The ICIS Resource

ICIS provides web access to enforcement and compliance assurance data for EPA and State Agencies. The ICIS infrastructure encompasses several data environments:

- ICIS Production
- ICIS Pre-Production (Test)
- ICIS Development (Stage)

ICIS Production is the environment that allows users to perform their day-to-day tasks.

Location: <https://icis.epa.gov/icis>

For more information contact the ICIS Help Line at 202-564-7756 or at ICIS@epa.gov

ICIS Pre-Production (Test) consists of the following two Environments:

ICIS Test is a valuable resource for entering data to research an issue or test fixes to ICIS data before they go into production.

Location: <https://icistest@epa.gov/icis>

For more information contact the ICIS Help Line at 202-564-7756 or at ICIS@epa.gov

ICIS Batch Test is used for development and testing of electronic submissions to ICIS.

Location: <https://icistest3@epa.gov/icis>

For more information contact Alison Kittle at 202-564-6233 or at kittle.alison@epa.gov.

ICIS Development (Stage) is reserved primarily for training new and existing users on ICIS and NetDMR functionality.

Location: Booz Allen and Hamilton

For more information contact Catherine Bius on 214-665-6456 or at bius.catherine@epa.gov.

This “**ICIS Resource**” is a quick reference guide that provides ICIS Users with important contact information and information at a glance covering tools available to assist ICIS Users.

Customer Support is available at ICIS@epa.gov or at (202) 564-7756.
