possible that this listing includes some landfills which do not accept MSW.

COMMONWEALTH OF NORTHERN MARIANA ISLANDS

Number of MSW Sites: 0

Date of Data: 5/92

The following additional information is available from the State:

STATE CONTACT: William B. Lopp, Chief
Division of Environmental Quality
Department of Public Health and Environmental Services
P.O. Box 1304
Commonwealth of Northern Mariana Islands
Saipan, TT 96950
[011] (670) 234-6984

COMMENTS: According to telephone contact with the Northern Mariana Islands Department of Public Health, there are no landfills classified as sanitary or municipal in this protectorate. They do have three active open dumps which are not considered sanitary landfills (one site on each island: Saipan, Tinian, and Rota). Construction is expected to begin in October, 1992 for a new landfill which will meet RCRA subtitle D municipal landfill requirements.

CONNECTICUT

Number of MSW Sites: 34

Date of Data: 8/88

STATE CONTACT: Dick Barlow
Chief, Bureau of Waste Management
CT Department of Environmental Protection
165 Capitol Avenue
Hartford, CT 06106
(203) 566-8476

COMMENTS: The Connecticut list includes all solid waste facilities. Resource recovery and incinerators were excluded from this list, as were facilities where capacity was expected to have run out in 1990 or sooner.

DELAWARE

Number of MSW Sites: 3

Date of Data: 10/90

The following additional information is available from the State:

STATE CONTACT: Phillip Retallick

Texas Water Commission
P.O. Box 13087, Capitol Station
Austin, TX 78711-3087
(512) 463-7760

COMMENTS: The Texas list includes all types of solid waste facilities. The MSW landfills were identified as Type 1, Type 2, or Type 3 facilities (Municipal Landfills with varying populations served). Facilities with a "C" status (Closed, not accepting waste) were excluded from the list, while those with an "A" status (Active, accepting waste) or an "O" status (Open, not currently accepting waste) were included. Of the 555 landfills, 113 represent "O" facilities which are open, but not currently accepting waste.

COMMENTS: The Utah list includes all solid waste facilities. The MSW landfills were identified as those landfills with a "PLF" (Permitted Landfill) or "NPLF" (Non-Permitted Landfill). It was not possible to distinguish facilities accepting MSW, thus this listing may include some non-MSW landfills such as construction debris (all industrial landfills were identified and excluded). There are 91 open dumps on the Utah list, which were excluded from this listing.
