OFFICE OF THE ADMINISTRATOR  
SCIENCE ADVISORY BOARD

EPA-SAB-RSAC-CON-01-001

Honorable Christine Todd Whitman  
Administrator  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW  
Washington, DC 20460

Subject: Notification of a Consultation on Office of Research and  
Development's National Program Director Program

Dear Governor Whitman:

The Research Strategies Advisory Committee (RSAC) of the EPA Science Advisory Board (SAB), met on March 7, 2001 to conduct a consultation with staff from the Office of Research and Development (ORD) on the National Program Director's Program in ORD with a special emphasis on obtaining, evaluating and using science from all sources.

The SAB has developed the consultation as a mechanism to advise the Agency on technical issues that should be considered in the development of regulations, guidelines, or technical guidance before the Agency has taken a position. A consultation is conducted under the normal requirements of the Federal Advisory Committee Act, which include advance notice of the public meeting in the Federal Register. As is our customary practice, there will be no formal report from the SAB as a result of this consultation, nor do we expect any formal response from the Agency. However, because RSAC finds the program to be an excellent one it is preparing a commentary for your consideration.

Sincerely,

/S/

Dr. William H. Glaze, Chair  
EPA Science Advisory Board
