4EAD

MEMORANDUM

SUBJECT: Updated Responsibilities Lists and Services List

FROM: Phyllis P. Harris, Regional Counsel and Director

Environmental Accountability Division

TO: Environmental Accountability Division Staff

Over the past months, there have been changes in the Environmental Accountability Division's (EAD) Front Office duties because of Greg Glahn's retirement, Gay Upchurch's selection as EAD's Administrative Officer, and Tesa King's job transfer. The purpose of this memorandum is to clarify areas of responsibilities for Cheryl McMenamin, Gay Upchurch, Anne Waldorf, and Tesa King. Also, there is a list of duties formerly performed by Greg Glahn that now will be assumed by other EAD employees. For your convenience, there is an EAD contact list for routine office services that shows the person to call and his/her phone number. Hopefully, you will find this information helpful and time-saving.

Attachments

CHERYL McMENAMIN'S DUTIES

RESOURCES

- Oversees and reviews Office of Enforcement and Compliance Assurance (OECA) and Office of General Counsel (OGC) Full Time Equivalency Allocations and Workload Models.
- ♦ Reviews OECA and OGC Budget Plans.
- ♦ Assists EAD managers with GPRA implementation and financial reporting.
- Reviews, tracks, and coordinates EAD's contract and grant funds.
- Reviews, tracks, and coordinates EAD's EPM resource allocations through the EMT Status Report.
- ♦ Coordinates FMFIA for EAD.

CONTRACTS

- ♦ Administers the EAD Law Library and Records Program as the Delivery Order Project Officer for the Armstrong Data Services Contract
- Serves as the alternate project officer for the Inter-Agency Agreement with the Department of Justice for CACI Litigation Support.

COMPUTERS

♦ Acts as the EAD Computer Coordinator.

TEAMS

Participates as a team or work group member:

EAD Division Design Team, EAD Communications Team and Webpage Subgroup, Region 4 Year 2000 Computer Work Group, and Region 4 Webpage Work Group.

GAY UPCHURCH'S DUTIES

RESOURCES

- Reviews and tracks OECA and OGC Full Time Equivalency (FTE) allocations by balancing the Budget Office's monthly Manpower Reports that track FTEs and maintaining the EAD Staffing Plan.
- Oversees financial management and budgets for EAD's funds in Travel, Training, Overtime, Awards, and General Fund.
- ♦ Acts as EAD's point-of-contact with the Budget Office.
- ♦ Coordinates GPRA payroll accounts and serves as a member of the GPRA Payroll Subgroup.

HUMAN RESOURCE MANAGEMENT

♦ Coordinates Position Descriptions, Performance Standards, Requests for Personnel Action, Crediting Plans, Awards, and Reorganizations.

EQUALITY EMPLOYMENT OPPORTUNITY (EEO)

- ♦ Recommends proposals for achieving EEO goals.
- ♦ Prepares EAD's EEO reports.

TIMEKEEPING

- ♦ Acts as EAD's overall point-of-contact for timekeeping matters.
- Assist with leave and payroll questions and problems.
- Coordinates administration of leave bank hours with the Human Resource Management Branch.
- Backs up to Anne Waldorf as timekeeper coordinator.

TELEPHONES

- ♦ Acts as EAD's overall point-of-contact for telephone services.
- Backs up to Anne as telephone coordinator.

SPACE AND FACILITY ISSUES

- Assists managers with space allocations.
- ♦ Backs up Anne Waldorf in reporting facility, furniture, signage, and mover needs to the Facilities Management Section.

PROPERTY

Oversees the annual property inventory.

COMPUTERS

• Coordinates the establishment of LAN and cc:mail services for new employees and contractors

with the Information Management Branch.

ANNE WALDORF'S DUTIES

RESOURCES

- Purchases items costing \$2500 or less with her Visa Bankcard.
- Prepares office-wide purchase requests.
- Assists employees in requests for printing.
- Oversees the timely response of EAD's Accounts Receivable Report with the Finance Office.
- Reviews administrative paperwork and accounting data for travel, training, purchase requests
- Prepares and processes all permanent change of station travel, first post of duty travel, invitational travel, witness travel, and travel as an emergency back-up.
- Tracks purchase request paperwork in the Budget Office and Purchasing Office.
- Assists staff members with budget questions and concerns.
- Provides new employees with information on travel, training, and purchasing.
- Processes and tracks overtime requests.

HUMAN RESOURCES MANAGEMENT

- Assists in the clearance process for EAD employees who are leaving the Agency.
- Prepares requests for photo identification cards and EPA Credentials.

TELEPHONES

- Provides telephone and voicemail training for new employees and distributes telephone information
- Request telephone services for new employees.
- Coordinates telephone calling card requests and reviews calling card reports.
- Reports telephone repairs problems to the Region 4 Communications Officer.

TIMEKEEPING

- ♦ Acts as EAD's Designated Agent for timekeeping. This includes organizing, distributing, collecting, reviewing, and correcting timecards and amended timecards.
- ♦ Assists timekeepers with timecard problems.
- ♦ Receives and distributes Leave and Earnings Statements.
- Reviews, copies, and distributes timecard verification reports.

SPACE AND FACILITY ISSUES

- Reports facilities problems and needed repairs to the Facilities Management Section.
- Acts as a point-of-contact for repairs.

PROPERTY

- ♦ Acts as custodial officer for the front office.
- Assists other custodial officers with the annual property inventory.

FORMS

Orders government forms for EAD.

TESA KING'S DUTIES

- ♦ Logs Front Office mail and distributes it.
- ♦ Logs Front Office incoming and outgoing correspondence.
- Receives, date stamps, and delivers certified mail and Federal Express mail for the division.
- Assists in retrieving, logging, and distributing Regional Administrator's mail.
- ♦ Assists in EAD mail duty.
- Prepares response letters to job applicants and mails letters.
- ♦ Answers the Front Office telephones.
- ♦ Acts as an approver for the Supply Ordering System.
- ♦ Orders supplies for the EAD Front Office.
- ♦ Acts as timekeeper for the Criminal Enforcement and FOIA staff.
- Backs up Valerie McGuire in the event of her absence.
- ♦ Acts as EAD's Vehicle Coordinator.
- ♦ Prepares EAD's Weekly Report.
- ♦ Schedules EAD Conference Rooms 13 B and 13D.

U.S. ENVIRONMENTAL PROTECTION AGENCY

OFFICE OF GENERAL COUNSEL

Welcome to OGC's Intranet web site! Here's some of the information that's available at this site:

- In , you can obtain copies of EPA ethics advisories as well as connect to the Office of Government Ethics (OGE) web site.
- By clicking on one of the Law Offices, you can obtain a staff directory for that office, as well as the name of the OGC attorney assigned to a particular legal issue or matter. (You can also to help you locate an OGC legal expert on a particular topic.) Similarly, by clicking on , you can obtain a directory of OGC's administrative staff and the functions they perform.
- Go to to obtain a staff directory for OGC's front office.
- The page contains a variety of documents which will assist you in performing your legal work.
- will enable you to connect with dozens of government, educational and commercial web sites that contain legal information (e.g., cases, statutes) or other information of use to attorneys (e.g., information on continuing legal education and other opportunities for professional development).
- will link you to web sites maintained by EPA's Offices of Regional Counsel.
- Point your cursor at
 on legal research and other law library services available to OGC
 and other EPA staff. Also featured: handy tips on doing legal
 research on the Internet, a series of legal "pathfinders," and new
 acquisitions.

^{*} indicates that the attorney is assigned to another part of OGC, but is working on a project for the Solid Waste & Emergency Response Law Office.

ATTORNEY RESPONSIBILITY LIST

Listed below are the legal matters handled by the Solid Waste & Emergency Response Law Office. Contract, grant, appropriations law, information law (including FOIA and CBI), LUST trust fund, and other similar issues arising under RCRA and CERCLA are handled by OGC's Finance & Operations Law Office (FOLO). Please refer to the FOLO attorney responsibility list for the name of the OGC attorney assigned to these areas.

In the list below, the name of the Assistant General Counsel who handles a particular assignment appears in parentheses after the name of the staff attorney who works on that assignment.

Jormal

Rick, could you forward this to CERCLA Legal Support-North?

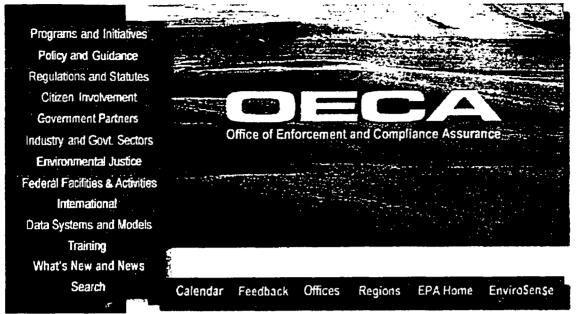

The purpose of this cc:mail is to ensure you know where to get the new HQ room numbers (Mail Codes have not changed) for mail deliveries such as via FEDEX, UPS, etc.

Mike Northridge indicated to me that there was no "hard" document listing of OSRE staffers' new room numbers (as in for FEDEX, UPS deliveries). While going to the "National Locator" icon on your desktop of your computer and doing a search will get you someone's phone #, you need to hit "Enter" after the initial search to bring up additional info, including the NEW ROOM NUMBERS. While it is not mandatory to have the room number for such deliveries, it is believed that it does help the process.

Let me know if I need to come to your desk and demonstrate for you. TOM 2-9646

With the help of the EPA Regional Offices, the States and the Tribes, the Office of Enforcement and Compliance Assurance (OECA) ensures that the nation's environmental laws are complied with and, if need be, enforced. Our mission is to protect the well-being of all Americans, our nation's environment and its natural resources; OECA's goal is to deliver compliance with U.S. environmental laws while inspiring the regulated community to employ methods that focus on pollution prevention.

Superfund Enforcement Initiatives

- Compensate Settlers for a Portion of Orphan Share
- Ensure Settlement Funds are Dedicated to Specific Superfund Sites
- Issue Superfund Cleanup Orders to Parties in an Equitable Manner
- Increase Number of Protected Small Contributors
- Reduce Oversight for Cooperative Parties

Compensate Settlers for a Portion of Orphan Share

Seek to compensate parties for a portion of the costs attributable to insolvent parties (orphan share) at Superfund sites where parties agree to perform the cleanup, subject to the adequacy of funding for the cleanup program. The most recent guidance for sites with orphan shares can be found on OSRE's Settlements page.

Ensure Settlement Funds are Dedicated to Cleaning Up Specific Superfund Sites

Direct settlement funds designated for future site costs to be placed in site-specific accounts. The most recent guidance about special accounts can be found on OSRE's <u>Settlements</u> page.

Issue Superfund Cleanup Orders to Parties in an Equitable Manner

Ensure that issuance of cleanup orders is not limited to a few responsible parties but includes all appropriate parties where there is a sufficient basis to include them. The most recent guidance about issuing cleanup orders can be found on OSRE's Administrative Orders page.

Increase the Number of Protected Small Contributors at Superfund Sites

Travel

All Travel requests and vouchers should be submitted to your legal techs. All travel arrangements and any inquiries should be directed to them.

You will be given a copy of your TA once processed to pick-up your ticket (if applicable). An advanced called to the SATO Travel office may be beneficial, but not needed. The number is 404/562-1186

MAIL

Incoming

Regular U.S. Postal mail is delivered to EAD twice daily around 10:30am and 2:00pm. It is then distributed by an EAD support staff person. **Federal Express/U.S. Postal Overnight and UPS** are delivered once or twice daily depending on its arrival in the EPA mailroom. It is logged into the front office and you are notified to pick it up.

Outgoing

Regular U.S. Postal, interoffice and Pouch mail is picked up from the EAD mailroom twice daily around 10:30am and 2:00pm. Outgoing mail is stamp with the office stamp and placed into the outgoing mailbox. Overnight and Express mail must be taken to the mailroom located on the 9th floor UNTIL 3:30 PM.

Courier

All courier packages are dropped off and picked up from the mailroom located on the 9th floor. If a courier package is not picked up, it is delivered in the next mail run coming from the mailroom.

MORANDUM

SUBJECT: Change in Mail Procedures

FROM: Gary H. White, Chief Facilities Management Section

TO: All Region 4 Employees.

Due to circumstances beyond our control, the U.S. Postal Service will no longer pick up registered mail from the EPA mail room and transport it to the Central City Carrier, which is our servicing station. Because of this change, our mail room personnel will, on a daily basis, carry all registered mail from our offices to the Central City Carrier located on Marietta Street.

All registered mail received in the mail room by 12:00 noon will be taken to the post office that same day, whereas all registered mail received after 12:00 noon will be transported to the post office the next official work day.

It is very important that you notify one of the mail room sonnel when dropping off registered mail. DO NOT simply place a one of the various mail room bins, as it may remain liscovered and miss the daily delivery.

Also, in a related mail matter, please be reminded that the Postal Service is the only Express carrier that will deliver to a Post Office (P.O.) Box address. None of the other Express Mail carriers, i.e. Federal Express, UPS, etc will deliver to P.O. Box addresses. Recently we have had a few instances of very important documents being returned because they were Fed Exed to a P.O. Box.

If you have any questions on these or other mail related problems, please call Joyce Evans, the mail room supervisor on extension 28173.

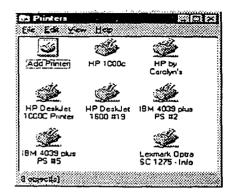

Printers

- Printer 1 east side next to printer 8
- Printer 2 South side, located in crossover
- Printer 3 West side, near coffee room (north end)
- Printer 4 next to Audrey Daniels
- Printer 5 near CERCLA COST RECOVERY ATTORNEYS
- Printer 6 east side, near ELIZABETH OBENSHAIN
- Printer 7 near contractor area
- Printer 8 northeast end, near the copy room
- Printer 9 front office
- Printer 10 Westside, near ROLANDO BASCUMBE

PRINTER SELECTIONS

PRINTER SELECTIONS ARE PROGRAMMED AT THE SET-UP STAGE. IF PRINTER SELECTION IS NOT PROPERLY SET-UP, CALL THE COMPUTER AND TELECOMMUNICATIONS SERVICE (CATS) 2-9982

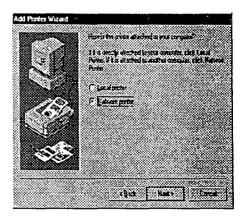

Open the printers folder by clicking on <u>"START"</u> at bottom left of the desktop. Scroll up to <u>"SETTINGS"</u> and over to <u>"PRINTERS"</u>. Double click on the add printer icon.

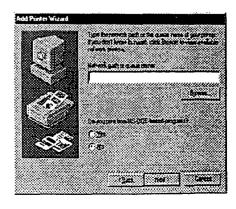

When this screen appears click the "NEXT" button.

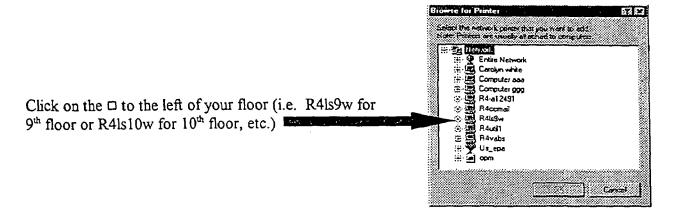

Select "NETWORK PRINTER" by clicking once on the circle to the left of it and then click the "NEXT" button.

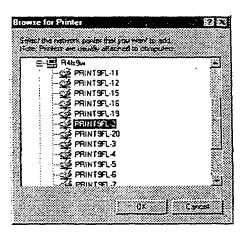

Click on the "BROWSE" button and the screen below will appear.

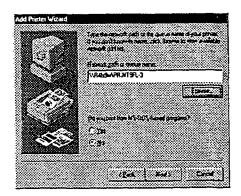

At this screen select the network printer number that you want to add and then click the "OK" button.

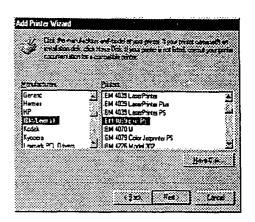

At this screen click the "NEXT" button.

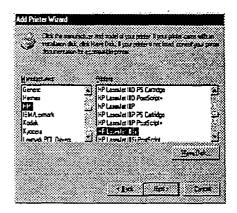

Select the printer type (driver) of the printer you are adding.

**** If you are adding printer numbered 1 - 10 select "IBM/Lexmark" in the Manufactures box and then select "IBM 4039 Plus PS" in the Printers box. ****

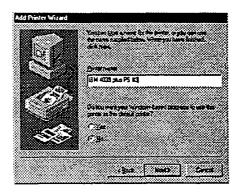

**** If you are adding printer numbered 11 or higher select "HP" in the Manufactures box and then select "HP LaserJet IIIsi" in the Printers box. ****

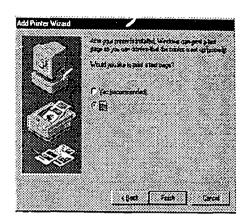

Click the "NEXT" button.

When this screen appears press the right arrow key on the keyboard one time and then type the # symbol and the number of the printer that is being added. Click the "NEXT" button.

Click the circle to the left of "NO" to select it and then click the "FINISH" button.

The printer will take a few seconds to install at this point. When it is finished, an ICON for the printer will appear in the Printers folder.

Conference Rooms

ATTACHMENT B

ACTION CODE NAME AND DEFINITION CHANGES: The chart below provide the action codes, categories, replaces/includes appropriate action codes and the new definitions.

Proposed Action code	Proposed Action code categories	Replaces/ includes these action codes	Definition of activities
CC	CERCLA Criminal Litigation	originally CC, then necorporated with LT	Includes: Activities performed for a Judicial action charging criminal violation(s) of CERCLA authority. Such cases typically cite (but are not limited to) violation of §103 Notification requirements.
LT	Litigation	CB, CL, SF, SV, SX, LT	Includes: Activities undertaken for all types of non-criminal CERCLA litigation (e.g., claim in bankruptcy proceeding; §104(e), §106 and/or §107 litigation; §109 administrative penalty assessment litigation). Includes preparation of litigation referral, preparation of case for filing, assisting in the actual litigation, responding to CERCLA 106(b) petitions; administrative or judicial actions for assessment of stipulated or statutory penalties for violation of earlier enforcement instruments; and all negotiations after the complaint or other initiating action is filed. This Action Code would be for use by both legal and technical or program staff. It would be linked to OECA as NPM.
NG	Negotiation	AC, AD, AN, AV, FN, RN, IN, NB, UA, NE	Includes: Negotiating for RD/RA, removal, RI/FS, cost recovery, de minimis and every other type of settlement negotiation we do w/ a PRP (other than negotiation of a prospective purchaser agreement) prior to filing the complaint; issuing demand letters; issuing notice letters which invite a PRP to engage in negotiations with EPA; using ADR and activities involved in getting the settlement approved and finalized, (e.g., discussions, meetings and sessions with PRPs, drafting settlement documents, Federal Register notice preparation, coordination with HQ and DOJ, pre-referrals/referrals to DOJ or HQ for approval of the settlement). Also, regarding UAOs it includes their preparation, issuance, holding conferences with the Respondents regarding the UAO, discussing with respondents any concerns they have about the UAO, and their intentions relating to compliance with the UAO.
PC	Cost Documentation Preparation	PC	Includes: Activities associated with the preparation of cost documentation in support of cost recovery actions, and the preparation and issuance of periodic billings for oversight costs and other costs.

		 	
พร	PRP Search/Case development, planning and closeout	DD, HV, RP, NS	Includes: All PRP search activities; preparation of initial notice letters to parties; general discussions with PRPs about site activities (i.e., not negotiations); preparing waste-in lists (or NBARs), activities to support orphan share determination, development of site enforcement strategy (other than specific strategies developed for purposes of and during the course of negotiations or litigation); preparation and review of §104(e) information requests, any information gathering that will help enable us to plan enforcement activities; preparation of cost recovery decision documents, and preparing and issuing comfort letters.
PS	Legal Review and Analysis (For Attorneys only)	PS	Includes: Review of CERCLA documents and other legal analysis in support of the CERCLA program, not otherwise covered under other Action Codes. Includes review of program/technical site documents such as RODs; review of PRP submissions under an enforcement instrument, prior to the time any such submission is determined to be in violation of the instrument (thereafter, such activities should be charged to the Action Codes for Compliance Enforcement or Litigation, as appropriate); seeking access from property owners (prior to the time an access order is prepared or litigation for access is sought); attending public meetings concerning a site; preparing and reviewing documents, and participating in meetings or hearings associated with the filing of a lien; preparing and reviewing an administrative record; negotiating State Superfund Contracts or Cooperative Agreements or other programmatic agreements; providing legal advice on non-enforcement questions; and preparing or reviewing non-enforcement correspondence, such as responses to Congressional requests. **This Action Code would be for use only by Agency legal staff (attorneys and paralegals). It would be linked to OECA as NPM for all activities in support of cost recovery or PRP
New Code	Prospective	N/A	response actions; and it would be linked to OGC as NPM for all activities in support of Fund-financed response and non-site specific legal counseling. Includes:
QX	Purchaser Agreements		All activities involved in preparing, negotiating and finalizing a prospective purchaser agreement.
New Code (have not been assigned) UZ	Compliance Enforcement	N/A	Includes: Activities undertaken to follow up on non-compliance by PRPs with performance or payment obligation, including: compiling and preparing documentation; warning telephone call; warning letter; memo to file documenting decision not to pursue penalties or otherwise take follow-up enforcement action; issuance of notice of violation; meeting with violator; negotiation of any deadline extension; dispute resolution; all activities for collection for delinquent accounts receivable including referral to DOJ or Treasury Department; calculation, negotiation and assessment of stipulated and/or statutory penalties; referral to DOJ for further enforcement. (For activities relating to such non-compliance that are carried out after EPA issues a § 109 administrative penalty complaint or after DOJ initiates court action, use the Action Code for Litigation, LT.)

Priority: Normal

TO: Mail List - #EAD Staff Subject: Weekly Report

Here are a few helpful hints that should be used by the staff preparing items to be submitted to Tesa for inclusion in the weekly report sent to Headquarters.

a) All items should be printed in the Times New Roman 12 font;

- b) The heading of each item should be in all caps, bold type with no underlining, unless referencing the name of a particular case;
- c) Under each heading, there are 3 sub-headings: Impact, Background, and Contact, respectively. These sub-headings should also be in all caps and bold type.
- d) There should be a colon after each of the sub-headings and, in the Impact and Background sections, there should be 2 spaces before typing begins. After typing the word "Contact", there should be a tab after the colon, instead of 2 spaces, followed by the individual's name on the same line, the name of their section on the second line, and their phone number on the third line, e.g.,

CONTACT: Tesa King

Immediate Office (404) 562-9501

c) All paragraphs should be left-justified; there should be no paragraph indents.

As a reminder, these items are due to Tesa each Wednesday, by noon, which gives Tesa the time she needs to pull all of the items together, give them to Phyllis or Bill for review, and send the final to Headquarters by the Friday deadline.

If anyone has any questions or comments, feel free to give me a call on 2-9669.

We greatly appreciate your cooperation in this matter.

Thanks,

Val

TO: William Bush, Robert Caplan, Jeffrey Dehner, Lisa Ellis, Thomas Hernandez,
Greg Luetscher, Andrea Madigan, Simon Miller, Dustin Minor, Susan Schub, Paul Schwartz,
Stedman Southall, Michelle Staes, Rudy Tanasijevich, Cathy Willis, Lawana Woodard,

Donzetta Workman, Kathleen Wright Subject: OTS Weekly Report Items

Please see the below message from Phyllis. As I have explained in the past and as you can probably tell from her message, the weekly report is very important to our boss. If you have accomplished something and don't take the time to do a weekly, then a major component of the success of that accomplishment is lost. It's not just a matter of making yourself or the Region look good, it's fullfulling a major portion of our performance agreement - keeping people up the food chain informed of what's going on. Phyllis message below I think is more focused on keeping trivial matters out of the report. I believe, however, that CERCLA is generally underreporting. If you have a question about whether you should do a weekly for an event, just ask me. Also please remember to include any significant counselling event that you have with OGC (regardless of how helpful OGC was during such event). For those new attys, if you're not sure how to do a weekly or what the weekly is, please see me or your mentor. Thanks, Bill.

Forward Header

Subject: OTS Weekly Report Items Author: Phyllis Harris at REGION4

Date: 9/16/1998 2:42 PM

As you know, EAD sends a weekly report to OECA every Thursday. I need to bring a couple of items to your attention.

First, the weekly report that this office sends to headquarters is distributed to OGC, CID, Division Directors, DRA, RA, all ten Regions, and all offices within OECA. Every organizational group within this office has a reporting relationship with OECA and may use the weekly report report as an opportunity to report noteworthy enforcement, legal counseling, environmental assessment, tribal, and environmental justice matters. Therefore, it is imperative that we ensure that these noteworthy items from the Division is reflective of how we want outside customers to see this Division. Therefore, I need you as managers to ensure that the items that you want included in the weekly are noteworthy. General staff work is not necessarily noteworthy. Items that demonstrate what we are doing to further the program, work on the MOA, work on significant EISs, etc. All items must have a "title". For example, an item that discusses what a person did with the programs or anybody need to titled as "program development" or SOMETHING. I would advise the technical managers to look at the weekly report from Region 1. (You may find it in the OECA report that is sent out weekly by Tesa.) It does a great job in capturing the "title" of the item that is being reported. The item being reported on must also be reported in the "third" person rather than in the first person. (No "I"s). Please note that I encourage you to report items that may not be "weekly" items for purposes of the senior staff meeting on Monday mornings. You are encourage to "*" those items that should not be reported to OECA in the weekly but should be reported to

Tesa and Valerie have a very hard Time trying to figure out what should or should not be included and how it should be formatted. Barbanderson currently reviews the weekly and makes many of the judgments. Effective immediately, all OTS items for the weekly must be reviewed and approved by Bruce. Bruce will ensure that the items are noteworthy and are written in such a way that demonstrates how the activity is furthering the program. The item will not be included in the report unless it has been reviewed and approved by Bruce.

I appreciate your efforts in ensuring that the weekly is a document that tells what our office is doing in a concise, effective manner.

Phyllis

4EAD

MEMORANDUM

SUBJECT: Civil Judicial Referral Procedures

FROM:

Phyllis P. Harris Double

Regional Counsel and Director

Environmental Accountability Division

TO:

Division Directors

Enforcement Branch Chiefs

This memorandum sets out requirements for review and approval of civil judicial referrals. The intent of these procedures is to ensure that referral documents are adequately reviewed and that appropriate Regional officials are briefed on proposed referrals in a timely manner.

I. Ensuring adequate review.

A. Concurrences. The final version of the referral package requires the concurrence of the appropriate enforcement branch chief(s), the appropriate division director(s) or deputy, the appropriate EAD office chief(s), and the EAD Director or Associate Director. All concurrences must be obtained prior to briefing the Regional Administrator or Deputy Regional Administrator (see below).

B. Time for review. As Regional Counsel, I am responsible for the legal content of referral packages. In order to allow adequate time for review and any necessary revisions, the final version of a referral package must be submitted to me no later than five working days prior to the briefing of the Regional Administrator or Deputy Regional Administrator (see below).

II. Ensuring appropriate officials are briefed.

A. Officials to be briefed. All of the following must be offered the opportunity to be briefed on a civil judicial referral: Program Division Director(s) or Deputy, EAD Director or Associate, and Regional Administrator or Deputy Regional Administrator. The Program Division Director and the EAD Director (or their deputies) must be briefed prior to the RA/DRA briefing, unless the directors or their deputies waive this requirement.

B. Scheduling of briefings. It is the responsibility of the program staff to schedule briefings with their management. It is the responsibility of the case attorney to schedule the briefing with EAD management and the RA/DRA. Generally, the lead legal and technical staff should attend each briefing. In addition, the EAD Technical Authorities will be invited to the briefings of me or my Associates.

MEMORANDUM

SUBJECT: Revised CERCLA Referral Document Distribution

FROM:

William Bush, Chief

Office of CERCLA Legal Support-South

TO:

Offices of CERCLA Legal Support

The purpose of this memorandum is to provide a reference list for EAD attorneys who have CERCLA cases that require direct or indirect referrals to the U.S. Department of Justice and the Office of Enforcement and Compliance Assurance (OECA). It has been revised to reflect changes and corrections, and supersedes the previously revised memorandum on this subject dated January 6, 1997. Included are instructions on which document to copy to whom, along with necessary titles, addresses, and corrected mail codes. Additionally, model cover letters are provided for each of the four principal categories of referrals.

Copies of the four attached model cover letters are on the S drive. To access the models, select the S drive, then "Apps", then "eadmodel", then "CERCLA Model Documents". The four file names, in order of this memorandum, are:

- 1.) Past Costs Civil Referral-Cover Ltr-99v1
- 2.) RDRA Pre-Referral-Cover Ltr-99v1
- 3.) CD for RDRA Referral-Cover Ltr-99v1
- 4.) CD Indirect Referral-Cover Memo-00vl

Please see Tom Hernandez regarding any changes that may occur in the future.

<u>MEMORANDUM</u>

SUBJECT: Consent Decree for [Remedial Design/Remedial Action

(RD/RA)] or [Cost Recovery]
[XYZ] Superfund Site [SSID=04XX]
[City], [----] County, [State]

FROM:

John H. Hankinson, Jr. Regional Administrator

TO:

Steven A. Herman

Assistant Administrator for Enforcement

and Compliance Assurance

The purpose of this memorandum is to formally request Headquarters' concurrence on the above-referenced matter.

[THEN CHOOSE EITHER (A) OR (B) OR (C) AS FOLLOWS:]

- (A) In combination with the cost of other Operable Units at the Site, total past and projected future costs at the Site will exceed \$100 million. Pursuant to the September 30, 1998, memorandum from Barry Breen entitled "Revisions to OECA Concurrence and Consultation Requirements for CERCLA Case and Policy Areas," Headquarters' concurrence is required for the enclosed RD/RA consent decree.
- (B) The enclosed proposed settlement involves a significant deviation from written Agency policy. Pursuant to the September 30, 1998, memorandum from Barry Breen entitled "Revisions to OECA Concurrence and Consultation Requirements for CERCLA Case and Policy Areas," Headquarters' concurrence is required for this settlement.
- (C) The enclosed proposed settlement compromises greater than 50% of total past and projected future response costs which are greater than \$2 million. Pursuant to the September 30, 1998, memorandum from Barry Breen entitled "Revisions to OECA Concurrence and Consultation Requirements for CERCLA Case and Policy Areas", Headquarters' concurrence is required for this settlement. [Note if paragraph (C) is used, the memorandum should be addressed to Sandra L. Connors, who has the delegated concurrence authority for this type of settlement.]

Attached you will find the original of the "Ten-Point"

Settlement Analysis required by the Agency's procedures, and copies of the Consent Decree and the draft Complaint that will be used to file the civil action required to lodge the Consent Decree in Court. The original of the Consent Decree, including the signature pages, has been sent to -----, the Office of Site Remediation and Enforcement's staff attorney, who participated in the negotiations related to this case.

For the reasons provided in the "Ten-Point" Settlement Analysis, the Region requests Headquarters' concurrence and approval of the attached Consent Decree. Once the concurrence has been granted, please refer the Consent Decree to the Department of Justice for the filing of a civil action, and the lodging of the Consent Decree in the U.S. District Court for the ----- District of the State of ----- Division.

Any inquiry related to this case may be addressed to -----, staff attorney in the Office of the Regional Counsel. [He/she] can be contacted at (404)562-[xxxx].

Your prompt consideration of this matter is appreciated.

Region 4 Library Staff

Library Services are provided by

Kathy PiselliSherryl DeckerThajura HarmonSheryl ExleyMarzeter MooreZenobia Adams

Kathy Piselli - Head Librarian, GCI Information Services (vmx 2-8122)

Kathy received her MLS from Atlanta University and has over 10 years experience working in libraries. She has worked as an EPA contractor for nine years -- four years in Superfund records management and the last five years in the library. Previously she worked at the Georgia Tech Library before coming to EPA. Her work related interests include the geology of the southeastern region and maps. In addition to managing the library, Kathy is responsible for purchasing materials for the library. Please feel free to contact her if you have seen a book related to your field that would be a good addition to the library collection.

Shervl Exley - Internet Librarian, GCI Information Services (vmx 2-8121)

Sheryl received her MLIS from the University of South Carolina and has worked in the field for over seven years. She has been an EPA contractor for the last five years. She spent three and half years working in Superfund records management before becoming the Reference Librarian in November 1997. Prior to coming to EPA, Sheryl worked as an Information Specialist at Rolls-Royce. Sheryl's main function is to design and maintain the Library's Intranet and Internet pages. She also provides training classes on various library resources as well as backup coverage for the reference librarian.

Sherryl Decker - Technical Services Librarian, GCI Information Services (vmx 2-8127) Sherryl received her MLS from the University of Southern Mississippi and has over ten years of library experience. Prior to coming to EPA, she worked as a School Media Specialist and a Materials Selection Specialist for the Lake Lanier Regional Library System. Sherryl has been an EPA contractor since July 1997. She worked in Superfund Records Management before assuming the position of Technical Services Librarian in May 1998. Sherryl's responsibilities include cataloging the library collection, providing interlibrary loan service, acquiring journal articles, and managing the Superfund Docket.

Marzeter Moore - Reference Librarian, LABAT ANDERSON, Incorporated (vmx 2-8123) Marzeter received her MLS from Rutgers University and has several years of library experience. Prior to coming to EPA, Marzeter has worked at the Atlanta-Fulton Public Library, Rutgers University Libraries, and the Washington Post News Research Center. Marzeter's responsibilities include reference and training users on library products.

<u>Thajura Harmon</u> - Library Information Technician, LABAT-ANDERSON, Incorporated (vmx 2-8125)

Thajura began working in the library field in 1985 when she worked as an assistant in her high school library. Thajura has been with the Region 4 library since 1994. Prior to coming to EPA, Thajura worked six years as a library assistant for Library Specialists working in legal and accounting firms. Her job duties include circulation, maintaining the Library's Public Information Center, ready reference telephone

1 of 2 7/28/99 2:45 PN

support, interlibrary loan support, and collection maintenance.

Zenobia Adams - Library Information Aide, LABAT-ANDERSON, Incorporated (vmx 2-8124) Zenobia has over eight years experience working in libraries. Before coming to EPA in 1998, she worked for the DeKalb County Public Library system, DeKalb College Library, and Georgia Tech. Zenobia's duties include reshelving of all library materials as well as support for collection inventory, interlibrary loan, materials processing, and circulation.

To: ANGELINA BLACKWELL at X400 To mailing list: #ORC Staff

c: Patricia Strougal abject: Law Libraries

Please be advised that there are 2 law libraries within

Please be advised that there are 2 law libraries within walking distance that EPA attorneys/paralegals may use:

1) U.S. Court of Appeals-11th Circuit 56 Forsyth St.

(go out front of building onto Forsyth St, turn left -past the 5 Points MARTA station- and walk approximately 2 1/2 short blocks). Library is on bottom floor. Hours: 8:00 a.m. to 4:30 p.m.

2) U.S. District Court- Richard Russell Bldg.
(behind us on Spring St) The Library is on the
23rd floor. The hours are 8:30 - 4:30, but closed from
11:30 to 12:30. The librarian has to close the library when
she is at meetings, etc. so you may want to call first to
make sure it is open. The ph number is 331-3744 and the
librarian's name is Mary Wilson.

REMINDER: Please do not print huge documents and law review articles off Lexis. Not only is it very expensive, but with limited printers available, it is tying up valuable printer time. With your federal employee ID, you can make free copies of documents at the above libraries.

Thank you, Kathleen D.

Subject: EAD Law Library Document Compendium

In case you were not aware....

The EAD Law Library maintains several document compendiums containing policy and guidance documents.

What's a compendium? you say. Well...basically it is a set of binders which contain documents, tabbed by number, and then entered into a searchable database for easy retrieval.

Compendiums are divided by statute. Our most popular sets include: the General Enforcement Policy Compendium, CERCLA Enforcement Policy Compendium, CAA Compliance Enforcement Compendium, the CWA Compliance Enforcement Compendium, and also the RCRA Compliance Enforcement Guidance Policy Compendium.

These volumes are continuously updated by our library aide, Glenda Pinckard. Please feel free to "donate" or pass along any important documents which would add value to our document collection to Pat Strougal.

If you would like to obtain a document, we can locate it for you by searching DB/Textworks by title, date, author, subject, etc.

DB/Textworks in not currently available on the LAN, but the document compendium as well as the library's catalog are installed on the public access terminal in the library. Click on the Inmagic DB/Textworks icon and begin searching for you cock.

If you'd like a little more "hands on" guidance in using our system, please come by the library and have one of our staff assist you in your search. Hopefully, we will have this option on the LAN after everyone settles in with their new computers.

Subject: Law Library Web Guide - Inroduction and Rollout

Introducing the Law Library Guide to the World Wide Web...

The EAD Law Library is pleased to announce a new Internet resource for accessing legal, environmental, and business information on the WWW.

Wanna cut to the chase? Here it is:

http://leep.lis.uiuc.edu/seworkspace/hturnbul/webguide/EADwebguide.htm

Wanna know more? Read on:

What's a web guide? you ask. Well, it is a site created for a specific audience (you guys) to introduce and organize established Internet links on a particular subject, at one easy access point.

What will I find on this webguide? Basically, what I have found to be the most reputable and user friendly Internet resources for the EPA attorney. Most of the links are governmental sites; there are quite a few state resources. I've linked to some of the vital areas in the EPA web site and I've provided my favorite areas for finding business information. There is also easy access to our sometimes neglected subscription services.

NOTE: This guide can be used from any Internet connected computer, so please remember this little piece of the Law Library when you're flexiplacing this summer.

Bookmark the following URL for easy access:

http:///reepshissuiuckedu/seworkspace/hturnbul/webguide/RADwebguideshtm

OK, the URL is really long, but I'll remind you once again about cutting and pasting these really long addresses into your browser window. This site started as a class project and still resides on a University of Illinois @ Urbana-Champaign server. Go Illini!

You can cut and paste this URL into your browser, then bookmark it for easy access.

TIP: To Cut and Paste: Highlight the above URL, by selecting it with your mouse. Once it is selected, press Ctrl and "C", or select the pull down Edit menu and choose "Copy". Then open your Netscape browser and place your cursor in the "Location" window. Delete what's there, and press Ctrl and "V", or select the Edit menu and choose "Paste." Hit enter and you will go directly to the site. See, no typos!

TEP: To Bookmark: Depending on the version of Netscape you are currently running, either find the Bookmarks pull down menu (Win 3.1) or press the Bookmarks button on your tool bar (Windows '95). Choose "Add Bookmark" and you will see the links page appear at the bottom of your list of bookmarks. From now on you can click on this bookmark to be taken directly to the site.

Hope this is useful. Please contact me with any questions.

Heather Turnbull x9690

Environmental Sources

...locating federal and state environmental materials

Now that the U.S. government has employed the Internet as its main form of information: dissemination, there are more sources than ever available with a point and click. The U.S. Environmental Protection Agency web site is no exception. The EAD attorney workload often requires interpreting the <u>U.S. Code</u>, <u>CFR</u>'s and case law. In administrative law there is also a need to examine guidance and policy documents. Also, environmental law is often governed by the states in which the environmental matter takes place.

Feel free to take a look at these key links within the U.S. EPA web site when searching for guidances, policies, and other EPA publications. Also a <u>state chart</u> is provided which should be useful for those interested in state agency activities or rules and regulations.

● Easy Links to EPA Information

Searching for EPA information, first try the <u>Search</u> function of the U.S. EPA web site. This is a good place to start if you have the exact title of the document. *Tip: put phrases in quotes.* Ex: "ambient air" or "lender liability."

EPA's Laws and Regulations http://www.epa.gov/epahome/rules.html

Agency Decisions

Environmental Appeal Board Office of Administrative Law Judges (ALJ)

Federal Register (updated daily, very easy to use. click on the calendar to find sections related to environmental regulation): http://www.epa.gov/fedrgstr

Policy and Guidances and Publications

OECA	OAR	Superfund Technical Pubs.	Locating Superfund Site Info	Browntields
OSWER-rules	OSWER -pubs.	Superfund General Pubs.	<u>USTs</u>	<u>Federal</u> <u>Facilities</u>
OPPT-Test Methods	OW pubs.	OW pol. & guid.	EJ pubs.	<u>Federal</u> <u>Facility Sites</u>
EPA Policy & Strategy Doc.	NEPIS	NSCEP	EJ pol. & guid.	SEP documents

Hotlines: http://www.epa.gov/region04/ejpgs/ejhotlin.htm
When in doubt, just ask. Hotlines can provide documents, research on a particular publication, or can advise of the timeliness of a dated publication. A typical hotline question could be, "has there been a new Storm Water Enforcement Strategy since 1994?"

Subject: Transition period in EPA/DOJ email

FYI

As you may be aware, DOJ is in the process of switching its email server from Groupwise to Microsoft Exchange. The transition should be complete soon after June 1st. In the meantime, you may experience some difficulty in sending email to DOJ. If you do -- you may want to rely on the fax machine.

Please remember -- until 6/1/99 use the following address for DOJ:

if John Doe were a DOJ attorney: jdoe@enr.usdoj.gov

After 6/1/99 use

again if sending to John Doe: jdoe@enrd.usdoj.gov

"enrd" represents the Exchange server and "enr" represents the Groupwise server. Despite this fact, the email sent from EPA to the Groupwise server is autoforwarded, if needed, to the Exchange server during the transition (so you don't have to keep track of who's on which server day-by-day).

Finally, note that this differs from how you would reach Mr. Doe on the Internet. His Internet address would be: john.doe@usdoj.gov
The Justice Department has emphasized in the past that this address is suitable only for non-confidential mail.

Happy computing,

Kevin

SUBMITTING A FOIA REQUEST?

WINGIFTIGURANT WPY112.11.08

The Freedom of Information Act (FOIA) is found in 5 U.S.C. Sec. 552, as amended, and the EPA regulations for implementing the FOIA are found in Title 40, Code of Federal Regulations, Chapter 1, Part 2. In an effort to assist you in preparing and submitting a FOIA request for copies of records held by EPA for the states of AL, FL, GA, KY, MS, NC, SC, and TN, we offer the following suggestions.

Send Your Request to:

FOIA Officer
US EPA, Region 4
Atlanta Federal Center
61 Forsyth Street, SW
Atlanta, GA 30303-3104
Phone (404) 562-9891 or FAX (404) 562-8054 or
Internet Address:

http://www.epa.gov/region4/foiapgs/foimenu.html

It is important that the letterhead or return address of "faxed" letters contain large print because small print is difficult to read. You should also realize that some clarity of the original letter is lost in transmission, so your name, address, and phone number should be readable. Help us to help you by ensuring that this vital information gets through the FAX machines. Also, when you send a FOIA request by FAX, please do not mail the original letter. Identical requests (one by FAX and one in the mail) usually results in EPA processing two separate requests, which may cause a delay. Sorry, but EPA cannot FAX copies of the information you request.

Simplify Your Request.

If you are requesting records for several sites or facilities, it's better to combine the requests into one. You need only state that you are requesting copies of records under FOIA to ensure that we will handle the request in accordance with the statutes and regulations. Your FOIA request is assigned to the persons who have custody of the records, who will review and evaluate the request for (1) an adequate description of the records sought, (2) whether payment of fees are guaranteed, and (3) readable information such as requester's name, address, and phone.

Be Specific and Detailed in Describing the Records.

Provide as much information as you can to help locate the records you request. If you know the Program Office and/or person's name who has custody of the records, please include that information in your letter. The major Program offices are Waste, Water, Air, Environmental Services, and Policy & Management. Include pertinent data such as the name of the site or facility, name of previous owner(s), location by state, county, and/or identification number, time period, and background. When requesting the "FINDS" list, specify the states and counties.

Give an Assurance of Payment for Providing Copies.

When you give an assurance of payment in your request letter, it saves time. If you do not guarantee payment of costs, your request could be delayed because EPA will have to contact you to get "assurance of payment". EPA charges 15 cents per page, plus computer production time, plus personnel search time for providing copies of records. If the total costs are less than \$25, we waive the fees, otherwise we are required to charge for actual expense. In some cases, fee waivers or reduction of fees are granted in the public interest, but they must be justified by supporting documentation. Should you want to limit your expenses to a certain amount, state that in your request. You will be billed when the requested records are sent. If the cost exceeds \$250, pre-payment is required.

Misdirected FOIAs

Sending your FOIA request to any other office may delay getting it to the right person. The FOIA Act requires that all FOIA requests be submitted to the FOIA officer. The FOIA office "logs in" the request by assigning it a unique identifying number called the "Requesters Identification Number" (RIN), which is used to track the FOIA request. After receiving and logging the FOIA request, EPA notifies the sender by mail that the request has been received and that EPA will respond within ten (10) working days from the date received. The FOIA request is assigned to the program office or offices having custody of the records.

You should reference the RIN number in all communications with the EPA.

ect: Re: Document Retrievals that Cost Money
----- Message Contents -----

Purchasing copies of public record documents has become more complex, since Headquarters' closure of all Regional Imprest Funds. In effort to simplify and expedite this activity, Cheryl McMenamin, the EAD Administrative Officer, is implementing the following procedure for all documents not related to Superfund Sites. Requests for Superfund Site Specific documents must be paid out of Superfund Site Specific funds that are administered by the Waste Management Division.

Always remember that all document requests require payment BEFORE the documents can be acquired. Give your document requests to the EAD Library staff. Please be sure to inform the staff of any monetary limitations, number of copies required, date copies needed, and any other requirements. Copies will be purchased by either Anne Waldorf's or Cheryl McMenamin's VISA Government Bankcards. In my experience, few if any, government offices, i.e. Secretary of State's, are set up to accept credit cards. Most will accept a money order or a check from an attorney admitted to the bar in that state or a government check. Believe, me I have been paying for records myself.... (Do we accept credit cards for FOIA documents??) Can Anne or Cheryl get a cash advance, then use the cash to purchase a money order? If not, I don't think we have solved the problem. kathleen

In some instances, the document provider may require a letter outlining the request. This letter will be written by the EAD employee requesting the documents.

If you have any questions, please contact Cheryl McMenamin at 562-9651.

Subject: Re[2]: Document Retrievals that Cost Money
----- Message Contents -----

In my earlier message, I referred to using a VISA government bankcard, because we are securing the services of document retrieval companies. Without an Imprest Fund, the choices are using a bankcard or preparing a purchase request. Most purchase requests cost the taxpayers about \$250.00 to process. It takes about 30 days before the requester receives the service. Document retrieval companies charge a reasonable fee for their services and usually provide the information within 5 working days or less. Rush service is also available. These companies do accept VISA government bankcards.

The purpose of my message was to STOP employees from using their own money to do government business. Once you write a check, I cannot reimburse your expenditure.

Ask the library contractors FIRST if it costs money to obtain your documents! This is one stop shopping. Lou Ann and I are coordinating on this process. Our goals are simplicity, timeliness, and cost effectiveness. If in doubt, ask the contractors.

Cheryl

ibject: Correspondence and Concurrence

····· Message Contents

I need to clarify a couple of correspondence requirements. These requirements will ensure that your documents go through the system as quickly as possible.

- 1. All civil settlements must have the concurrence of the Regional Counsel or the Deputy Regional Counsel. The Deputy Regional Administrator will not concur on a civil settlement without this concurrence. He will send it back to me.
- 2. All congressionals and controlled correspondence where EAD is the lead division and is to be signed off by the RA must be concurred upon by the Regional Counsel/Division Director or one of the Deputies. In addition, the Division Director's secretary must sign off on this correspondence for formatting sufficiency. The DRA will return this correspondence if this is not done. Please do not attempt to "hand carry" congressionals or controlled correspondence to the RA or DRA if you have not received concurrence from the Division Director or the Deputy or if the document has not been proofed by the division director's secretary. It will be returned by the DRA's secretary.

If in doubt as to what you should do, please ask the division director's secretary.

Thanks in advance for paying attention to these issues. It will save us all a lot of rework in the longrun.

MEMORANDUM

SUBJECT: Routing of Work Product to Regional Counsel

FROM:

Phyllis Harris Phylius P. Hullus Acting Regional Counsel

TO:

All ORC Employees

This memorandum identifies the work product that should be routed to me for my concurrence or approval, and supersedes all previous memoranda on this subject. Although the list below is intended to be comprehensive; there may be other matters that warrant my review. Please consult your section chief if you draft or review a particular work product which is not on the list but which you believe should be reviewed by me.

I. Final work products; program specific matters

Civil judicial referrals and pre-referrals.

Civil judicial consent decrees.

Recommendations to seek prosecutive assistance in potential criminal cases.

Federal Facility Compliance Agreements and Orders. Any work product addressed to the Administrator, the Assistant Administrators or the General

Counsel.

Correspondence controlled for my signature.

Congressional correspondence for which the Office of Regional Counsel is the lead.

Determinations whether an EPA employee should testify in civil proceedings where EPA is not a party and where the request is not from a state or local government.

Ethics opinions for ORC employees.

II. Administrative_documents1

Requests for personnel action (SF-52). Procurement requests for more than \$10,000. Travel authorizations in absence of the Branch Chief and Deputy.

¹ Please also route these documents through the Administrative Officer as appropriate.

Requests and timecards for leave without pay for more than five days, and for advance leave for more than three days.

I OI WAI A MCAACI	 	 	

Subject: Deadlines for Controls Author: Julia Mooney at REGION4

Date: 4/2/1999 10:23 AM

I have received several responses to controls recently for RA signature on the afternoon of the date due (it seems to happen most often on Fridays) which makes it extremely difficult for the letter to be reviewed/edited by myself, Dee Stewart, Stan Meiburg, and still meet the due date. Dee and Stan are extremely busy people and cannot be expected to drop whatever else they are doing to review correspondence at the last minute.

Please ask your staff folks to make sure that enough time is allowed for review and sign-off by everyone in the concurrence/signature chain including OEA/RA. This is especially important for HQ assignments; if the signed response is not faxed to HQ by COB on the due date we are late. Responses to controls are completed when signed, NOT on the date the writer gets it off his/her desk.

For the most part, everyone is doing a great job with controlled correspondence and I really appreciate the effort. Rarely has Region 4 been on HQ overdue report in recent months and I know if we all work together, we can keep it that way. Please just remind your folks to allow enough time for routing and signature.

ubject: Materials Needing to be Destroyed

If you have materials/documents that should be destroyed -- not just thrown in the trash (and it's too much for our shredder), you can box them up and we can have them sent off to be destroyed. The region is taking some boxes in the next couple of weeks.

These are the requirements I was given:

- 1. Must be white paper (documents must be taken out of binders).
- Remove staples, if possible -- but you don't have to remove all staples.
- 3. Boxes can be obtained, if needed.
- 4. Must complete a form indicating what types of documents are in the box being destroyed.

See me if you have anything to be destroyed.

November 1998

Page 1 of 4

EPA Travel Information Fact Sheet No. 99-01

HIGHLIGHTS AND NEW CHANGES FOR THE NATIONSBANK TRAVEL CARD

• Travel on November 29:

Employees in a travel status on November 29 should carry with them both their American Express (AMEX) and NationsBank cards. Employees must ensure that all expenses incurred on or before 6:59 p.m. (Eastern Standard Time) or 11:59 p.m. (Greenwich Mean Time) are charged to their AMEX card. All charges incurred thereafter must be charged to the NationsBank VISA card.

• ATM Fees and Surcharges:

There will be a 1.9% service handling fee applied to ATM withdrawal transactions made at NationsBanks (may be higher at other financial institutions). There will be no access surcharge applied to ATM transactions made at either NationsBank or Bank of America ATMs. ATM transactions conducted at non-NationsBank ATMs may incur an access surcharge for ATM withdrawals. These fees/surcharges will be reflected on the cardholders monthly statement. Be sure to include these fees/surcharges when preparing your travel voucher.

NOTE: NationsBank and Bankamerica Corp. merged. Both logos are recognized during the transition period.

• Late Payment Fees:

A late fee will be assessed on all accounts more than 120 days delinquent and each month thereafter. To avoid the late fee, please submit your travel voucher timely to your Servicing Finance Office (SFO). Payment of late fees is the responsibility of the cardholder. Cardholders who are experiencing problems with receiving reimbursement for authorized expenses (i.e. vouchers submitted to SFOs for payment), should contact their SFO for assistance.

November 1998

Page 2 of 4

• On-Line Review of Account:

Through NationsBank's Electronic Account Government Ledger System (EAGLS), cardholders can review their account information via the Internet site address (www.gov-eagls.nationsbank.com). A user ID and password are required to use the system and will be issued to cardholders between November 15 and 30.

• Travel Updates:

An EPA Web site has been created that will provide general information on implementation and answers to frequently asked questions (Q&A's). The Web site address is http://intranet.epa.gov/fmdvally/ccard.htm.

NationsBank also publishes a quarterly newsletter which will be available on-line via EAGLS.

Cards for New Employees:

For new employees, NationsBank Government Travel Card applications will be available after November 30.

Suspended and Canceled Account Guidance:

In compliance with Agency policy, if an employee's AMEX card has been suspended or canceled, a VISA card will NOT be issued.

All suspended or canceled accounts are subject to a one year suspension period (starting one year from the date that the outstanding balances were collected or paid back to AMEX or NationsBank). See reference 5 U.S.C. 5705 and the EPA Travel Manual. During this period, a traveler's privilege for receiving travel advances (through the Imprest Fund, Electronic Fund Transfer (EFT), or Treasury check) will be denied. As long as the traveler owes monies to either AMEX or NationsBank no relief will be granted.

november 1998

Page 3 of 4

• Suspended and Canceled Account Guidance (cont'd)

After one year from the date of repayment to AMEX or NationsBank, the employee may submit a written appeal through their supervisor/travel authorizing official to the Director of the Financial Services Division, Office of the Comptroller, explaining the circumstances and requesting relief to receive travel advances. The Director's decision will be based upon a finding that such relief is in the best interest of the Government.

Below are the delinquency periods and the related actions for delinquent NationsBank accounts:

Delinquency Period	<u>Action</u>
45 days	Initial letter to employee
60 days	Second letter to employee Letter to employee's supervisor Suspension of account
120 days	Cancellation of account

Note: If an account has been suspended twice during a 12-month period for non-payment of undisputed amount(s), the card will be canceled.

November 1998

Page 4 of 4

• Charge Card Abuse and Misuse:

Employees issued the Government Travel Charge card must adhere to policies without exception.

If the Agency Program Coordinator identifies abuse of the cash advance privileges through routine review of activity reports, the Supervisor of the cardholder will be contacted. Charge card abuse is when a traveler:

- o charges other than official travel expenses on their card;
- o obtains an ATM cash advance unrelated to official travel; or
- o pays undisputed bill charges late.

Travel Rates to Cover Tax By P.J. Shuey

Federal Times Staff Writer

For city-by-city per diem rate lists covering meals and lodging, check out this website: http://www.policyworks.gov/perdiem/
The federal government has stopped its long-time practice of forcing some inployees who travel on government business to pay a portion of their hotel ills out of their own pockets.

Effective Jan. 1, the government will reimburse travelers for all local taxes on hotel room charges.

Currently, taxes sometimes are not covered by reimbursement practices. That is because some hotels set their room rates at the precise amount the government will pay for a night's lodging.

In such instances, the local taxes tacked on at check-out are not reimbursed by the government. In some locales, hotel room taxes are as high as 13 percent.

reimbursement policies released Dec. 2 by the General Services Administration stipulate that actual room rates will be covered by lodging reimbursement allowances, and taxes will be covered separately as miscellaneous expenses.

Peggy Wood, deputy director of GSA's office of travel and transportation, said Dec. 2 that the government's failure to cover some hotel taxes as a reimburseable expense "has been a complaint for a long time."

The GSA per diem rates apply to travel in the 48 contiguous states and the District of Columbia. Based on annual studies by private consultants, the government rates are set each year to reflect local market costs for odging, meals and incidentals.

In San Francisco, for example, lodging can cost more than double typical hotel rates in Cedar Rapids, Iowa, and a summer room in Hyannis, Mass costs \$94 compared to \$72 in winter.

In addition to payment of local hotel room taxes, the government has created a new category of reimbursement rocks and eliminated reimbursement for some laundry and dry-cleaning expenses.

The per diem rates for hotel expenses are based on a system called lodgings-plus, in which employees are reimbursed for the actual cost of odging up to set limits.

In addition, employees receive a fixed amount, which does not vary seasonally, for meals and incidental expenses.

The third, or middle-season, rate applies to resort areas such as Palm Springs, Calif., and a few major cities such as Phoenix.

The third rate for lodging reimbursement, known as "nonseason," will be used in about a dozen cities and resorts.

Phoenix will have three rates of lodging allowance: January through April, \$106; May through August, \$62; and September through December, \$86. In Phoenix, the 1998 per diem from October through mid-May is \$106 and from mid-May through September, \$72.

Two areas - Atlantic City, N.J., and Kill Devil Hills, N.C. - will have four distinct seasonal lodging rates in 1999.

Wood said the addition of third or fourth seasons was made to reflect local costs.

"We were concerned about getting a fair market rate," she said.

The rates are established each year following a contracted study of travel xpenses, and this year's study, by the consulting firm Star Mountain Inc. of Alexandria, Va., reflected the need for a middle season, she said. Among other changes, the maximum daily rate for all meals and incidental expenses was raised to \$46, an increase of \$4 from the 1998 maximum.

The \$4 increase affects rates in 36 resort areas and in major cities including New York, Los Angeles, Chicago and Washington, D.C.

Laundry and dry-cleaning costs no longer will be reimbursed as incidental expenses for stays shorter than four days. For long-term travel of four days or more, laundry and dry cleaning can be included under miscellaneous expenses.

Reimbursement rates for locations outside the continental United States - Alaska, Hawaii, and U.S. territories and possessions - are set by the Defense Department.

Rates for international travel are set by the State Department.

Subject: Press and Congress@nal Policies

FYI - Attached are Region 4's Office of External Affairs' (OEA) policies on press and congressional inquiries.

I think several attorneys in our office have had some recent problem with OEA staff not taking the lead role that this policies seem to indicate they have. Please keep this handy or become familiar with them so you will be able to point out to OEA staff what they are supposed to do to help you out when you get a press or congressional inquiry.

EPA REGION 4

RESPONSIBILITIES AND PROCEDURES

- 1. All contacts with members of the U.S. Congress, congressional staff, or congressional committee staff should be coordinated with the Congressional and Intergovernmental Relations staff in the Office of External Affairs.
- 2. When calls are received from either members of Congress, their staff, or committee staff, the call should be referred to the Congressional and Intergovernmental Relations staff or to the Director, OEA. If this is not possible, OEA should be informed as soon as possible of the contact and the issue discussed.
- 3. OEA will work with regional program staff to ensure that appropriate protocols are followed in communicating Agency positions and formulating the best means of response to Congressional offices.
- 4. Staff should inform OEA of any scheduled meetings with Congressional members prior to their occurrence and should brief OEA upon their completion.
- 5. OEA coordinates legislative reviews and submits comments for the Region.
- 6. OEA should be informed of any major policy or regulatory developments or activities in order to appropriately inform congressional members.

Congressional Correspondence

Process: The Congressional and Intergovernmental Relations staff will log all congressional inquiries and assign to the appropriate Division office via controlled correspondence (in the case of written inquiries) or cc:mail (in the case of phone inquiries or e-mail). All written correspondence will be placed in a "Yellow" folder clearly marked Congressional Correspondence and hand-carried to the designated Division contact. Upon receipt, the Division will log and assign to the appropriate office/individual for response preparation.

Preparation: All correspondence to members of Congress is prepared for the signature of the Regional Administrator.

- Regional program staff should ALWAYS "hand carry" all correspondence directly to the Congressional and Intergovernmental Relations staff in OEA for immediate logging and tracking.
- Regional program staff should forward a diskette of all controlled correspondence to OEA and OEA will make any <u>minor</u> corrections in format or editorial changes.
- All correspondence should be proofread by Division staff for content, grammar,

- punctuation, typographical errors, etc. before it is routed to OEA.
- All major corrections will be returned to Division/Branch management for resolution.
- Congressional correspondence should be routed to OEA before and after going to the RA
 for signature. When routed to OEA, all correspondence packages will include enclosures,
 addressed envelopes for mailing of original letters, and addressed envelopes for mailing
 courtesy copies.
- The Office of External Affairs will mail all correspondence to the member of Congress, including background materials, and return official copy to the Division/Branch.

Time Limits: Correspondence to members of Congress, members of state legislatures, and governors should be prepared within 10 working days from the date of the Region's receipt of the correspondence.

Extensions: Any request for extensions should be made in writing (via cc mail is fine) to the Congressional and Intergovernmental Relations staff.

Format: Correspondence should adhere to EPA HQ and Regional Correspondence manuals (available upon request to OEA). Sample letters meeting these requirements are attached.

Content: Congressional letters should be responsive to the member and constituent's concerns and questions, and should include the following.

- Program staff should obtain needed information from the state/local environmental agency, and obtain names/addresses of contacts in other agencies, as appropriate, who may address the concern.
- Letters should be written in a factual, non-confrontational tone and should reflect regional or national policy.
- Letters should not mention the Agency's interaction or correspondence with another member's office.
- Letters should not include a copy of letters sent to another Congressional member.
- Letters should be limited to *two* pages. If additional information is considered necessary, it should be prepared as an enclosure.
- The opening paragraph should always begin with the phrase "Thank you for your letter of (date) from Mr./Ms and refer to the subject matter of concern
- No Division reference initials should be used at the top of the letter.
- The closing paragraph should conclude with "If I may be of further assistance, please feel free to contact the Office of External Affairs at 404/562-8327."
- All correspondence is directed to the "member" (not to a staff person) at his/her office in Washington, D.C., or their District Office, unless otherwise specified by the member's letter. NOTE: If a member's staff person is referred to in the letter, the envelope should be marked ATTN: (staff person's name).

EPA REGION 4

RESPONSIBILITIES AND PROCEDURES

The Office of External Affairs (OEA), Press and Media staff, is responsible for coordinating and executing official communications such as news conferences, news releases, print and broadcast interviews, opinion-editorials, guest opinions and responding to reporter inquiries. The Press and Media Relations staff is the primary focal point for all regional communications, conveying agency messages, and all other activities relating to the news media and press. OEA makes decisions concerning the appropriateness and content of media events, interviews, and press releases for the Region, working with Regional programs.

Responding To The Media

- □ 1. OEA is responsible for coordinating and overseeing all contacts with the media. The following steps will be followed for all media inquiries.
- All reporter calls received by staff will be transferred immediately to OEA. OEA will coordinate responses to media inquiries, including interviews, with program staff. OEA will accompany staff during interviews, as deemed appropriate by OEA. OEA 28327
- Senior managers will respond to media inquiries, as appropriate, and will inform OEA regarding the reporters name, news organization represented, and subject discussed.
- OEA will inform the Division Directors and the Deputy Division Directors, through cc mail or phone, of media inquiries pertinent to their Division.
- OEA will coordinate national issues with EPA headquarters as appropriate.
- □ 2. If staff is outside of the office and <u>completely</u> unable to route media inquiries to OEA, i.e., staff working in a field location, then the direct media inquiry may be addressed. The employee will notify their managers and OEA as soon as possible of the reporters name, news organization represented, and subject discussed. The following guidelines should be followed when speaking to press.
- Speak only about your area of responsibility. Don't speak for another EPA program, another agency, or anyone else.
- If you are unsure of EPA's position, politely respond that you will work to obtain a response in a timely manner.
- Be respectful of press deadlines.
- Assume that nothing is "off-the-record." Assume that anything you say will appear in print or on a broadcast.
- Use plain English. Avoid or explain acronyms and technical terms, and try to be patient if you have to explain an issue more than once.
- Do not answer inquiries about criminal investigations, these should be referred to OEA who will follow the appropriate procedures for informing the Criminal Investigations Division (CID).
- Pending decisions and enforcement actions are not public information. Don't speculate about possible EPA actions.

News Release Process and Time Line

The Press and Media Relations staff will prepare news releases and other such products using information supplied by program personnel. This process includes evaluating whether a news release should be issued (see attached *Criteria for When To Issue A News Release*).

☐ 1. Program Provides Information to OEA.

Program offices will provide background materials and other pertinent information, ten (10) days prior to scheduled press release (attached forms for program and enforcement related news releases may be used). There may be occasions when it may be impossible to provide this advance notice and OEA will work with the program office to expedite a release so that it can be issued in a timely manner.

☐ 2. OEA Drafts and Distributes Press Release for Internal Review.

The Press and Media Relations staff will use the information provided by the program office to draft a release. This process will be completed within four (4) days under normal conditions. Draft press releases will be sent electronically and in hard copy to: the program office contact; the legal contact (for any matter that is in litigation or where significant legal counseling issues have been identified) and the person quoted (if applicable).

All draft press releases will be routed with the attached draft press release sign-off sheet. OEA will not finalize a press release without appropriate management sign-off.

As appropriate, OEA will also coordinate the review of releases with other agencies, such as the Department of Justice in any mater enforcement or defensive, and with state agencies for joint state-federal actions. Division's are expected to coordinate with other programs and agencies, as appropriate, on all press releases.

☐ 3. OEA Finalizes.

The Press and Media Relations staff will incorporate technical comments, confirm that the release can be issued (check for management signature on draft press release), and obtain concurrence from the OEA Director.

☐ 4. OEA Distributes.

The Press and Media Relations staff will conduct targeted distribution of the news release to news organizations in the affected geographic area, trade press, and subscribers to the electronic mailing list. The press releases are also made available on Region 4's Internet home page. OEA provides electronic copies (hard copies where necessary) of releases to state and EPA contacts, including the technical and legal contacts, state coordinator, and congressional liaison.

Criteria for WHEN TO ISSUE A NEWS RELEASE

The Office of External Affairs, Press & Media Relations staff works with the program offices and Headquarters to inform the public of what is happening in the environment around them. One way of doing this is through a news release targeted to a specific audience. Because the ultimate use of a news release is determined by news organizations, our goal is to issue news releases that are newsworthy and are most likely to be used to inform the public.

The following criteria cover Region 4's policy for news releases related to both enforcement actions and program highlights. In the case where there is disagreement on issuing a news release, the Director of the Office of External Affairs will consult with the appropriate Division or Office director to make a final decision

PROGRAM HIGHLIGHTS

EPA issues news releases on a variety of topics related to our programs. Many news releases are triggered by a specific event, such as a public meeting or the award of a grant. News releases are also appropriate for announcing program achievements and successful partnerships in protecting human health and the environment. In general, we should issue a news release when EPA initiates, takes a major step in advancing, or brings to conclusion a matter that is of significant environmental impact and interest.

If you have an item that you think would be appropriate for a news release, contact the Press and Media Relations staff. They will assist you in deciding how and when to publicize it. For events that are related, such as awards given by a program to several facilities, OEA will generally issue one news release that covers all of them. This increases the overall newsworthiness of the release.

POTENTIAL TOPICS FOR A NEWS RELEASE:

- -recognize achievements, success stories, and awards
- -highlight partnerships with citizens, industry, or state/local/tribal organizations
- -announce compliance assistance opportunities
- -provide information on new regulations or policies
- -announce attainment of standards
- -announce permits or changes in permits
- -announce grant awards
- -provide the status of a site cleanup (start and completion of removals)
- -announce a state, local, or tribal agreement
- -provide public service announcements or advisories
- -announce public meetings, workshops, and information sessions
- -matters in litigation

NOTE: Issuing a news release does not fulfill the legal requirements for public notice. A news release may or may not be used by news organizations.

In addition to covering Region 4's activities, the OEA Press and Media Relations staff also issues news releases that provide a local angle on certain national releases from Headquarters and publicizes visits

and media events.

EPA does not issue news releases for routine activities that are part of the government's daily business or for internal matters. For example, we would not issue a news release for the following types of activities:

- -routine meetings with state agencies
- -routine progress on a superfund site cleanup
- -internal reports or documents

News Release Guidelines for Enforcement Actions

Region 4 initiates and completes a high number of enforcement actions each year. While news organizations will not cover all of the actions, many are newsworthy and should be publicized. The following criteria help determine the level of publicity for enforcement actions based on the public's interest in an action, the likelihood that news organizations will cover it, the impact that publicizing the action will have in educating the public and preventing other violations, and the impact of the violation on human health and the environment. Additionally, all matters that have been referred to the DOJ must have DOJ approval prior to the distribution of any press release.

A NEWS RELEASE CANNOT BE NEGOTIATED (EPA Hqs Policy): "It is against EPA policy to negotiate the Agency's option to issue press releases, or the substance of press releases, with parties outside of EPA, particularly those parties involved in settlements, consent decrees or the regulatory process." News releases should mention the environmental result desired or achieved by EPA's action. News releases and other publicity must receive high priority in all reviewing offices.

Checklist for INITIATING A NEWS RELEASE

Our goal is to provide as many facts as possible in a news release that would be of use to the media and of interest to the public, and to make this information available in a timely fashion. The checklist below explains the type of information the Press and Media Relations staff generally needs to draft a news release. Employees can fill out the information blanks on the checklist and send it to OEA either on paper or electronically to initiate a news release.

•	Ten Day Advance Notice Information should be given to the Press and Media Relations staff at least ten days ahead of the projected release date. Of course, for urgent situations where it is impossible to provide this advance notice, the Press and Media Relations staff will work with the program office to expedite a release so that it can be issued in a timely fashion.			
	Projected release date:			
•	Technical and Legal Contacts The contacts provide information to the Press and Media Relations staff, obtain program/legal concurrence on the release, and respond to questions from the media and the public. The news release includes the contact names and telephone numbers.			
	Technical contact:	Telephone:		
	Legal contact:	Telephone:	(for	
	enforcement actions)			
•	Basic Facts You may either send the Press and Media Relations staff a copy of materials which contain this information (such as a draft enforcement action, report, or fact sheet) or fill out the blanks for the type of news release indicated; program highlights or enforcement-related.

Normal

Folks, please correct TAB 29A in the Green Binder as you read this. (We can thank Dusty for this)

THe corrections are from Tesa King, as of today.

Document: "Procedures for Use of the GSA Vehicle"

Paragraph: #3

Correct "The Vehicle Card Number" to 72145 (not 4704)

Correct "the credit card" number to 06375 (not 004704)

If you note any other errors in this memo, let's lobby for a corrected memo from the source (Facilities Branch?)

THANKS FOR your cooperation in advance. TCH

PROCEDURES FOR USE OF THE GSA VEHICLE

GENERAL INFORMATION

The automobile assigned to EAD is a 1998 burgundy Ford Contour, license tag number G12-06375. The car is located on level 1 of the AFC parking garage, in space number 48. When not in use, the vehicle should always be parked in its assigned space.

PROCEDURES

A two-part log, consisting of a calendar and mileage record, will be maintained by Tesa King. The initial request for use of the vehicle may be made verbally, via cc:mail, or voice mail message. If the automobile is available, the requestor will be asked to stop by the front office to pick up a Supervisor Approval Form (SAF). The SAF includes the name of the requestor, days and approximate time the vehicle will be taken out and returned, the purpose of the trip, names of any additional passengers, and whether the car will be taken home overnight before or after the trip, or picked up the day of travel. The SAF also requires traveler and manager signatures. Once the form has been completed, it should be returned to Tesa for her records.

On the departure date, the traveler will see Tesa for the keys and credit card. The tag number and access code for the garage are shown on the outside of the credit card holder. There are 3 important documents inside the holder. On the right side, you will see the Fleet Services credit card. The Vehicle Card Number is 4704. Please remember to prefix this number with 2 zeros when using the credit card (004704). On the left side of the holder are two information items, a green card listing the GSA Accident Procedures and behind it, a yellow "Vendor Maintenance Procedures" card. Each of those cards instruct the traveler to contact GSA but, Marvin Simmons, the Facilities Management Fleet Services Manager, has asked the Vehicle Coordinators to inform employees to also call Marvin, at extension 28144, once emergency personnel have been notified.

Inside the vehicle, under the sun visor on the passenger side, is a "Dos and Don'ts" list which includes "no eating, drinking, or smoking allowed in the vehicle". There is a laminated card with emergency instructions located in the door pocket on the driver's side of the car and also an "EPA" sign in the right door well for parking purposes. A first aid kit is located in the trunk of the car. An envelope containing an Accident Report can be found in the glove compartment.

Before returning the vehicle to the garage, the traveler is asked to bring the automobile back with a full tank of gas and, to record the ending mileage which will be given to Tesa along with the keys. Any damage to the vehicle, or maintenance problems, should also be reported to Tesa at that time.

OVERNIGHT USE OF THE AUTOMOBILE

If an individual is taking the vehicle home the night before or after a trip, that information **must** be included on his/her Travel Authorization (TA). It is the traveler's responsibility to provide the necessary justification for overnight use of the vehicle. Once the TA has been approved, and a DCN number assigned, a copy of the TA must be given to Tesa, who will attach the TA to the traveler's SAF.

Should you need an automobile for a 1-day trip, and EAD's vehicle is not available, Tesa will contact Marvin and ascertain the availability of his vehicles. MARVIN CANNOT RELEASE HIS VEHICLES TO OTHER DIVISIONS FOR TRIPS LONGER THAN ONE DAY, e.g., out in the a.m. and return p.m. of the same day or, driven home overnight and brought back the next day. If Marvin has a vehicle EAD can utilize, and the car is being taken home overnight, a copy of the traveler's SAF and TA must be given to both Marvin and Tesa for their records. Since each division has the responsibility for maintaining automobile logs, this will ensure that Marvin and Tesa have the proper documentation should there be an audit. This manual system will be used until the Office of Personnel Management automates an audit accessible log.

If you have any questions, please contact Tesa King, extension 29501.

NEW GSA VEHICLE RESERVATION POLICY FOR EAD VEHICLE

• For governmental travel, the Division has been given 1 GSA vehicle. This vehicle is for local, overnight and multi night travel. Driver needs to obtain the vehicle's keys from the divisional contact. At the end of the trip, the driver needs to return the vehicle to the proper parking place with a full tank of gasoline. Also the driver must return the keys, gasoline receipts and report the vehicle's mileage and any needed repairs to the divisional contact. If any damage occurs or repair to the vehicle is required during the trip, the driver must contact Marvin Simmons, Facilities Management, at x28144 for guidance.

Contact (on interim basis) Valerie McGuire via cc-mail for use of this vehicle.

• Facilities Management has GSA vehicles for overnight (1) stays and local travel only. The vehicle must be returned to Facilities Management's contact.

Contact Marvin Simmons via cc-mail for use of this vehicles.

• If a GSA vehicle is not available from the above sources then a rental vehicle or POV are options.

July 7, 1998

SUBJECT: Policy on Use of Government Vehicles Between

Work and Home

FROM: Michael V. Peyton

Assistant Regional Administrator Office of Policy and Management

TO: All Employees

This policy sets forth guidance for supervisors in making determinations that field work requires that employees use a government vehicle between work and home. There are some instances where it is appropriate for employees to take a GOV home the night before officially authorized travel begins and returning the GOV the next business day after the authorized travel ends.

The use of a Government vehicle for home to work transportation can be authorized by a Branch Chief when (1) the GOV is to be used in conjunction with an approved travel authorization and (2) only to the extent that such use would obstantially increase the efficiency and economy of Government, determined by the Branch Chief. Efficiency and economy can emonstrated by showing a substantial increase in the saving employee time and/or agency travel costs. The comfort and convenience of the employee is not an appropriate basis for authorizing use of a GOV for home to work transportation.

In accordance with the policy stated above Branch Chiefs can authorize the use of GOV between work and home for ANY employee when there is an Official Travel Authorization. The use of the GOV must be in conjunction with and documented on an approved Travel Authorization. The documentation on the Travel Authorization is in addition to the audit accessible log which must be maintained in each authorizing office.

An audit accessible log must be maintained in the Branch and must include the Branch Chief's determination, the name and title of the authorizing official, the GOV Tag number, the date(s) of travel, the itinerary including starting point and destination, and a statement of the circumstances which justify the efficiency and economy to the Government. These logs will be maintained by the Branch and will be reviewed annually by the Division Director.

In all cases, employees must have a properly documented Travel Authorization to use GOV between work and home. OPM is whing on an automated system for the audit accessible log. se maintain a manual system until the automated system is lable.

MEMORANDUM

SUBJECT: EPA Region 4 Government Owned Vehicle (GOV) Fleet Policy

FROM: Michael V. Peyton, Assistant Regional Administrator
For Policy and Management

TO: All EPA Employees

- I. General: 1. All policies and procedures must conform to existing General Services Administration (GSA) regulations and/or any guidance provided by EPA Headquarters.
- 2. All policies and procedures will incorporate provisions of the Clean Air Act of 1997, in an effort to help reduce toxic emissions into Atlantas atmosphere and set an example for other Federal Agencies and private concerns to follow.
- All vehicles used by Region 4 will be secured on a government from GSA. Commercial leases or purchases must be approved by h. quarters prior to being consummated.
- II. Purpose: 1. To define policies, procedures and responsibilities relative to all Region 4 vehicles assigned to both the Facilities Management Section or the respective Divisions. A breakdown of the vehicle distribution as of March 31, 1998 is attached as Enclosure I.
- 2. To establish consistency in the use of Region 4 vehicles to include the purpose of using the vehicle, maintenance procedures, housekeeping responsibilities (smoking policy, cleanup, etc.), instructions on the use of th accompanying credit card; the code for entrance and exit; procedures to follow in an emergency, etc. and replacement.

III. Use of the Vehicles:

- 1. Facilities Management Section (FMS) Vehicles: FMS vehicles are to be used solely for local travel and short trips, not to exceed o evening away from the Federal Center. If a trip will keep the traveler away for more than one night: the traveler will use either a Division vehicle, their ow vehicle, public transportation or secure a rental car. In all cases, appropria approvals, e.g. quick trip permit, TA, etc., are required.
- 2. Division Vehicles: Division Vehicles can be utilized for local travel, short trips and trips which will last for more than one evening, e to hazardous waste sites, conferences etc. Each Division will establish c. r own procedures for reservation.
- 3. It is strictly prohibited for any GOVs, Facilities or Division to remain overnight at any employees residence. Vehicles must be housed in the AFC Parking Garage, at the temporary duty site, or en route to the

temporary duty site.

4. Miscellaneous:

- (A). There will be absolutely no smoking in any GOV.

 Lare will be no exception to this policy. If driver or passenger want to smoke they must exit the vehicle. Violators will be subject to disciplinary action, t include the loss of driving privileges.
- (B). Seatbelts/lapbelts will be worn at all times that the vehicle is moving. There will be no exception to this policy. Violators will be subject to disciplinary action to include possible suspension of driving privileges.
- (C). Vehicles will not be returned with less than 1/4 of a tank of gas. Vehicles should be refueled upon return if there is less than tank of gas remaining.
- (D). Vehicles will be cleaned upon return. All extraneous papers, trash, and other refuse will be removed. If there is mud or other such grime the user cannot remove, the user will contact the vehicle coordinator ASAP to inform him/her of the problem.
- (E) Vehicle users may park their POV, at no charge, only in the space vacated by the GOV. At no time will the POV be parked in another parking garage space. Hence, if an employee will not immediately begin their travel, they must find other suitable parking for their own vehicle outside the garage until such time as they begin their travel, or pay for daily racking in the AFC garage.
- (F) Fleet vehicles will always be returned to their assigned parking space. Failure to do so without justification could possibly result in the loss of driving privileges.
- garage attendants will be tolerated. Such abuse, if documented and supported, may be a basis for suspension or revocation of fleet driving privileges.
- (H) Fleet vehicles are to be used only in connection with official duties. Vehicles may be used to travel to temporary duty sites and if necessary travel a short reasonable distance for meals. Vehicles will not be used to do such things as drop off children at day care, pick up laundry, drive 20 miles to a preferred restaurant, or any other non-business type activities.
- (I) Locally, vehicles will not solely be checked out to go to lunch, carry visitors to evening meals, or other non-business related establishments.
- IV. Use of Alternative Fuel Vehicles (AFV): As the nations leader in cleaning up and maintaining the countrys environment, including the air we breathe, it is EPAs mandate to set the example by which others should follow. As such, Region 4 will make every attempt to use Compressed Natural Gas (CNG) vehicles and electric vehicles (EV) wherever physically and financially possible. The lack of range of EVs and the dearth of refueling stations for make it necessary to use such vehicles for local trips only.
- A will continue to lease dual fuel vehicles for the Facilities fleet and will consider EVs and CNGs as vehicles are replaced in the future.
- V. Reservation Procedures: Reservations of Facilities vehicles must be made through the Facilities Fleet Coordinator. Reservations should be made

less than two weeks before trip by cc:mail. Confirmation (or Denial) of reservation and vehicle identification will be made by cc:mail.

l Divisions located at the AFC will establish their own method of rving the Division vehicles. Copies of the Division procedures are attached your information.

When picking up the keys to the reserved vehicle, the employee must complete the log book maintained by Facilities Fleet Coordinator. The log entry will include: Names of driver and passengers; date and time picked up; estimated date and time of return; vehicle tag number; and destination and purpose of trip.

VI. Accidents and Traffic Violations

- 1. Traffic Violations: Any EPA employee who is issued a traffic citation when driving a GOV is responsible for paying the fine and/or going to court to contest the charge. EPA will not pay the fine, nor provide any legal assistance. Any citations are considered personal and not business related.
- 2. Accident Reporting: When involved in an accident, personal and passenger safety is the first and foremost concern. Call 911 to report the accident and to request medical support if necessary.

If the vehicle is drivable, return to the AFC, and fill out a Standard Form 91, Motor Vehicle Accident Report found in the glove compartment of your GOV. If the car is not drivable remove a copy of the SF-91 before the vehicle is towed. If the glove compartment is not accessible, you may acquire py of the SF-91 from the Facilities Fleet Coordinator in Facilities agement Section. Please contact the Facilities Fleet Coordinator as soon as possible following an accident, either at the site or upon return to the AFC.

- VII. Acquisition and Replacement of GSA Vehicles: All trade-ins and new acquisitions for the fleet of EPAs GOVs will be handled by the Vehicle Manager in the Facilities Management Section.
- VIII. SESD Fleet: The Science and Ecosystems Support Division (SESD) located in Athens Georgia, maintains a separate fleet of passenger as well as special use vehicles. All usages of their respective vehicles must comply with GSA guidelines and this Regional policy. However, SESD will be responsible for developing their own local procedures to supplement this policy as necessary.

MEMORANDU

TO: Pam Urban, Delivery Order Manager FROM: Tamara Goosby, Information Specialist II

THRU: Debbie Jourdan, AR Coordinator

RE: APPROVED COPYING SERVICES FOR ADMINISTRATIVE RECORDS

HARD COPY (If AR is on microfilm, hard copy is not available)

The following are copying services that have been contacted and references checked. They each provide FREE PICKUP & DELIVERY, 24 HOUR SERVICE and QUALITY WORK. Their names and phone numbers may be given to customers who want to have Administrative Records copied (off-site) beyond the 25 free pages available at EPA:

1) CopyZExpressed 404/724-0250

Contact: Steve Jones

 DOCUPRO, INC. 404/525-5559 Contact: Randy Badu

3) IKON OFFICE SOLUTIONS 404/589-8100

Contact: Tyrone Robin 5

4) ON-SITE SOURCING, INC.

404/873-2727

Contact: Scott Polinski

MICROFILM (Only for AR's which are on 16mm microfilm)

Requestor contacts vendors, listed below, to obtain best price on shipping, handling and pick up fee for the AR (s) on microfilm (silver duplicates used for microfilm to microfilm copies, diazo used for microfilm to hard copies)

1) ACS INTEGRATED DOCUMENTS SOLUTIONS

770/419-7070

Contact: Bill Headrick

2) RECALL/TOTAL INFORMATION MANAGEMENT

770/729-8594

Contact: Sherry Zwickel

4)*MANAGEMENT CONTROL METHODS, INC.

770/934-5783

Contact: David Insull

*Indicates microfilm blowback, (hard copy from diazo microfilm) microfilm capability. Update #27

<u>MEMORANDUM</u>

SUBJECT. Tracking of SBREFA Information Sheets

FROM: Bill Bush, Office of CERCLA Legal Support South

Rick Leahy, Office of CERCLA Legal Support North

Anita Davis, Cost Recovery Section

TO: Staff, Cost Recovery Section and Offices of CERCLA Legal Support

The purpose of this memorandum is to outline a new procedure for tracking the dissemination of information sheets to small businesses pursuant to the Small Business Regulatory Enforcement Fairness Act (SBREFA). On August 31, 1999, Barry Breen, Director of the Office of Site Remediation Enforcement, issued a memorandum requiring the Regions to disseminate beginning October 1, 1999 information sheets to small businesses at the time of an initial enforcement contact. The information sheet is intended to inform small businesses of their rights to comment to the SBREFA Ombudsman about EPA enforcement activity. (Please see the August 31 Breen memorandum for more details). In addition, the Regions are expected to track the number of information sheets handed out. We also anticipate that we will be asked to keep track of the recipients of the information sheets, the sites involved and the initial enforcement contact giving rise to the dissemination of the sheets. As a result, we have devised the procedure set forth below to track this information.

In the Superfund context, the "initial enforcement contact" giving rise to the dissemination of the SBREFA information sheet will be in the vast majority of cases the issuance of the first notice letter to a PRP. If you have questions concerning the other activities that may constitute an enforcement contact as described in the August 31 Breen memorandum, please consult with your supervisor. As you should know, the Cost Recovery Section currently inputs information into CERCLIS regarding the recipients of all notice letters (general and special). Paula Bachelor is currently performing this task. EPMs are responsible for ensuring Paula receives this information. However, if an EPM is not assigned to a case and an attorney is working with an OSC or RPM on issuing notice letters, the attorney should provide to Paula a copy of the notice letter and PRP list.

The EPM or attorney, as the case may be, while providing to Paula a copy of the notice letter and PRP list, should also be able to satisfy these new tracking requirements for the

SBREFA information sheets. To do so, the following procedures should be followed:

- 1. If not already created, prepare a WordPerfect file of the PRP list for the notice letter. Designate on the PRP list the site name and date and title of the notice letter.
- 2. Also designate on this PRP list which PRPs are receiving the SBREFA information sheet (e.g., by placing an exterisk by the name of those PRPs who may be a small business).
 - 3. Transfer this WordPerfect file to Paula either electronically or on a disk.
- 4. In exchange, Paula will give you the exact quantity of SBREFA information sheets that you need to include as an enclosure in the notice letters. Please note that these information sheets will be numbered so that she can keep count of the number of sheets disseminated. As a result, only include in your package the original information sheets (not copies) and return to Paula any information sheet not mailed. You will be able to tell an original from a copy because the original information sheets are double-sided and printed in blue ink.
- 5. Paula will then maintain this information thus alleviating staff of the need to respond to future requests and search records.

Please let us know if you have any questions or experience any problems with implementing this new procedure.

4EAD

MEMORANDUM

DATE:

September 27, 2000

SUBJECT: Process for Setting Up CERCLA Accounts Receivable

FROM:

Tom Hernandez, Paralegal Specialist

Office of CERCLA Legal Suport (South), EAD

TO: Offices of CERCLA Legal Support (North/South), EAD

The purpose of this memorandum is to summarize revised procedures for the establishment of Superfund accounts receivable through Tom Hernandez. This memo is intended to be a brief summary, but the original memorandum from Mike Peyton dated August 17, 1999, and entitled "Revised Standard Operating Procedures-Accounts Receivables" is available from Tom if any attorney desires more information in any given circumstance.

NOTE: The CERCLA Enforcement Section is responsible for setting up accounts receivable based on oversight costs billings.

1. Allow Tom Hernandez to set up a "tickle file" on your behalf so that Administrative Orders that are pending with the Superfund Program or have an unexpired comment period in the <u>Federal Register</u> can be tracked. All Tom needs in order to provide this service is the name of the Site and type of administrative Order (a draft or signed copy is also helpful), and he will diary the matter for "x" number of days to follow up with Paula Batchelor in the CERCLA Enforcement Section.

Administrative examples include:

- . Administrative cost recovery agreements
- . De minimis settlements
- . Prospective Purchaser Agreements
- . RI/FS or removal AOCs with a past cost component
- . Final administrative penalty assessments
- 2. Whether or not a tickle file is set up, please provide two copies of the FINAL "source document" (e.g., signed consent decree) to Tom Hernandez so he can set up the accounts receivable within three business days of EAD's receipt. One of these copies will be taken to Peggy Whitney in FMS (Financial Management Section), along with the form referred to in Section 3 below.

Please ensure judicial documents are <u>date stamped</u> on top of the front page to document date of receipt.

Judicial examples include:

- . Entered Consent Decrees
- . Final court judgments
- . Bankruptcy Settlements ...
- 3. Tom Hernandez will maintain a logbook noting when the completed accounts receivable control number form(s), along with the source document(s), was/were taken to FMS. He can provide a copy of the completed two-sided form, which starts the process of setting up an account receivable, at the request of the attorney.
